AND TERI DEGLER

# Farther Shore How Near Death And Other Extraordinary Experiences Change Lives

**Hugh Crago**

## **Farther Shore How Near Death And Other Extraordinary Experiences Change Lives:**

**A Farther Shore** Yvonne Kason, M.D., Teri Degler, 1994-06-01 Looks at a range of exceptional experiences using case histories of people Whether it is an overwhelming awareness of spiritual love oneness with the universe an out of body sensation on facing death or a premonition of things to come each experience reveals other dimensions to life that are fascinating but little understood Shows us how we can use spiritually transformative experiences to improve our self understanding enrich our relationships Explores their significance in both eastern western religious traditions in particular the yogic teachings Also includes descriptions of physical symptoms **Touched by the Light** Yvonne Kason, 2019-08-03 How Peak Spiritual Experiences Transform Lives Today Dr Yvonne Kason s life was touched by five Near Death experiences NDEs the most recent in 2003 Her dramatic Near Death Experience in a 1979 plane crash propelled her as a young medical doctor to research and counsel people with diverse types of peak spiritual experiences In 1994 she coined the now widely used phrase Spiritually Transformative Experiences STEs These include Near Death Experiences mystical experiences spiritual energy or kundalini awakenings diverse psychic experiences and inspired creativity Touched by the Light is a synthesis of forty years of Dr Kason s research on STEs and their profound after effects on body mind and spirit Filled with fascinating case studies Touched By the Light is inspiring to all as well as a practical guide for those experiencing STEs and their counsellors **Towards a Science of Complex Experiences** Alice Chirico, Andrea Gaggioli, Phoebe C.

Ellsworth, 2022-08-03 *The Stages of Life* Hugh Crago, 2016-08-11 Is personality in the genes Do our infant experiences matter even though we can t remember them Why do patterns repeat within the lives of individuals and families The Stages of Life provides answers to these and other intriguing questions and presents a refreshingly readable introduction to human development from birth to death The book synthesises those theories and research findings that are most helpful in explaining the paradoxes and complexities of human personality and human problems The book provides a thought provoking discussion of several important topics including how personality evolves in response to both genetic and social influences how individuals differ and what this means for them how some problems tend to develop at particular stages of the life course from early childhood through to midlife and old age Throughout the book Hugh Crago relates both nature and nurture to the challenges individuals must face from early childhood through to old age He draws attention to often ignored clinical findings about cross generational repetition in families and shows how recent developments in epigenetics may supply an explanation for such mysterious phenomena Written without jargon and full of new and provocative ideas the book will be of great interest to students of counselling and psychotherapy and it is also has much to offer the general reader With its engaging examples from history literature and the author s own life readers will find that The Stages of Life illuminates puzzles in their own lives and opens a road to self acceptance **Entranced by Story** Hugh Crago, 2014-04-24 We live in a world of stories yet few of us pause to ask what stories actually are why we consume them so avidly and what they do for

story makers and their audiences This book focuses on the experiences that good stories generate feelings of purposeful involvement elevation temporary loss of self vicarious emotion and relief of tension The author examines what drives writers to create stories and why readers fall under their spell why some children grow up to be writers and how the capacity for creating and comprehending stories develops from infancy right through into old age Entranced by Story applies recent research on brain function to literary examples ranging from the Iliad and Wuthering Heights to Harold and the Purple Crayon providing a groundbreaking exploration of the biological and neurological basis of the literary experience Blending research theory and biographical anecdote the author shows how it is the unique structure of the human brain with its layering of sophisticated cognitive capacities upon archaic emotion driven functions which best explains the mystery of story

**Fiery Muse** Teri Degler,2011-03-11 A young mother takes up meditation and discovers a hidden flair for art a middle aged homemaker opens to the voice of her inner spirit and develops into an internationally recognized poet a down and out young actor incorporates his Native spiritual traditions into his work and eventually wins acclaim for both his acting and playwriting abilities Many people today find themselves on a spiritual path yearning for understanding of the mysteries of life and striving for a closer connection with the Divine As part of the spiritual process some individuals encounter powerful compulsions to express themselves creatively And others experience an enigmatic wonderful and quite inexplicable increase in their creative abilities Teri Degler s personal and passionate exploration of the creative spiritual quest through the stories of present day seekers is well supported by teaching from respected traditions such as Yoga and balanced by the stories of historical creative geniuses mystics and visionaries such as Rumi St Hildegard of Bingen Walt Whitman and Johannes Brahms Also included are exercises in creative writing and visualization that offer helpful ways to find our own expressive abilities By increasing inspiration and stilling the critical inner voice of resistance we open ourselves to a more joy filled existence

**Advances in Parapsychological Research 9** Stanley Krippner,,Adam J. Rock,Julie Beischel,Harris L. Friedman,Cheryl L. Fracasso,2013-09-03 The essays in this volume 9 of a series inform readers of the present status of leading issues in parapsychology or psi research The authors are experts in their fields and have written in a reader friendly way that captures the complexity and importance of their topics Each essay comprehensively reviews a controversial topic from a critical stance and updates its status based on the latest theoretical and empirical considerations For readers who need to keep pace with the evolution of thinking in psi research this volume is authoritative The series as a whole has traced the development of psi research over decades providing a longterm definitive resource *There Is Life After Death* Tom Harpur,2011-02-19 What happens when we die Will we simply dissolve into nothingness or will we survive death in some other form Issues of death and dying have consumed humanity from time immemorial In our modern western culture we have tended out of fear to deny and push death away And yet a healthy consideration of this issue can help us embrace and understand what happens to us when we die *There is Life After Death* is Tom Harpur s classic examination of death and dying Now fully revised and updated

here is a new edition of a book that weighs the scientific religious and anecdotal evidence of survival of death and what happens after we die The likelihood of death being a portal to other forms of existence is argued persuasively Tom Harpur looks at the witness of near death experiences and examines the idea of reincarnation as well as the claims of channelers and spirit mediums Most importantly the author looks at how the great world religions from Christianity Judaism and Islam to Hinduism Buddhism and Native Spirituality among others deal with life after death This book is a powerful summary of what we know and believe about death There is Life After Death is both illuminating and comforting in its message and conclusions and goes a long way in putting to rest one of the last great taboos of our culture     The Map of Heaven Eben Alexander,2014-10-07 The author of the 1 New York Times bestseller Proof of Heaven teams up with the sages of times past modern scientists and with ordinary people who have had profound spiritual experiences to show the reality of heaven and our true identities as spiritual beings When Dr Eben Alexander told the story of his near death experience and his vivid journey to the other side many readers wrote to say it resonated with them profoundly Thanks to them Dr Alexander realized that sharing his story allowed people to rediscover what so many in ancient times knew there is more to life and to the universe than this single earthly life Dr Alexander and his coauthor Ptolemy Tompkins were surprised to see how often his readers visions of the afterlife synced up with each other and with those of the world s spiritual leaders as well as its philosophers and scientists In The Map of Heaven he shares the stories people have told him and shows how they are echoed both in the world s faiths and in its latest scientific insights It turns out there is much agreement across time and terrain about the journey of the soul and its survival beyond death In this book Dr Alexander makes the case for heaven as a genuine place showing how we have forgotten but are now at last remembering who we really are and what our destiny truly is The Map of Heaven takes the broad view to reveal how modern science is on the verge of the most profound revolution in recorded history all around the phenomenon of consciousness itself     **Seared by the Serpent** Sarah Northcutt Harvan,2010-07-15 A true memoir of the electrifying dance of enlightenment through yoga meditation and Kundalini awakening Experience the chaos and trauma of ghostly visitations angelic presences alien encounters shamanic travel and near death experiences plus the joy and bliss of holy trances spiritual rebirth and union with the Divine     **Religious and Spiritual Experiences** Wesley J. Wildman,2011-01-06 What is the value of religious and spiritual experiences within human life Are we evolutionarily programmed to have such experiences How will emerging technologies change such experiences in the future Wesley Wildman addresses these key intellectual questions and more offering a spiritually evocative naturalist interpretation of the diverse variety of religious and spiritual experiences He describes these experiences from the common to the exceptional and offers innovative classifications for them based on their neurological features and internal qualities His account avoids reductionistic oversimplifications and instead synthesizes perspectives from many disciplines including philosophy and natural sciences into a compelling account of the meaning and value of religious and spiritual experiences in

human life The resulting interpretation does not assume a supernatural worldview but incorporates religious and spiritual experiences into a positive affirmation of this worldly existence

*The Kevin Show* Mary Pilon, 2018-03-06 From the NYT bestselling author of *The Monopolists* the fascinating People story of Olympian Kevin Hall and the syndrome that makes him believe he stars in a television show of his life Meet Kevin Hall brother son husband father and Olympic sailor Kevin has an Ivy League degree a winning smile and throughout his adult life he has been engaged in an ongoing battle with a person that doesn't exist to anyone but him the Director In the tradition of Kay Redfield Jamison's *An Unquiet Mind* journalist and NYT bestselling author Mary Pilon's *The Kevin Show* reveals the many sided struggle of Kevin his family and the medical profession to understand and treat a psychiatric disorder whose euphoric highs and creative ties to pop culture have become inextricable from Kevin's experience of himself Kevin suffers from what doctors are beginning to call the Truman Show delusion a form of bipolar disorder named for the 1998 movie in which the main character realizes he is the star of a reality TV show When the Director commands Kevin to do things the results often lead to handcuffs hospitalization or both Once he nearly drove a car into Boston Harbor His girlfriend now wife was in the passenger seat Interweaving Kevin's perspective including excerpts from his journals and sketches with police reports medical records and interviews with those who were present at key moments in his life *The Kevin Show* is a bracing suspenseful and eye opening view of the role that mental health plays in a seemingly ordinary life

*The Borders of Normal* Manuel Matas, M.D., 2017-08-10 DREAMS THAT COME TRUE TELEPATHY ESP VISIONS PREMONITIONS NEAR DEATH AND OUT OF BODY EXPERIENCES Most of us have heard stories of these unusual phenomena as told by millions of people throughout history and across cultures Or perhaps we have experienced them ourselves and we are still grappling with their validity in a world of empirical science and psychiatry that deems anything unseen or spiritual as impossible weird or even disturbed The stigma surrounding the paranormal prevents us from exploring the possibility that there are perhaps events that occur outside the realm of human comprehension inoculating us against the lessons and spiritual significance these events might hold As an experienced psychiatrist Dr Manuel Matas is very familiar with the science of the human brain as well as the possibilities that exist beyond the known borders of consciousness He has never been a classic rationalist as he himself has experienced phenomena that defy logic and the explanations of Western medicine In *The Borders of Normal* Dr Matas reveals just how accepted and studied many of these phenomena are providing a compelling overview of influential thinkers who have over the years recognized events and experiences that fall outside the realm of current scientific thought As a proponent of a nuanced respectful approach that lies between belief and scepticism Dr Matas helps us to view paranormal experiences as normal and indeed endemic to the human species for it is in this space of the unknown that we may learn more about ourselves each other and the bodies and worlds that we inhabit

*Waking From Sleep* Steve Taylor, 2010-12-01 How much of your waking time are you fully awake On the other hand how often do you stumble through the day on autopilot half asleep and out of contact with yourself instead

of feeling connected and alive In this astounding book Steve Taylor suggests that our normal consciousness is really a kind of sleep from which we sometimes wake up into a more intense and complete reality He provides what is perhaps the first ever clear explanation of higher states of consciousness or awakening experiences This work delves into the methods we human beings have used throughout history to induce awakening experiences including meditation sex sports psychedelic drugs and sleep deprivation how higher states of consciousness were normal and natural to some of the world s peoples and still are in some cases and how we can make wakefulness our normal state again By fully explaining awakening experiences the author makes them much more accessible which may lead to a revolution in our psychological development as human beings

**vanliga människor påvisar att det finns ett liv efter döden** Eben Alexander, Ptolemy Tompkins, 2014-12-30 N r Eben Alexander skrev om sin n ra d den upplevelse i Till himlen och tillbaka var det m nga som blev ber rda och h rde av sig till honom f r att dela med sig av sina egna upplevelser Det gjorde den v lrenommerade neurokirurgen och forskaren nnu mer vertygad om att livet och universum har mer att erbjuda n v r tid p jorden Till sin nya bok har Alexander tr ffat och pratat med tusentals m nniskor och samlat m rkv rdiga ber ttelser om allt fr n n ra d den upplevelser och m ten med andliga v sen till inspirerande och r rande meddelanden fr n saknade avlidna Han har ocks studerat vad v ra religi sa traditioner och filosofer kan ber tta om sj lens resa efter d den Han r verraskad ver hur ofta de st mmer verens med de nutida ber ttelserna han har tagit del av V gvisaren till himlen hj lper oss att f rst vidden av v r existens vad som egentligen v ntar bortom d den och hur v rt sanna de ser ut

Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Farther Shore How Near Death And Other Extraordinary Experiences Change Lives full book, it can give you a taste of the author's writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Farther Shore How Near Death And Other Extraordinary Experiences Change Lives eBooks, including some popular titles.

## **FAQs About Farther Shore How Near Death And Other Extraordinary Experiences Change Lives Books**

**What is a Farther Shore How Near Death And Other Extraordinary Experiences Change Lives PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Farther Shore How Near Death And Other Extraordinary Experiences Change Lives PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Farther Shore How Near Death And Other Extraordinary Experiences Change Lives PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Farther Shore How Near Death And Other Extraordinary Experiences Change Lives PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Farther Shore How Near Death And Other Extraordinary Experiences Change Lives PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many

free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
