Quigley Harold Scott Quigley, 1942 Anglo-American Strategic Relations and the Far East, 1933-1939 Greg Kennedy, 2013-01-11 This volume charts how the national strategic needs of the United States of America and Great Britain created a parallel but not joint relationship towards the Far East as the crisis in that region evolved from 1933 39 In short it is a look at the relationship shared between the two nations with respect to accommodating one another on certain strategic and diplomatic issues so that they could become more confident of one another in any potential showdowns with Japan *Japanese Diplomacy in the Far Eastern War, 1937-1941* Isabelita V. Guiang, 1959 **Origins of the War in the East** Aron Shai, 2010-10-18 This study describes the British government's policy towards China during the first phases of the undeclared Sino Japanese war starting in July 1937 when the conflict in North China culminated in all out hostilities and ending in September 1939 when the outbreak of the war over Poland forced the British government to turn almost all its attention to Europe The dilemmas confronting British policy makers in the Far East are analysed together with the implementation of their subsequent solutions Attention is focused on the question of British interests in China and on the decisive factors and considerations which determined British policy and Britain's role in the Sino Japanese war Questions concerning the safety of the British subjects and the commercial community in China and their influence on the decision making process the attitude towards Soviet influence in China and prospects of Communist take over are also discussed In the final analysis the book examines the widely debated subject of appeasement in its Asian context It is argued that Britain pursued a policy towards Japan which gained strength without producing a Far Eastern Munich *The Pacific Historical Review* Anna Marie Hager, 1976 *China* Harley Farnsworth MacNair, 2023-11-15 This title offers a profound exploration of one of the world's oldest civilizations and its pivotal role in shaping global history and modern international relations This volume part of a series aimed at fostering mutual understanding among Allied nations during and after World War II provides a comprehensive and realistic account of China's cultural evolution societal institutions and historical milestones Drawing on contributions from distinguished scholars the book delves into China's religious and secular thought systems artistic achievements economic progress and political dynamics offering insights that resonate with both its ancient heritage and its position in the 20th century global order Focusing on objective analysis over sentimentality the book highlights China's resilience and adaptability amid internal and external challenges It underscores the importance of understanding China's rich historical context to appreciate its contemporary developments This volume not only serves as an invaluable resource for those seeking to deepen their knowledge of China but also embodies the spirit of international cooperation aiming to enhance

Elleman,2005-07-28 Why did the Chinese empire collapse and why did it take so long for a new government to reunite China Modern Chinese Warfare 1795 1989 seeks to answer these questions by exploring the most important domestic and international conflicts over the past two hundred years from the last half of the Qing empire through to modern day China It reveals how most of China's wars during this period were fought to preserve unity in China and examines their distinctly cyclical pattern of imperial decline domestic chaos and finally the creation of a new unifying dynasty By 1989 this cycle appeared complete but the author asks how long this government will be able to hold power Exposing China as an imperialist country and one which has often manipulated western powers in its favour Bruce Elleman seeks to redress the views of China as a victimised nation **The Far East and the Second World War** George Nye Steiger,1944 Japan and Korea Frank Joseph Shulman,2013-10-23 First Published in 1971 This annotated bibliography of doctoral dissertations on Japan and Korea grew out of a decision to expand and bring up to date an earlier list entitled Unpublished Doctoral Dissertations Relating to Japan Accepted in the Universities of Australia Canada Great Britain and the United States 1946 1963 compiled by Peter Cornwall and issued by the Center for Japanese Studies in 1965 Review of Current Military Literature ,1942 **Professional Journal of the United States Army** ,1942 *Quarterly Review of Military Literature* ,1942 *Myopic Grandeur* John E.
