Bell, H. Idris Bell, 1948 **The Great Arab Conquests** Hugh Kennedy, 2010-12-09 A popular history of the Arab invasions
that carved out an empire from Spain to China Today s Arab world was created at breathtaking speed Whereas the Roman
Empire took over 200 years to reach its fullest extent the Arab armies overran the whole Middle East North Africa and Spain
within a generation They annihilated the thousand year old Persian Empire and reduced the Byzantine Empire to little more
than a city state based around Constantinople Within a hundred years of the Prophet s death Muslim armies destroyed the
Visigoth kingdom of Spain and crossed the Pyrenees to occupy southern France This is the first popular English language
account of this astonishing remaking of the political and religious map of the world Hugh Kennedy s sweeping narrative
reveals how the Arab armies conquered almost everything in their path One of the few academic historians with a genuine
talent for story telling he offers a compelling mix of larger than life characters battles treachery and the clash of civilizations
