Historical Dictionary of Holocaust Cinema Robert C. Reimer,Carol J. The Historical Dictionary of Holocaust Cinema examines the history of how the Holocaust is presented in film including documentaries feature films and television productions It contains a chronology of events needed to give the films and their reception a historical context an introductory essay a bibliography a filmography of more than 600 titles and over 100 cross referenced dictionary entries on films directors and historical figures Foreign language films and experimental films are included as well as canonical films This book is a must for anyone interested in the scope of films on the Holocaust and also for scholars interested in investigating ideas for future research The Pursuit of the Nazi Mind Daniel Pick,2014-05 The remarkable story of how the Allies used psychoanalysis to delve into the motivations of the Nazi leadership and to explore the mass psychology of fascism **Cases in Public Policy and Administration** Jay M.
