Fascism Today:

Fascism Today Shane Burley, 2017-11-06 We can no longer ignore the fact that fascism is on the rise in the United States What was once a fringe movement has been gaining cultural acceptance and political power for years Rebranding itself as alt right and riding the waves of both Donald Trump's hate fueled populism and the anxiety of an abandoned working class they have created a social force that has the ability to win elections and inspire racist street violence in equal measure Fascism Today looks at the changing world of the far right in Donald Trump's America Examining the modern fascist movement's various strains Shane Burley has written an accessible primer about what its adherents believe how they organize and what future they have in the United States The ascension of Trump has introduced a whole new vocabulary into our political lexicon white nationalism race realism Identitarianism and a slew of others Burley breaks it all down From the tech savvy trolls of the alt right to esoteric Aryan mystics from full fledged Nazis to well groomed neofascists like Richard Spencer he shows how these racists and authoritarians have reinvented themselves in order to recruit new members and grow Just as importantly Fascism Today shows how they can be fought and beaten It highlights groups that have successfully opposed these twisted forces and outlines the elements needed to build powerful mass movements to confront the institutionalization of fascist ideas protect marginalized communities and ultimately stop the fascist threat Shane Burley is a writer filmmaker and antifascist based in Portland Oregon

The Fascism of Ambiguity Marcia Cavalcante Schuback, 2022-08-25 This book contributes to the work of elucidating the new forms of fascism and authoritarianism that arise today in intimate relation with new mediatic and information technologies It presents elements of the connection between capitalism and fascism and makes clear how fascism today uses the ambiguity of senses and meanings as its most efficient way of infiltrating our reality and thereby becoming unequivocal The fascism of ambiguity is a fascism that grows the more the ambiguities and paradoxical dimensions of the contemporary situation become explicit It departs from some lessons of history regarding both historical fascism and some of the main critical lines and thoughts produced in the beginning of the 20th Century It shows what is new in today's form of fascism discussing its connection to techno mediatic capitalism to the dynamics of emptying meanings and senses through a technique of rendering them ambiguous and exacerbated It outlines some guiding thoughts regarding the question of ambiguity and metapolitics today and concludes by proposing two exercises of precision through the lenses of poetry and music as a way to resist and counter act the fascist metapolitics of the ambiguity of meanings and senses

Fascism Renzo De Felice, 2017-07-05 For Italian intellectuals the terms fascist and antifascist continue to be the hard currency of contemporary political debate to the point that if you are not one you must be the other When professor Renzo de Felice suggests that fascism describes a moment in the Italian past and only that he is challenging the very heart of current orthodoxy The nature of his analysis of the recent Italian past is itself at odds with the traditional version and represents a radical departure from conventional wisdom De Felice's ideas about

fascism have a broad significance quite apart from their importance in the contemporary Italian scene Perhaps no one knows as much about fascism and no one has given the subject such a rigorous historical analysis

American Fascism and the New Deal Nelson A. Pichardo Almanzar, Brian W. Kulik, 2013-08-28 American Fascism and the New Deal demonstrate how fascist ideas gained popularity in the Associated Farmers of California during the 1930s and 40s It shows that the politics of the intervening decades created economic and political policies that planted the seeds for these fascist ideas by forming alliances between the corporate private realm and the state public realm These same alliances made FDR and subsequent political figures rethink the direction they wanted to take American democracy Through a careful analysis of the Associated Farmers of California Nelson A Pichardo Almanzar and Brian Kulik show how the AFC formed positions in direct alliance with fascist ideas but also why these ideas resonate with so many people even to this day The analysis presented in American Fascism and the New Deal will be of particular interest to sociologists especially social movement theorists Chicana o studies scholars political scientists business ethicists and historians

Fascism or Whatever You Want to Call It Saladdin Bahozde, 2025-04-21 Fascism or Whatever You Want to Call It constructs a crucial framework for diagnosing and exposing fascist ideologies and movements in whatever historical and geographical circumstances or disguises they may appear At no point in history have so many people been subjected to the rule or threat of fascist movements Nor have power and privilege ever been so concentrated in the hands of a few We are living in the age of the decline of bourgeois liberalism and the rise of something much less democratic something sectarian extremist militaristic and exclusionary which should be called fascism Because fascism deploys endless camouflaging strategies a critical theory for diagnosing and analyzing it is desperately needed That is what this book offers Arguing against conventional approaches that use the European model of the 1930s as a yardstick Bahozde conceptualizes fascism as a form rather than a system of power and ideology

Fascism and Neofascism E. Weitz, A. Fenner, 2016-09-27 The dramatic transformations of the the 1990s the end of the Cold War the establishment of political liberties and market economies in Eastern Europe German unification quickly led commentators to proclaim the end of all ideologies and the complete triumph of liberal capitalism Just as quickly however right wing extremism began a surge in Europe that has not significantly abated to this day Fascism and Neofascism is a collection of essays that is distinctive in two important ways First unlike most volumes which cover either historical fascism or the recent radical right Fascism and Neofascism spans both periods Secondly this volume also aims to bring newer modes of inquiry rooted in cultural studies into dialogue with more traditional ways of viewing fascism The editors approach is deliberately interdisciplinary even eclectic

Everyday Ecofascism Alexander Menrisky, 2025-05-06 A timely look into how fascist ideas permeate contemporary culture well beyond the far right As challenges posed by climate change have intensified in the twenty first century right wing figures in the United States and abroad have increasingly framed anti immigrant anti Indigenous and white supremacist sentiments in terms of environmental survival Everyday Ecofascism explores the insidious

nature of this tendency revealing how permutations of these perspectives in fact resonate across the political spectrum Drawing on comparative studies of fascism writ large Alexander Menrisky demonstrates that ecofascism is best understood not as a uniquely right wing ideology but as a political genre that reinforces white supremacy and other forms of domination Presenting a view of fascism as a complex power network that plays out on scales both large and small Menrisky shows how extremist sentiments have crept into everyday language stories and ideas Through a literary and cultural studies lens he illuminates ecofascism's narrative patterns and their easy permeation of environmentalist discourses from back to the land movements to the resurgence of psychedelic drugs food localism and pandemic politics Opposite his analysis of ecofascism in action Menrisky sheds important light on narrative resistances to dominant conceptions of race nation and territory by Native queer and women of color writers who have countered ethnonationalism for generations Bridging past and present Menrisky powerfully nails down the emergent concept of ecofascism and forms a basis for understanding phenomena like Covid 19 ecological utopianism and psychedelic environmentalism that detangles ecofascist tendencies from justice oriented visions of place based belonging Retail e book files for this title are screen reader friendly

Events, Issues, and Actions R. G. Williams, 2025-08-18 This book is a collection of contemporary essays that explore modern politics recent events and the world today Written over the past two decades these essays mix personal reflections and analysis with an attempt to understand the world The essays seek to understand our often troubled times and argue that by examining the events issues and realities around us we can perhaps build a better society a Democratic Socialist world

Post-9/11 American Presidential Rhetoric Colleen Elizabeth Kelley, 2008-01-01 Post 9 11 American Presidential Rhetoric examines the communication offensive orchestrated by George W Bush and the members of his administration between the initial terrorism crisis of September 11 2001 and the March 20 2003 invasion of Iraq Colleen Elizabeth Kelley argues that the president relied on a set of particular strategies that coalesced into protofascist talk in order to discursively manage the post 9 11 situation and justify its 2003 war against Iraq This book suggests a framework for analyzing emergent fascist public discourse and its potential for producing additional substantial antidemocratic speech and action Kelley further reviews the role of the media in conveying President Bush's rhetorical doctrine to the American public The rhetoric of democratic discourse is presented as a firewall to guarantee that such speech based behaviors which are endorsed by willing publics and developed within democracies fail to thrive and do not destroy the very systems that enabled them in the first place Post 9 11 American Presidential Rhetoric is a stimulating text that will strike up discussion among scholars of political communication and those interested in cultural studies

Antifascism Paul Gottfried, 2021-10-15 No doubt Gottfried's book will rank among the most scholarly and convincing responses to the delirium of the present I mention A conservative take on the antifascist movement Antifascism argues that current self described antifascists are not struggling against a reappearance of interwar fascism and that the Left that claims to be opposing fascism has little in common with any earlier Left except for

some overlap with critical theorists of the Frankfurt School Paul Gottfried looks at antifascism from its roots in early twentieth century Europe to its American manifestation in the present The pivotal development for defining the present political spectrum he suggests has been the replacement of a recognizably Marxist Left by an intersectional one Political and ideological struggles have been configured around this new Left which has become a dominant force throughout the Western world Gottfried discusses the major changes undergone by antifascist ideology since the 1960s fascist and antifascist models of the state and assumptions about human nature nationalism versus globalism the antifascism of the American conservative establishment and Antifa in the United States Also included is an excursus on the theory of knowledge presented by Thomas Hobbes in Leviathan In Antifascism Gottfried concludes that promoting a fear of fascism today serves the interests of the powerful in particular those in positions of political journalistic and educational power who want to bully and isolate political opponents He points out the generous support given to the intersectional Left by multinational capitalists and examines the movement of the white working class in Europe including former members of Communist parties toward the populist Right suggesting this shows a political dynamic that is different from the older dialectic between Marxists and anti Marxists

The Search for Neofascism A. James Gregor, 2006-03-27 Publisher description **The Routledge Companion to Italian Fascist Architecture** Kay Bea Jones, Stephanie Pilat, 2020-04-30 Today nearly a century after the National Fascist Party came to power in Italy questions about the built legacy of the regime provoke polemics among architects and scholars Mussolini's government constructed thousands of new buildings across the Italian Peninsula and islands and in colonial territories From hospitals post offices and stadia to housing summer camps Fascist Party Headquarters ceremonial spaces roads railways and bridges the physical traces of the regime have a presence in nearly every Italian town The Routledge Companion to Italian Fascist Architecture investigates what has become of the architectural and urban projects of Italian fascism how sites have been transformed or adapted and what constitutes the meaning of these buildings and cities today The essays include a rich array of new arguments by both senior and early career scholars from Italy and beyond They examine the reception of fascist architecture through studies of destruction and adaptation debates over reuse artistic interventions and even routine daily practices which may slowly alter collective understandings of such places Paolo Portoghesi sheds light on the subject from his internal perspective while Harald Bodenschatz situates Italy among period totalitarian authorities and their symbols across Europe Section editors frame synthesize and moderate essays that explore fascism's afterlife how the physical legacy of the regime has been altered and preserved and what it means now This critical history of interpretations of fascist era architecture and urban projects broadens our understanding of the relationships among politics identity memory and place This companion will be of interest to students and scholars in a range of fields including Italian history architectural history cultural studies visual sociology political science and art history Sources of The Making of the West, Volume II: Since 1500 Katharine J. Lualdi, 2009 Sources of The Making of the West helps bring the

history of the west to life Thoroughly revised and designed to be used independently or as a companion reader this two volume collection parallels the major topics and themes covered in each chapter of The Making of the West A broad range of source types and themes illuminate historical experience from a diversity of perspectives This reader offers instructors even more opportunities to promote classroom discussion of primary documents and to help students develop essential historical thinking skills Publisher s website

Trump's Counter-Revolution Mikkel Bolt Rasmussen,2018-10-26 In Trump s Counter Revolution Mikkel Bolt Rasmussen looks behind the craziness of Donald Trump to decipher the formation of a new kind of fascism late capitalist fascism that is intent on preventing any kind of real social change Trump projects an image of America as threatened but capable of re creating itself as a united white and patriarchal community Make America great again After forty years of extreme uneven development in the US Trump s late capitalist fascism fuses popular culture and ultra nationalism in an attempt to renew the old alliance between the white working class and the capitalist class preventing the coming into being of an anti capitalist alliance between Occupy and Black Lives Matter A lucid clear eyed analysis of the morbid spectacle of Trump s racist counterrevolution Mikkel Bolt proposes to add to the rubble of the neoliberal order by demolishing the political form of capitalism democracy itself as it slides into fascism Welcome to life in the postcolony Iain Boal co author of Afflicted Powers Capital and Spectacle in a New Age of War *Elementary Education in India* Jyoti

Raina,2019-08-15 This book examines the policy shifts over the past three decades in the Indian education system It explores how these shifts have unequivocally established the domination of neoliberal capital in the context of elementary education in India The chapters in the volume Discuss a range of elementary education policies and programs in India with a focus on the policy development in recent decades of neoliberalism Analyse policy from diverse perspectives and varied vantage points by scholars activists and practitioners illustrated with contemporary statistics Introduce the key curriculum assessment and learning debates from contemporary educational discourse Integrate the tools and methods of education policy analysis with basic concepts in education like equality quantity equity quality and inclusion A definitive inter disciplinary work on a key sector in India this volume will be essential for scholars and researchers of education public policy sociology politics and South Asian studies

Researching the Far Right Stephen D. Ashe,Joel Busher,Graham Macklin,Aaron Winter,2020-11-09 Researching the Far Right brings together researchers from across the humanities and social sciences to provide much needed discussion about the methodological ethical political personal practical and professional issues and challenges that arise when researching far right parties their electoral support and far right protest movements Drawing on original research focussing mainly on Europe and North America over the last 30 years this volume explores in detail the opportunities and challenges associated with using ethnographic interview based quantitative and online research methods to study the far right These reflections are set within a wider discussion of the evolution of far right studies from a variety of disciplinary viewpoints within the humanities or the social sciences tracing the key developments and debates that shape the

field today This volume will be essential reading for students and scholars with an interest in understanding the many manifestations of the far right and cognate movements today It also offers insight and reflection that is likely to be valuable for a wider range of students and scholars across the humanities and social sciences who are carrying out work of an ethically politically personally practically and professionally challenging nature

Introduction to Political Theory John Hoffman, Paul Graham, 2015-02-20 Introduction to Political Theory is a text for the 21st century It shows students why an understanding of theory is crucial to an understanding of issues and events in a rapidly shifting global political landscape Bringing together classic and contemporary political concepts and ideologies into one book this new text introduces the major approaches to political issues that have shaped the modern world and the ideas that form the currency of political debate Introduction to Political Theory relates political ideas to political realities through effective use of examples and case studies making theory lively contentious and relevant This updated third edition comes with significant revisions which reflect the latest questions facing political theory such as the French burqa controversy ethnic nationalism and the value of research from sociobiology Accompanying these debates is a wealth of new and thought provoking case studies for discussion including consensual sadomasochism affirmative action and same sex marriage A new chapter on difference has also been added to complement those on feminism and multiculturalism The revised glossary revamped website for further reading and new streamlined layout make Introduction to Political Theory third edition the perfect accompaniment to undergraduate study

Back to the '30s? Jeremy Rayner, Susan Falls, George Souvlis, Taylor C. Nelms, 2020-11-19 The essays in this volume address the question what does it mean to understand the contemporary moment in light of the 1930s In the aftermath of the worst economic crisis since the Great Depression and facing a dramatic rise of right wing authoritarian politics across the globe the events of the 1930s have acquired a renewed relevance Contributions from a diverse interdisciplinary group of scholars address the relationship between these historical moments in various geographical contexts from Asia Pacific to Europe to the Americas while probing an array of thematic questions the meaning of populism and fascism the contradictions of constitutional liberalism and militant democracy long cycles and crisis tendencies in capitalism the gendering and racialization of right wing movements and the cultural and class politics of emancipatory struggles Uncovering continuity as well as change and repetition in the midst of transition Back to the 30s enriches our ability to use the past to evaluate the challenges dangers and promises of the present

Political Ideologies and the Democratic Ideal Terence Ball, Richard Dagger, Daniel I. O'Neill, 2019-07-15 Political Ideologies and the Democratic Ideal analyzes political ideologies to help readers understand individual ideologies and the concept of ideology from a political science perspective This best selling title promotes open mindedness and develops critical thinking skills It covers a wide variety of political ideologies from the traditional liberalism and conservatism to recent developments in liberation politics the emergence of the Alt Right and environmental politics NEW TO THIS EDITION Focus on the recent rise of populism and

an illiberal democracy and how this poses a real challenge to the pillars of Western Liberal democracy A look at early Conservatives and the idea of natural aristocracy with focus on the thoughts of Edmund Burke A new discussion on whether Donald Trump is really a conservative and if so to what extent this is true An expanded look at Stalinism and the apparent rebirth of Mao Zedong thought in China through Xi Jinping thought A more in depth look at the rise of Hitler and the Nazi Party and how myth was crucial to legitimizing both the man and the party New section on the history of American Fascism from its origins to the recent emergence of the Alt Right Expansion of the discussion around the recent protest movements Black Lives Matter and MeToo along with the repercussions of these movements Discussion on the obstacles facing transgender people implemented in recent years including the bathroom laws and the ban from US military service Account of how Donald Trump has galvanized the environmental movement like never before through his ardent anti environment policies and appointments In depth look at how the effects of climate change are increasingly turning people into environmental migrants and how the presence of these people has fueled far right movements across Europe and the US Additional photos throughout An updated author written Instructor s Manual and Test Bank

Deleuze's Kantian Ethos

Carr Cheri Lynne Carr, 2018-05-15 Among the philosophical traditions that seem most at odds with Gilles Deleuze s project two stand out Kantianism and normative ethics Both of these traditions represent forms of moralism that Deleuze explicitly rejects In this book Cheri Lynne Carr explores the very real potential of Deleuze s clandestine use of Kantian critique for developing a new ethical practice This new practice is built on an idea implicit in much of Deleuzian thought the idea of critique as a way of life This new concept of a critical ethos is a powerful form of moral pedagogy directed at developing in us the wisdom to perceive unanticipated features of moral salience evaluate our presupposed principles affirm the limits imposed by those presuppositions and create concepts that capture new ways of thinking about moral problems

While this might not be the Fascism Today full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Fascism Today eBooks, including some popular titles.

FAQs About Fascism Today Books

What is a Fascism Today PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Fascism Today PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft

Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Fascism Today PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Fascism Today PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Fascism Today PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
