*Evangelium vitae* Maurizio C. Kapsa, 1996 **Content Matters** Leif Fearn, Eric Fearn, 2013-06-26 A critical question in social studies education is not whether teachers develop and teach units of study but what is in the units of study teachers develop and teach Curricular planning and instruction must focus on what we teach in the social studies classroom It is not uncommon for students to experience fine units about the westward movement and exit the fifth grade with little or no geographic literacy Most students leave middle school grades unable to name even one person who made a difference in the history of Indian people in the United States After three to five years of history classes high school students routinely self

report that history is boring And it is the rare middle school graduate who knows how to use a free enterprise economy for his or her benefit This book explains the content of nine areas in social studies If teachers know what history biographical studies and the United States Constitution mean for instruction they can increase the probability of better focused content in their social studies instruction

**Rediscovering Vinland** III Fred N. Brown, Fred N. Brown, 2007-07 For over 100 years people have debated where Vinland is located This book describes what sagas said where Vikings landed what interaction they had with Natives and what legacy they left Indians and early European colonists Fred Brown uses 33 years of studying Viking accounts of journeys to America genetic information archaeological evidence Old Norse language remnants and sailing experience to pinpoint yet another Viking incursion in New England His detective work to find Vinland is brilliant and masterful While you and I play golf Fred Brown spends his off hours researching our past After reading about possible areas visited by the Vikings and descriptions of America in Viking legends in 1976 Fred ventured out by boat using Viking descriptions and archaeological finds in that theorized area He investigated documents from English settlers in the 1600s about the light skinned Indians metal and smelting use by early Indians odd linguistic similarities to northwestern Europeans and a peculiar resistance to tuberculosis among Indians genetically common to Europeans He concluded and is not the only researcher to do so that the Narragansett and Wampanoag Indians of the region encountered by early English settlers were in fact descendants of mixed Indian Viking populations Editor Diane Holloway Ph D
