MacBride Allen,1995-09-01 In this third and final volume of the Corellian trilogy Han and Luke lead the Alliance in a mad scramble against the Selonian rebels for control of the planetary technology When a loyalist ship approaching Selonnia is blasted out of space Han Solo quickly realizes that rebel forces are turning planetary repulsors into weapons of immense destruction Meanwhile Luke Skywalker and Lando Calrissian manage to discover the terrifying secret of Centerpoint Station It is the infamous Starbaster itself and its next programmed nova hard wired in is set to annihilate a chosen star its inhabited worlds and millions of innocent lives There s only one way to stop it blow up the station But as a massive rebel fleet closes in on Centerpoint Han Luke and their friends will discover time is running out Then the true leaders of the rebellion reveal their identities and issue their final ultimatum The New Republic must withdraw all claim to power over the entire Corellian sector With the future of Corellian freedom at stake Han and those loyal to the Republic must somehow resist But how can they possibly stop the deadliest weapon the galaxy has ever known Ambush at Corellia: Star Wars Legends (The Corellian Trilogy)

Roger MacBride Allen,1995-02-02 A trade summit on Corellia brings Han Solo back to the home world he left many years before Arriving on the distant planet with Leia their children and Chewbacca Han finds Corellia overrun with agents of the New Republic Intelligence and finds himself part of a deceptive plan whose aim not even he understands One thing is clear the five inhabited worlds of the sector are on the brink of civil war and the once peaceful coexistence of the three leading races human Selonian and Drallan has come to an end BSI: Starside: Death Sentence Roger Macbride

Allen,2007-05-29 They are the elite agents of interstellar investigation and their duty is to preserve and protect humanity throughout the galaxy They are the men and women of the Bureau of Special Investigations BSI and their case files are literally out of this world It was just a simple courier job but it ended in disaster More than six months after BSI agent Jamie Mendez s predecessor was sent out on a mission his ship has been found the twenty five year old agent inside dead of old age The urgent message he sacrificed his life to deliver has survived in the form of a highly encrypted datafile The encryption has kept the sensitive information safe from alien code breakers so far But with the decryption key lost the file is just as useless to BSI Now agents Mendez and Hannah Wolfson must travel off world in the ill fated ship on a desperate mission to discover what happened to one of their own and to search for the key to a secret that could set off an interstellar interspecies war one that may end with humanity s extinction From the Paperback edition *The Shores of Tomorrow* Roger Macbride

Allen,2003-12-02 On the verge of extinction only the gravest imaginable crime against humanity can save it A bold new plan seeks to ignite a new Sunspot over Greenhouse saving the habitat domes crucial to the survival of the Solacian people But a secret clouds this symbol of much needed hope human space is contracting at a startling rate threatening to wipe out all living worlds including Earth The only answer lies in the hands of the founder of the planet Solace Oskar DeSilvo seemingly returned from the dead to save the worlds his frauds had doomed to destruction But as the work begins agents of the Chronologic Patrol step in to prevent interference with the past even at the risk of dooming humanity Thwarted at every turn

DeSilvo and his onetime nemesis Anton Koffield propose one last wildly grandiose idea one final desperate gamble But if the only choice lies between madness and certain catastrophe is there any choice at all From the Paperback edition *Human Governance Beyond Earth* Charles S. Cockell, 2015-07-14 This book extends the discussion of the nature of freedom and what it means for a human to be free This question has occupied the minds of thinkers since the Enlightenment However without exception every one of these discussions has focused on the character of liberty on Earth In this volume the authors explore how people are likely to be governed in space and how that will affect what sort of liberty they experience Who will control oxygen How will people maximise freedom of movement in a lethal environment What sort of political and economic systems can be created in places that will be inherently isolated These are just a few of the major questions that bear on the topic of extra terrestrial liberty During the last forty years an increasing number of nations have developed the capability of launching people into space The USA Europe Russia China and soon India have human space exploration programs These developments raise the fundamental question of how are humans to be governed in space This book follows from a previous volume published in this series which looked at the Meaning of Liberty Beyond the Earth and explored what sort of freedoms could exist in space in a very general way This new volume focuses on systems of governance and how they will influence which of these sorts of freedoms will become dominant in extra terrestrial society The book targets a wide readership covers many groups including Space policy makers interested in understanding how societies will develop in space and what the policy implications might be for space organisations Space engineers interested in understanding how social developments in space might influence the way in which infrastructure and space settlements should be designed Space scientists interested in how scientific developments might influence the social structures of settlements beyond the Earth Social scientists political philosophers ethicists etc interested in understanding how societies will develop in the future *BSI: Starside: The Cause of Death* Roger Macbride Allen, 2006-02-28 They are the elite agents of interstellar investigation Their mission solve off Earth crimes and protect humanity's starside interests They are the men and women of the Bureau of Special Investigations BSI and their cases are literally out of this world The message was garbled but it appeared to be a simple enough request escort a human prisoner convicted of murder back to Earth for punishment But when BSI agents Jamie Mendez and Hannah Wolfson arrive on a planet settled by the enigmatic Pavlat it seems that everyone is determined to kill them before they can complete their mission or even find out what it is And on a planet where murder is a time honored tradition Death is a cause everyone believes in Mendez and Wolfson must find a way to untangle the web of Pavlavian intrigue obscuring the case and sort out what's really going on But there's far more than just one man's life at stake and soon they'll have a fresh murder to solve From the Paperback edition *BSI: Starside: Final Inquiries* Roger Macbride Allen, 2008-02-26 It's the most dangerous assignment of their careers a mission so top secret not even their commanding officer has been permitted to know the details Within minutes BSI agents Jamie Mendez and Hannah Wolfson are whisked

aboard an Elder Race ship as massive as a small moon hurtling across the galaxy at unheard of speed toward the scene of a crime no one dares to put into words They've been partnered on the case with Brox 234 an agent of the Kendari humanity's chief rival in the endless game of interstellar diplomatic threat and bluster Mendez and Wolfson quickly learn one thing for certain they're about to face a threat so deadly that only an alliance between the human race and its fiercest foes will give any of them even the slimmest chance of survival And even that chance is about to slip away From the Paperback edition

The Far Side of the Moon Charles Byrne, 2007-12-06 The far side of the Moon also called the dark side of the Moon was unknown to humanity until the Luna and Lunar Orbiter pictures were returned to Earth This wonderful book contains beautiful photographs and newly assembled mosaic images of the far side of the Moon cleaned of transmission imaging stripes and processing artifacts by today's computer technology Byrne's superb analysis documents the appearance of the features of the far side with beautiful pictures from Lunar Orbiter Until now the far side Lunar Orbiter photos have only been available with strong reconstruction lines but appear here for the first time as complete photographs unmarred by imaging and processing artifacts

Utopia Prime George A Butler II, 2020-02-07 Something unthinkable has happened on Utopia Prime The Empire's citizens have risen up and killed their masters The Empire's response is far worse On a far distant world war erupts C T Dauntless is dispatched to return the planet to order Charged with crimes against the Empire all hell breaks loose on the planet of Utopia Prime Princep Pamquin is out to change that Disgraced through events orchestrated by him he is promoted to Reginal Governor of Utopia Prime A position most believe will be his end He lands amidst the chaos of rebellion and begins to forge a world he hopes the Empire will find useful again Meanwhile Kaz and Justinia a sophisticated launcher crew must navigate the riddles of war and come out alive but an evil provocateur has other plans The fifth book by George Allen Butler II explores the question if an individual creates life synthetically do they own that life or is that life free to choose its own destiny Decide for yourself

The Stuff of Science Fiction Gary Westfahl, 2022-09-27 While students and general readers typically cannot relate to esoteric definitions of science fiction they readily understand the genre as a literature that characteristically deals with subjects such as new inventions space robot and aliens This book looks at science fiction in precisely this manner with twenty one chapters that each deal with a subject that is repeatedly addressed in science fiction of recent centuries Based on a packet of original essays that the author assembled for his classes the book could serve as a supplemental textbook in science fiction classes but also contains material of interest to science fiction scholars and others devoted to the genre In some cases chapters offer thorough surveys of numerous works involving certain subjects such as imagined vehicles journeys beneath the Earth and undersea adventures discovering intriguing patterns in the ways that various writers developed their ideas When comprehensive coverage of ubiquitous topics such as robots aliens and the planet Mars is impossible chapters focus on major themes referencing

selected texts A conclusion discusses other science fiction subjects that were omitted for various reasons and a bibliography lists additional resources for the study of science fiction in general and the topics of each chapter **The Far Side of the Sun** Kate Furnivall, 2014-10-07 The new novel from the author of *The Russian Concubine* and *Shadows on the Nile* The Bahamas 1943 Hoping to escape her turbulent past twenty three year old Dodie Wyatt has fled to Nassau But the world is at war and one night the peaceful life she has created for herself is shattered when she discovers a man dying in an alleyway Ella Stanford is married to a powerful diplomat who s been appointed to keep the Duke of Windsor far from his Nazi friends in Germany And in this city now teeming with danger Ella has her own secrets ones that threaten to tear apart her safe and ordered life When Ella s world collides with Dodie s they find themselves caught in the spiral of violence and greed ripping through Nassau But Dodie falls deeply in love with a mysterious American stranger on the island and together they fight to uncover the truth behind the bloodshed while struggling to keep each other alive in this perilous new world
