Fast Bonnie A History Of William Fife:

Fast and Bonnie May Fife McCallum, 2001-01-01 From humble beginnings at Fairlie Ayrshire in the early years of the nineteenth century William Fife and Son grew to become one of Britain's premier yacht building yards attracting commissions from as far afield as America Canada and America By the time the yard closed on the eve of the Second World War three generations of the Fife family had been responsible for the design and building of almost a thousand yachts crafts that were recognized world wide as the epitome of elegance and design This memorable story of enterprise and craftsmanship chronicles the development and progress of the Fife yard and its business during its 125 year history It includes a vast wealth of information on the yachts themselves and is interspersed with lively anecdotes about the family their clients and their craftsmen making it an essential addition to the literature on Scotland's maritime past May Fife McCallum a descendant of the founder has had privileged access to private papers business records and photographs Over many years she has researched this archival material and also recorded the reminiscences of family friends and of local people personally associated with the yard and its workforce

Fast and Bonnie May Fife McCallum, 2002 **Ships & Shipbuilders** Fred M. Walker, 2010-05-05 In the past three centuries the ship has developed from the relatively unsophisticated sail driven vessel which would have been familiar to the sailors of the Tudor navy to the huge motor driven container ships nuclear submarines and vast cruise liners that ply our seas today Who were the innovators and builders who during that span of time prompted and instigated the most significant advances In the past three centuries the ship has developed from the relatively unsophisticated sail driven vessel which would have been familiar to the sailors of the Tudor navy to the huge motor driven container ships nuclear submarines and vast cruise liners that ply our seas today Who were the innovators and builders who during that span of time prompted and instigated the most significant advances In this new book the author describes the lives and deeds of more than 120 great engineers scientists philosophers businessmen shipwrights naval architects and inventors who shaped ship design and shipbuilding world wide Covering the story chronologically and going back briefly even to Archimedes such well known names as Anthony Deane Peter the Great James Watt Robert Fulton and Isambard Kingdom Brunel share space with lesser known characters like the luckless Frederic Sauvage a pioneer of screw propulsion who unable to interest the French navy in his tests in the early 1830s was bankrupted and landed in debtors prison With the inclusion of such names as Ben Lexcen the Australian yacht designer who developed the controversial winged keel for the 1983 Americas Cup the story is brought right up to date Concise linking chapters place all these innovators in context so that a clear and fascinating history of the development of ships and shipbuilding emerges from the pages An original and important new reference book
