Marketing W/PowerWeb Michael J. Etzel, Bruce J. Walker, William J. Stanton, 2001. Etzel Walker Stanton's *Marketing* 12th Edition will continue to be a low-cost alternative in a paperback format, now including free access to PowerWeb. It incorporates technology throughout in text and boxed examples, chapter opening cases, and part-ending cases. This book was the first to incorporate WWW addresses, and in this edition, the authors go well beyond that with an in-depth look at how companies are making technology an important part of their successful marketing strategies. The authors have also made it a priority to integrate other important and current themes such as global marketing, customer relationships, small business, and entrepreneurship. In this edition, the global marketing chapter was moved to the first part of the book, chapter 3, to introduce its importance early. Global examples and coverage are then integrated throughout. This edition offers a completely new design, a revised supplements package, a new interactive web page, and a special package with Annual Edition online.

This text also teaches the cost effectiveness of developing brand relationships, managing the ongoing dialogue between buyer and seller, and how to truly integrate the consumer into Business to business marketing vs. Business to consumer marketing, B2B and B2C.

Anecdotes and stories effectively communicate the relevance and excitement of OB by bringing abstract concepts closer to reality. The new and improved 2nd Edition features such hot topic areas as workplace bullying, adaptive cultures, personal career development, further developments on appreciative inquiry, executive coaching, drum circles, a new model of active listening, and workplace romance, plus many more.
