Imperial Beast Fables Kaori Nagai, 2020-07-28 This book coins the term imperial beast fable to explore modern forms of human animal relationships and their origins in the British Empire Taking as a starting point the long nineteenth century fascination with non European beast fables it examines literary reworkings of these fables such as Rudyard Kipling's Jungle Books in relation to the global politics of race language and species The imperial beast fable figures variably as a key site where the nature and origins of mankind are hotly debated an emerging space of conservation in which humans enclose animals to manage and control them a cage in which an animal narrator talks to change its human jailors and a vision of animal cosmopolitanism in which a close kinship between humans and other animals is dreamt of Written at the intersection of animal studies and postcolonial studies this book proposes that the beast fable embodies the ideologies and values of the British Empire while also covertly critiquing them It therefore finds in the beast fable the possibility that the multitudinous animals it gives voice to might challenge the imperial networks which threaten their existence both in the nineteenth century and today

exceptional valuable original study presenting new materials on aspects of Lear's life and work Jenny Uglow author of *Mr Lear and The Lunar Men* Edward Lear wrote some of the best loved poems in English including *The Owl* and *the Pussycat* but the father of nonsense was far more than a poet He was a naturalist a brilliant landscape painter an experimental travel writer and an accomplished composer Sara Lodge presents the fullest account yet of Lear's passionate engagement in the intellectual social and cultural life of his times Lear had a difficult start in life He was epileptic asthmatic and depressive but even as a child a consummate performer who projected himself into others affections He became by John James Audubon's estimate one of the greatest ornithological artists of the age Queen Victoria an admirer chose him to be her painting teacher He popularized the limerick set Tennyson's verse to music and opened fresh doors for children and adults to share fantasies of magical escape Lodge draws on diaries letters and new archival sources to paint a vivid picture of Lear that explores his musical influences his religious nonconformity his relationship with the Pre Raphaelite movement and the connections between his scientific and artistic work He invented himself as a character awkward but funny absurdly sympathetic In Lodge's hands Lear emerges as a dynamic and irreverent polymath whose conversation continues to draw us in

by offering new interpretations of pedagogical mechanisms employed within important literary works from the seventeenth century to the present and of cultural phenomena like colonial interpretations of the Australian lyrebird's song. The volume also offers pieces inspired by Gardiner such as poetry art translation and creative non-fiction as well as three unpublished lectures by Gardiner himself.
