**Illusion Of Progress in the Arab World** Galal Amin, 2006-04-01 With the razor pen and keen intellect that have won him numerous loyal readers for his previous books Egyptian economist Galal Amin here takes on the terms of the debate between the Arab world and the west Amin deconstructs in his own inimitable style the language and underlying assumptions with which the west habitually assails Arab countries and politics He applies his sharp wit and powers of observation to notions of freedom democracy human rights terrorism of course and more all of which fare the worse for falling under his gaze In Amin s view the western concepts of progress and backwardness as they apply to the Arab world are wrong headed and continuing to deploy them as theoretical tools leads into all sorts of blind alleys True to form Amin s analysis is laced with scholarly research much humanity and sly subtle humor His critique of the much discussed UNDP Arab Human Development Report represents a welcome and reasoned Arab reply to this document that has been too frequently used as a cudgel to bash the Arab world Accompanied by the gently humorous illustrations of Samir Abd al Ghani The Illusion of Progress in the Arab World is a deftly argued critique of the way Arab societies are judged by the west

**THE EVOLUTION OF THE GOD ILLUSION** Ir. Jim K K Wong, 2012-06-16 As one may have read Cicero in The Nature Of The Gods ancient people were vivid observers of the sky and the celestial bodies because of their livelihood they were mostly engaged in agriculture and animal husbandry The cycles of nature and seasons were the most important factors affecting farming civilizations The brilliant stars Jupiter Saturn Venus and the zodiac were also objects of great interest These heavenly bodies were regarded as deities even by learned philosophers Cicero and Socrates had a field day demolishing these strongly held prevailing ideas One popular god illusion of the West and Middle East began with patriarch Abraham who was an astronomer from Mesopotamia He studied Jupiter avidly and could predict its behavior which he used it to his advantage in his migration to the Fertile Crescent and in his encounters with hostile inhabitants Abraham had the delusion that Jupiter Yahweh was a deity who could be depended to assist him in troubled times The Yahweh Delusion was

passed down from Abraham to son Isaac and grandson Jacob Jacob's 12 sons migrated to Egypt multiplied and eventually became slaves Moses a pariah Egyptian prince became the rebel leader of the Hebrew slaves when he discovered his roots At the opportune moment c 1450 BCE Venus erupted from unstable fast spinning Red Giant Jupiter and shot into the inner solar system like a billiard ball along a highly elliptical orbit It had several close encounters with Earth Moon and Mars and created stunning phenomena or miracles such as the much exaggerated Ten Plagues parting of the Red Sea the rain of manna apparent stopping of the Earth's rotation and even the destruction of the mighty army of Sennacherib near Jerusalem Moses and his successors apparently knew and could predict more or less unusual celestial phenomena and attributed them to a tribal deity Yahweh who was connected with their deliverance and survival Every successful prediction or expectation resulted in augmenting the god illusion The god illusion evolved through stupendous sagas cross fertilized by neighbors and reformers roughly from 1500 BCE to 500 BCE However the Hebrews had a confused idea of this savior deity and its feminine aspects such as the Celestial Cow giving manna milk In the evolutionary process Yahwist patriarchs literally wrote off the influential Goddess and made Yahweh a lone male god of Judaism and Christianity The underlying motive developing this god illusion is Moses and Israel's covetousness of the fertile Holy Land Moses needed a justification to commit genocide to rob loot destroy and drive out people inhabiting the land of milk and honey The justification is a tribal god of Israelites who gives mandate to his chosen race to rob and steal the Promise Land from evil worshippers of false gods The underlying theory for this god illusion evolution hypothesis is based on Immanuel Velikovsky's bestseller of the 1950s Worlds in Collision This hypothesis met fierce opposition in academia and Establishment Science The AAAS Symposium 1974 was convened to address the serious challenge Here the author produces abstracts from various experts in various disciplines of sciences and arts to counter objections to the underlying theory The god illusion presented here is my own interpretation of the psychological impacts and aspects of these astounding celestial phenomena I am using appropriate knowledge in several disciplines to support my thesis such as radiation chemistry upper atmosphere chemistry and behavioral science My training as a stock analyst to read the underlying environment enables me to read in between the lines to speculate and connect the gaps and dots together and present a satisfying version of the god illusion      The Egyptian Revolution of 1919 H.A.

Hellyer, Robert Springborg, 2022-08-11 The 1919 Egyptian revolution was the founding event for modern Egypt's nation state So far there has been no text that looks at the causes consequences and legacies of the 1919 Egyptian Revolution This book addresses that gap with Egyptian and non Egyptian scholars discussing a range of topics that link back to that crucial event in Egyptian history Across nine chapters the book analyzes the causes and course of the 1919 revolution its impacts on subsequent political beliefs practices and institutions and its continuing legacy as a means of regime legitimation The chapters reveal that the 1919 Egyptian Revolution divided the British while uniting Egyptians However the revolutionary moment was superseded by efforts to restore Britain's influence in league with a reassertion of monarchical authority Those

efforts enjoyed tactical but not long term strategic success in part because the 1919 revolution had unleashed nationalist forces that could never again be completely contained The book covers key issues surrounding the 1919 Egyptian Revolution such as the role played by Lord Allenby internal schisms within the British government struggling to cope with the revolution Muslim Christian relations and divisions among the Egyptians      **Religion, Power, and Illusion** Patrick J

Hurley,2022-12-07 According to anthropologists religion arose in the Neolithic period a time that began 12 thousand years ago when people abandoned the hunter gatherer lifestyle and started settling down in communities By the time of the ancient Egyptians religion had reached a significant level of development The spirits of the seeds and the weather had evolved into gods In the end the gods numbered more than a thousand every god required a temple and every temple needed a priest or several of them Following the death of Jesus for the Christian god to reach its final form took an additional three hundred years It was accomplished through the work of dozens of bishops who wrestled with the problem of how a god consisting of three persons could really be one entity Religious orthodoxy as we know it today is the result of the countless solutions proposed by priests not the result of divinely inspired texts or teachings with various bishops condemning some proposals as heretical and blessing others as conventional But how were orthodoxy and heresy distinguished Any position that increased the power of the bishops was by definition orthodox and any position that undermined it was heretical Thus the Christian god that we have today is a construct assembled over many years and for two thousand years it has served to augment and solidify the power of the bishops who created it and who sustain it Religion Power Illusion concludes that priestly power is so firmly rooted in the human condition that religion is not likely to disappear any time soon It also explores the defective logic used by religious promoters and what is necessary for experiences to be non illusory      My Love Is Alive Rev Dempsey

Harshaw,2012-08-31 My Love Is Alive is a love story of Consciousness to Itself It portrays the Idea of Consciousness for the sole purpose of illuminating Consciousness to its Self Imagine your shadow on the ground in front of you Who you really are Infinite Consciousness is the One watching the shadow My Love Is Alive is the process of accepting embracing and living this reality in and as your life The result is an outpouring of love for yourself and your experience The ideas circle in a repetitive dance of discovery as the concepts sink deeper and deeper into the readers understanding There is a powerful and undeniable message of life that has never been so fully unveiled Using Biblical references the author repeatedly demonstrates the true nature of our essence The text is thought provoking at the least and utterly transformative in its fullest meaning My Love Is Alive is a doorway only you can walk through You will transition from the experience of believing that you are one of many individuals that make up the whole to embracing the experience that you truly are The One Allow yourself to go through this process of My Love Is Alive with expectancy      Egyptian Cosmology Moustafa

hope and new beginnings This is one woman s true story about awakening to something more in life and how to navigate through many sunrise and sunsets to find true love Divine love that is found on a journey within The basic universal truth offered for consideration throughout the story is that we are human beings having a spiritual experience What is important along the way is to discover the building blocks of truth both personal and universal to rise out of tragedy to experience triumph What is triumph you might ask From the author s point of view it is the joy of living in freedom without suffering with great passion while consciously creating life with Divine Love as the foundation of faith upon which we stand Every element of the story showcases an innovative breakthrough process on how to thrive through difficult times of chaos and change and how to quiet the passions of the mind in ways that are previously unimaginable and unavailable to millions of people today The reader is encouraged to ask and seek the answer to a tough question How do we create peace in the world when so many millions of us are at war an invisible war an attack unrecognized within our own being perhaps even sleepwalking through life The described paradigm creates the set up for denying the time to question the true meaning of life on earth beyond the obvious In midlife the author asked herself the question Who am I at the core of my being The answers sought were beyond the field of right and wrongdoing beyond make a living and beyond material possessions While this sounds serious and it is there are many stories shared that will leave the reader laughing and asking for more Time may just be the new currency of wealth in the 21st century It is the author s perspective it is what we consciously choose to do with time that is up for investigation throughout this story In midlife the author found herself in emotional and financial crisis which unexpectedly led to a spiritual emergency After experiencing great loss she found herself experiencing deep depression anxiety and nagging never ending suicidal thoughts Having been raised Catholic she found herself feeling separate from God family and everyone she loved This is a story that has never been told before about suicide from a spiritual perspective This is a must read for those who suffer from depression anxiety and suicidal tendencies those who love them and professionals who help them
