Fascists And Conservatives:

Fascists and Conservatives Martin Blinkhorn,1990 In this fascinating text thirteen leading authorities on the European right examine the complex relationship between the radical and the conservative in twentieth century Europe exploring the theme across a broad range of European countries

Fascists and Conservatives Martin Blinkhorn,2012-11-12 First published in 1990 During the last twenty years prodigious scholarly effort has gone into the study of fascism and the right in twentieth century Europe Quite apart from the study of particular fascist and national socialist movements and of individual right wing regimes Fascist Italy the Third Reich Franco s Spain etc scholars have striven to locate the essential nature of fascism to determine what is distinctive about its ideas programmes policies and support to identify what if anything differentiates it from other forms of rightism and to decide whether a satisfactory definition of fascism can be arrived at This volume is intended to assist the further consideration of these and related problems

[Fascism and the Right in Europe 1919-1945](#) Martin Blinkhorn,2014-07-22 This new text places interwar European fascism squarely in its historical context and analyses its relationship with other right wing authoritarian movements and regimes Beginning with the ideological roots of fascism in pre 1914 Europe Martin Blinkhorn turns to the problem torn Europe of 1919 to 1939 in order to explain why fascism emerged and why in some settings it flourished while in others it did not In doing so he considers not just the major fascist movements and regimes of Italy and Germany but the entire range of fascist and authoritarian ideas movements and regimes present in the Europe of 1919 1945

Fascist Interactions David D. Roberts,2016-05 Although studies of fascism have constituted one of the most fertile areas of historical inquiry in recent decades more and more scholars have called for a new agenda with more research beyond Italy and Germany less preoccupation with definition and classification and more sustained focus on the relationships among different fascist formations before 1945 Starting from a critical assessment of these imperatives this rigorous volume charts a historiographical path that transcends rigid distinctions while still developing meaningful criteria of differentiation Even as we take fascism seriously as a political phenomenon such an approach allows us to better understand its distinctive contradictions and historical variations

The Fascist Party in Wales? Richard Wyn Jones,2014-05-15 For decades accusations have been made that senior figures among Welsh nationalists were sympathetic towards Fascism during the 1930s and the Second World War such accusations that would sully the name of any political adversary In this challenging work Wales s most prominent political commentator assesses the truth of the historical charges shedding new light on aspects of Plaid Cymru and its leadership during the period in question and bringing into the open an important discussion on the political culture of contemporary Wales

[It Did Happen Here: The Rise of Fascism in Contemporary Society](#) Milan Zafirovski,2023-04-12 This book argues and demonstrates that fascism did happen in contemporary society such as especially America as during post 2016 It classifies and discusses the main elements of fascism to see if these reveal and replicate themselves in America post 2016 It discovers the specific syndromes of fascism in America

post 2016 that reveal and replicate universal fascist features It detects the main social causes of fascism in America post 2016 It identifies primary counterforces to fascism in America and elsewhere Lastly the book constructs a composite fascism index and calculates fascism indexes for Western and comparable societies like OECD countries These indexes provide suggestive evidence that fascism happened in America and other OECD countries even if not in Western Europe especially Scandinavia *Vichy France* Robert O. Paxton,2001 A disturbing account of the Vichy period demonstrating how in the interests of stability French national feeling favored collaboration with the German controlled regime **France in the Era of Fascism** Brian Jenkins,2007 This volume brings together the leading critics of the immunity thesis to fascism in France in the 1930s Robert Paxton Zeev Sternhell and Robert Soucy who have refined and updated their positions in these essays

The Ideology of the British Right, 1918-1939 G.C. Webber,2015-10-16 This book first published in 1986 examines the activities and beliefs of right wing Conservatives and overt Fascists in inter war Britain It analyses the role that ideology played in the various struggles between leaders and dissidents within the Conservative Party traces the development of central themes in right wing thought and seeks to show how the complexity of these beliefs established ideological barriers to the growth of Fascism in Britain which it is argued was heavily reliant upon the support of disillusioned Conservatives for its limited success In this way the book contributes to our understanding of both the Conservative Party and the British Fascist movement between the wars and in doing so helps to establish an overview of right wing politics in Britain since the turn of the century It also contains an appendix of information on lesser known individuals and organisations on the Right

Transatlantic Fascism Federico Finchelstein,2010-01-11 In Transatlantic Fascism Federico Finchelstein traces the intellectual and cultural connections between Argentine and Italian fascisms showing how fascism circulates transnationally From the early 1920s well into the Second World War Mussolini tried to export Italian fascism to Argentina the most Italian country outside of Italy Nearly half the country s population was of Italian descent Drawing on extensive archival research on both sides of the Atlantic Finchelstein examines Italy s efforts to promote fascism in Argentina by distributing bribes sending emissaries and disseminating propaganda through film radio and print He investigates how Argentina s political culture was in turn transformed as Italian fascism was appropriated reinterpreted and resisted by the state and the mainstream press as well as by the Left the Right and the radical Right As Finchelstein explains nacionalismo the right wing ideology that developed in Argentina was not the wholesale imitation of Italian fascism that Mussolini wished it to be Argentine nacionalistas conflated Catholicism and fascism making the bold claim that their movement had a central place in God s designs for their country Finchelstein explores the fraught efforts of nacionalistas to develop a sacred ideological doctrine and political program and he scrutinizes their debates about Nazism the Spanish Civil War imperialism anti Semitism and anticommunism Transatlantic Fascism shows how right wing groups constructed a distinctive Argentine fascism by appropriating some elements of the Italian model and rejecting others It reveals the specifically local ways that a global

ideology such as fascism crossed national borders Revolutionary Contagion and International Politics Chad E. Nelson, 2022 A unique theory of what happens when leaders fear a revolution abroad will spread to their own country and how that affects international relations When do leaders fear that a revolution elsewhere will spread to their own polities and what are the international effects of this fear In Revolutionary Contagion Chad E Nelson develops and tests a theory that explains how states react to ideological driven revolutions that have occurred in other nations To do this he analyzes four key revolutionary movements over two centuries liberalism communism fascism and Islamism He further explains that the key to understanding the response to revolutions lies in focusing on the extent to which leaders fear upheaval in their own countries According to the theory Nelson argues fear of contagion is driven more by the characteristics of the host rather than the activities of the infecting agents In other words leaders will fear revolutionary contagion when they have significant revolutionary opposition movements that have an ideological affinity with the revolutionary state A powerful theory of the profound effects revolutions have on international relations this book shows why one simply cannot make sense of international politics including patterns of alliances and wars in certain situations without considering the fear of contagion

World Fascism Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal Fascists and

Conservatives Europe Martin Blinkhorn, 2014-01-14 First Published in 1990 Routledge is an imprint of Taylor Francis an informa company **Hitler's Germany** Roderick Stackelberg, 2002-01-22 Hitler's Germany provides a comprehensive narrative history of Nazi Germany and sets it in the wider context of nineteenth and twentieth century German history Roderick Stackelberg analyzes how it was possible that a national culture of such creativity and achievement could generate such barbarism and destructiveness This second edition has been updated throughout to incorporate recent historical research and engage with current debates in the field It includes an expanded introduction focusing on the hazards of writing

about Nazi Germany an extended analysis of fascism totalitarianism imperialism and ideology a broadened contextualisation of antisemitism discussion of the Holocaust including the euthanasia program and the role of eugenics new chapters on Nazi social and economic policies and the structure of government as well as on the role of culture the arts education and religion additional maps tables and a chronology a fully updated bibliography Exploring the controversies surrounding Nazism and its afterlife in historiography and historical memory Hitler's Germany provides students with an interpretive framework for understanding this extraordinary episode in German and European history

Liberal Fascism Jonah Goldberg, 2009-06-02

Fierce funny and controversial Jonah Goldberg's 1 New York Times bestseller traces fascism back to its surprising roots in liberalism Fascists Brownshirts jackbooted stormtroopers such are the insults typically hurled at conservatives by their liberal opponents Calling someone a fascist is the fastest way to shut them up defining their views as beyond the political pale But who are the real fascists in our midst Liberal Fascism offers a startling new perspective on the theories and practices that define fascist politics Replacing conveniently manufactured myths with surprising and enlightening research Jonah Goldberg reminds us that the original fascists were really on the left and that liberals from Woodrow Wilson to FDR to Hillary Clinton have advocated policies and principles remarkably similar to those of Hitler's National Socialism and Mussolini's Fascism Contrary to what most people think the Nazis were ardent socialists hence the term National socialism They believed in free health care and guaranteed jobs They confiscated inherited wealth and spent vast sums on public education They purged the church from public policy promoted a new form of pagan spirituality and inserted the authority of the state into every nook and cranny of daily life The Nazis declared war on smoking supported abortion euthanasia and gun control They loathed the free market provided generous pensions for the elderly and maintained a strict racial quota system in their universities where campus speech codes were all the rage The Nazis led the world in organic farming and alternative medicine Hitler was a strict vegetarian and Himmler was an animal rights activist Do these striking parallels mean that today's liberals are genocidal maniacs intent on conquering the world and imposing a new racial order Not at all Yet it is hard to deny that modern progressivism and classical fascism shared the same intellectual roots We often forget for example that Mussolini and Hitler had many admirers in the United States W E B Du Bois was inspired by Hitler's Germany and Irving Berlin praised Mussolini in song Many fascist tenets were espoused by American progressives like John Dewey and Woodrow Wilson and FDR incorporated fascist policies in the New Deal Fascism was an international movement that appeared in different forms in different countries depending on the vagaries of national culture and temperament In Germany fascism appeared as genocidal racist nationalism In America it took a friendlier more liberal form The modern heirs of this friendly fascist tradition include the New York Times the Democratic Party the Ivy League professoriate and the liberals of Hollywood The quintessential Liberal Fascist isn't an SS storm trooper it is a female grade school teacher with an education degree from Brown or Swarthmore These assertions may sound strange to modern ears but that is because we have forgotten what

fascism is In this angry funny smart contentious book Jonah Goldberg turns our preconceptions inside out and shows us the true meaning of Liberal Fascism *A Primer for Conservative Activism* R.D. Cook, 2008-10-27 Wake Up America Thought provoking new book espouses the ideals of conservatism to protect American interests Lone Pine CA Release Date TBD With financial powerhouses going bankrupt or being sold and America deep in the despair of an economic recession there is something definitely wrong with our country today The US Presidential elections is looming in the horizon the chance to set this great nation back on track is an opportunity that should not be missed Author and conservative thinker R D Cook enlightens readers with the problems besetting the US and proposals to correct them in this thought provoking book *A Primer for Conservative Activism* R D Cook who bills himself as An Everyday Non famous American slams secular and socialist liberals in *A Primer for Conservative Activism* Even some Republicans will feel his barbs as he exposes some of the more blatant abuses being forced on American citizens by all three branches of our government but more especially by the far left liberals in our society This book identifies the problems in our country and proposes actions for conservatives and moderates to counter these erosions of the Constitution our way of life and national identity Some of the areas addressed include the following the tragedy of abortion rulings by the courts the twisting of the meaning of the Constitution by the Supreme Court the dangers of liberal indoctrination in our public schools irresponsible government spending taxes and their effects on our economy and society the political and societal costs of illegal immigration the dangers of Islamofascism the misguided approach to climate change and the true meaning of religion as intended by our Founding Fathers Conservatives and moderates are encouraged throughout the pages of *A Primer for Conservative Activism* to become more informed and become activists in the conservative cause So get a copy now For more information log on to [www Xlibris com](http://www.Xlibris.com) About the Author The author was born in 1942 in Modesto California and raised through my freshman year of high school in Turlock California Small town values were an integral part of the community I was raised in and had a profound impact on my worldview Religion moral and ethical values were the backbone of the community and they were practiced in every level of the community at that time Although I did not obtain a degree from college I concentrated on the biological and physical sciences in high school and college I joined the Los Angeles County Sheriffs Department and served there for 28 years retiring as a sergeant in 1992 Since my retirement I have worked as a heavy equipment operator in Underground utility installation and also on wetland mitigation projects I consider myself to be politically conservative but I am registered as an Independent *A Primer for Conservative Activism* by R D Cook How Does Your Garden Grow Publication Date Trade Paperback 24 99 192 pages 978 1 4363 4801 0 Cloth Hardback 34 99 192 pages 978 1 4363 4802 7 To request a complimentary paperback review copy contact the publisher at 888 795 4274 x 7479 Tear sheets may be sent by regular or electronic mail to Marketing Services To purchase copies of the book for resale please fax Xlibris at 610 915 0294 or call 888 795 4274 x 7876 Xlibris books can be purchased at Xlibris bookstore For more information contact Xlibris at 888 795 4274 or

on the web at www.Xlibris.com **Conservatism** Edmund Neill, 2021-07-20 Conservatism is often labelled as a disposition tradition or even a set of knee jerk reactions rather than an ideology and its suspicion of grand theorising has lent itself to this characterization In this book leading political theorist Edmund Neill challenges this view He argues that conservatism is better identified as an ideology albeit one that rather than putting forward positive values like liberty or equality conceptualizes human conduct as being partially dependent on forces beyond human volition and prioritizes the cautious management of change He charts the evolution of conservative thought from the French Revolution to the present examining how conservatives responded to disruptions to traditional order across the nineteenth and twentieth centuries Drawing on examples from Britain France and the United States Neill concludes with some reflections on the challenges and opportunities that contemporary populism presents for conservatism This accomplished overview is essential reading for any student or scholar working in political theory and political philosophy especially those with a particular interest in ideologies and conservatism **Fascism** Paul Gottfried, 2016-02-08 For historians Fascism offers clear and provocative insights and arguments and the very detailed notes are especially helpful Recommended Choice What does it mean to label someone a fascist Today it is equated with denouncing him or her as a Nazi But as intellectual historian Paul E Gottfried writes in this provocative yet even handed study the term s meaning has evolved over the years Gottfried examines the semantic twists and turns the term has endured since the 1930s and traces the word s polemical function within the context of present ideological struggles Like conservatism liberalism and other words whose meanings have changed with time fascism has been used arbitrarily over the years and now stands for a host of iniquities that progressives multiculturalists and libertarians oppose even if they offer no single coherent account of the historic evil they condemn Certain factors have contributed to the term s imprecise usage Gottfried writes including the equation of all fascisms with Nazism and Hitler as well as the rise of a post Marxist left that expresses predominantly cultural opposition to bourgeois society and its Christian and or national components Those who stand in the way of social change are dismissed as fascist he contends an epithet that is no longer associated with state corporatism and other features of fascism that were once essential but are now widely ignored Gottfried outlines the specific historical meaning of the term and argues that it should not be used indiscriminately to describe those who hold unpopular opinions His important study will appeal to political scientists intellectual historians and general readers interested in politics and history **Conservatives and Right Radicals in Interwar Europe** Marco Bresciani, 2020-12-30 This book features a broad range of thematic and national case studies which explore the interrelations and confrontations between conservatives and the radical Right in the European and global contexts of the interwar years It investigates the political social cultural and economic issues that conservatives and radicals tried to address and solve in the aftermaths of the Great War Conservative forces ended up prevailing over far right forces in the 1920s with the notable exception of the Fascist regime in Italy But over the course of the 1930s and the ascent of the Nazi regime in Germany

political radicalisation triggered both competition and hybridisation between conservative and right wing radical forces with increased power for far right and fascist movements The book will be of great interest to students and scholars of politics history fascism and Nazism Fascism and Ideology Salvatore Garau, 2015-03-24 This book develops a number of new conceptual tools to tackle some of the most hotly debated issues concerning the nature of fascism using three profoundly different national contexts in the inter war years as case studies Italy Britain and Norway It explores how fascist ideology was the result of a sustained struggle between competing internal factions which created a precarious but also highly dynamic balance between revolutionary totalitarian and conservative authoritarian tendencies Such a balance meant that these movements were hybrids with a surprising degree of internal diversity which cannot be explained away as simple opportunism or lack of ideological substance The book's focus on fascist ideology's internal variety and aggregative potential leads it to argue that when fascism succeeded this was less an effect of its revolutionary ideas than of the opposite namely its power to integrate elements from other pre-existing ideologies Given the prevailing opinion that fascism is revolutionary by definition the book ultimately poses a challenge to the dominant view in the field of fascist studies

Whispering the Techniques of Language: An Mental Journey through **Fascists And Conservatives**

In a digitally-driven earth wherever monitors reign supreme and immediate connection drowns out the subtleties of language, the profound strategies and emotional nuances concealed within words usually go unheard. Yet, nestled within the pages of **Fascists And Conservatives** a captivating literary treasure pulsating with fresh feelings, lies an exceptional journey waiting to be undertaken. Penned by an experienced wordsmith, that marvelous opus invites readers on an introspective trip, lightly unraveling the veiled truths and profound affect resonating within the fabric of each word. Within the psychological depths with this moving evaluation, we will embark upon a heartfelt exploration of the book is core subjects, dissect their charming writing design, and fail to the strong resonance it evokes serious within the recesses of readers hearts.
