Edward R. Tannenbaum

Fascism In Italy Society And Culture 1922 1945:

Generating Inequality Thurow, 1972-06-01 **Fascism in Italy** Edward R. Tannenbaum, 1972 *Edward R. Tannenbaum, The Fascist Experience: Italian Society and Culture, 1922-1945* Charles F. Delzell, 1974 **Twentieth Century Italy** Jonathan Dunnage, 2014-09-25 Following a historically chronological approach and with a clear focus on the marked regional diversity characterising Italy this volume analyses the impact of social economic cultural and political transformation on the lives of Italians It assesses their living standards their health and education their working conditions and their leisure activities The final part of the book examines contemporary Italian society in the light of the political and moral crisis of the early 1990s *The Fascist Experience in Italy* John Pollard, 2005-07-22 This book examines the development of Italian Fascism and surveys the themes and issues of the movement It includes fully integrated analysis extensive notes on sources a glossary and a useful guide to further reading **The Syndicalist Tradition and Italian Fascism** David D. Roberts, 1979 *Fascism and Ideology* Salvatore Garau, 2015-03-24 This book develops a number of new conceptual tools to tackle some of the most hotly debated issues concerning the nature of fascism using three profoundly different national contexts in the inter war years as case studies Italy Britain and Norway It explores how fascist ideology was the result of a sustained struggle between competing internal factions which created a precarious but also highly dynamic balance between revolutionary totalitarian and conservative authoritarian tendencies Such a balance meant that these movements were hybrids with a surprising degree of internal diversity which cannot be explained away as simple opportunism or lack of ideological substance The book s focus on fascist ideology s internal variety and aggregative potential leads it to argue that when fascism succeeded this was less an effect of its revolutionary ideas than of the opposite namely its power to integrate elements from other pre existing ideologies Given the prevailing opinion that fascism is revolutionary by definition the book ultimately poses a challenge to the dominant view in the field of fascist studies **The Oxford Handbook of Holocaust Studies** Peter Hayes, John K. Roth, 2012-11-22 Few scholarly fields have developed in recent decades as rapidly and vigorously as Holocaust Studies At the start of the twenty first century the persecution and murder perpetrated by the Nazi regime have become the subjects of an enormous literature in multiple academic disciplines and a touchstone of public and intellectual discourse in such diverse fields as politics ethics and religion Forward looking and multi disciplinary this handbook draws on the work of an international team of forty seven outstanding scholars The handbook is thematically divided into five broad sections Part One Enablers concentrates on the broad and necessary contextual conditions for the Holocaust Part Two Protagonists concentrates on the principal persons and groups involved in the Holocaust and attempts to disaggregate the conventional interpretive categories of perpetrator victim and bystander It examines the agency of the Nazi leaders and killers and of those involved in resisting and surviving the assault Part Three Settings concentrates on the particular places sites and physical circumstances where the actions of the Holocaust s

protagonists and the forms of persecution were literally grounded Part Four Representations engages complex questions about how the Holocaust can and should be grasped and what meaning or lack of meaning might be attributed to events through historical analysis interpretation of texts artistic creation and criticism and philosophical and religious reflection Part Five Aftereffects explores the Holocaust's impact on politics and ethics education and religion national identities and international relations the prospects for genocide prevention and the defense of human rights *Mussolini and Fascist Italy* Martin Blinkhorn, 2006-09-27 In *Mussolini and Fascist Italy* Martin Blinkhorn explains the significance of the man the movement and the regime which dominated Italian life between 1922 and the closing stages of the Second World War He examines those aspects of post Risorgimento Italy which provided the longterm context vital to an understanding of Fascism the social and political convulsions wrought by economic change after 1890 and by Italy's intervention in the First World War the Fascist movement's rapid rise from obscurity to power and the subsequent establishment of Mussolini's dictatorship the history of the Fascist regime until its demise during the Second World War the ways in which Italian Fascism has been understood by contemporary analysts and by historians The third edition of this best selling Lancaster Pamphlet provides an expanded and fully updated analysis New features include additional material on Fascist totalitarianism and a completely revised consideration of the ways in which Fascism has been interpreted **Mussolini** Richard J. B. Bosworth, 2014-03-04 In 1945 disguised in German greatcoat and helmet Mussolini attempted to escape from the advancing Allied armies Unfortunately for him the convoy of which he was part was stopped by partisans and his features made so familiar by Fascist propaganda gave him away Within 24 hours he was executed by his captors joining those he sent early to their graves as an outcome of his tyranny at least one million people He was one of the tyrant killers who so scarred interwar Europe but we cannot properly understand him or his regime by any simple equation with Hitler or Stalin Like them his life began modestly in the provinces unlike them he maintained a traditional male family life including both wife and mistresses and sought in his way to be an intellectual He was cruel though not the cruellest his racism existed but never without the consistency and vigor that would have made him a good recruit for the SS He sought an empire but in the most part his was of the old fashioned costly nineteenth century variety not a racial or ideological imperium And self evidently Italian society was not German or Russian the particular patterns of that society shaped his dictatorship Bosworth's *Mussolini* allows us to come closer than ever before to an appreciation of the life and actions of the man and of the political world and society within which he operated With extraordinary skill and vividness drawing on a huge range of sources this biography paints a picture of brutality and failure yet one tempered with an understanding of Mussolini as a human being not so different from many of his contemporaries **The Origins of Revisionist and Status-Quo States** J. Davidson, 2016-04-30 Explaining why some states seek the status quo and others seek revision in international relations Davidson argues that governments pursuing revisionist policies are responding to powerful domestic groups such as nationalists and those in the military that believe

they can defeat their rivals He draws on examples of France Italy and Great Britain to enhance understanding of a fundamental source of instability in international affairs

From Unification to Nazism Eley Geoff,2019-06-26 Originally published in 1986 and bringing together essays written over a 10 year period this volume offers a coherent and challenging interpretation of the German past The book argues that the German Empire between 1871 and 1914 may have enjoyed greater stability and cohesion than is often assumed It suggests that Imperial Germany's political institutions showed considerable flexibility and capacity for growth and puts forward the idea that without WWI or in the event of a German victory the Empire might well have demonstrated its viability as a modern state In that case the origins of fascism should be sought mainly in the subsequent experiences of war revolution and economic crisis and not so much in the Empire's so called structural backwardness

Fascism in Europe S.J. Woolf,2020-09-10 What was fascism why did it gain support between the wars and could it happen again This collection of essays published in 1981 by leading authorities on the subject offers a comprehensive study of European fascism with a detailed analysis of its roots its extraordinary strength between the two world wars and its prospects in modern Europe The essays discuss the economic political and social conditions out of which individual fascist movements arose the crucial problem of why a few fascist parties succeeded but most failed The essays on Italy Germany and Spain examine the continuities and contradictions between the fascist movements in opposition and the fascist regimes in power The introductory and conclusive essays are concerned with the overall problem of the historical nature of the fascist phenomenon but all the papers address themselves directly to this theme testing the generalizations made by social scientists against the historical experiences of individual countries Besides Italy and Germany which harboured the major fascist movements the countries discussed range from those with traditional parliamentary democracies such as England France Belgium and Norway to the new states which emerged from the collapse of the central European empires such as Austria Hungary Romania and Poland Originally published in 1968 under the title *European Fascism* this survey acquired a worldwide reputation for its excellent and wide ranging account of the history role and functions of fascism in Europe The present edition contains six new or wholly re-written essays and three substantially revised ones

Racial Theories in Fascist Italy Aaron Gillette,2003-08-29 *Racial Theories in Fascist Italy* examines the role played by race and racism in the development of Italian identity during the fascist period The book examines the struggle between Mussolini the fascist hierarchy scientists and others in formulating a racial persona that would gain wide acceptance in Italy This book will be of interest to historians political scientists concerned with the development of fascism and scholars of race and racism

World Fascism Cyprian Blamires,2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian

Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal

Fascism in Film Marcia Landy, 2014-07-14 Through her study of the narrative themes and strategies of Italian commercial sound films of the fascist era Marcia Landy shows that cultural life under fascism was not monopolized by official propaganda Originally published in 1986 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Fascist Spectacle Simonetta Falasca-Zamponi, 2023-09-01 This richly textured cultural history of Italian fascism traces the narrative path that accompanied the making of the regime and the construction of Mussolini's power Simonetta Falasca Zamponi reads fascist myths rituals images and speeches as texts that tell the story of fascism Linking Mussolini's elaboration of a new ruling style to the shaping of the regime's identity she finds that in searching for symbolic means and forms that would represent its political novelty fascism in fact brought itself into being creating its own power and history Falasca Zamponi argues that an aesthetically founded notion of politics guided fascist power's historical unfolding and determined the fascist regime's violent understanding of social relations its desensitized and dehumanized claims to creation its privileging of form over ethical norms and ultimately its truly totalitarian nature This richly textured cultural history of Italian fascism traces the narrative path that accompanied the making of the regime and the construction of Mussolini's power Simonetta Falasca Zamponi reads fascist myths rituals images and speeches as texts

The Papacy, the Jews, and the Holocaust Frank J. Coppa, 2006 The Papacy has long played a crucial role in western civilization To many its history and theology have seemed steeped in hostility toward the Jews In the post World War II era the initial focus was on Pope Pius XII's stance during the Holocaust it soon expanded however to the broader question of the papacy and the Jews The present work transcends the thicket of controversy and provides a historical account of the relationship between the papacy and the Jews in the modern age and the interaction between clerical anti Judaism and secular anti-Semitism In light of the polemical debate this subject has aroused during the past half century this is

no small task In this work acclaimed author and historian Frank J Coppa once again proves acapable guide to exploring the issue

Mussolini and the Rise of Populism Spencer DiScala,2023-07-31 This book analyzes the process by which Mussolini built the world s first Fascist regime describes how the Duce s heirs have adapted to current political conditions and how they have gone mainstream With the rise of populism of the right in the new millennium Benito Mussolini s name has returned forcefully to the limelight Populist movements closely resemble historical fascism and former President Donald J Trump has been compared to the Duce In 2022 the 100th anniversary of the Duce s taking power an Italian populist party inspired by fascism took control of the country s government led by its first woman Prime Minister By finding in fascism their inspiration to confront the current epoch s deep transformations they have taken command in a major European liberal democratic country for the first time since 1945 How this occurred demonstrates the modernity and appeal of Mussolini s fascism and offers new perspectives in interpreting populism While the worst elements of fascism have not yet appeared in populist movements this book conveys in clear language a more precise awareness of the forces and values that propelled fascism to power and that drive the march of rightist populism worldwide This volume is essential reading for students scholars general readers and commentators interested in European and modern history

A Concise History of Italy Christopher Duggan,1994-04-21 A concise history of Italy from the fall of the Roman empire in the west to the present day

This book delves into Fascism In Italy Society And Culture 1922 1945.
