Faraway Places:

Faraway Places Albert Trajstman, 2019-02-01 *Faraway Places* is a collection of three novellas that goes to dark and dingy places that the faint hearted might wish are truly faraway But are they Not when you take a crazed trip with an odd ball who dreams of a faraway place while all the while he is on a slow burn to insanity Maybe he can solve the problem of living in a caravan alongside a garbage tip with a foul mouthed significant other and a companion dog That s not an easy problem to solve when you lack initiative Perhaps the frozen wastelands of pre revolutionary Russia are a change of location but still you ll find that it s that kind of faraway place where many bizarre things could be possible dogheaded people might exist a nasty con man can become a tsar and if you want to save your skin there are people you should avoid If that s not enough then waiting to be solved is the provenance of two mysterious trunks and their contents in the basement of St Petersburg s Hermitage Finally a misconstruction about a killing on an isolated farm in a British colony in 1815 leads to disastrous consequences Decent men can commit abominable acts and criminals can be decent In this faraway place it s brutal times all round brutal times for the original native inhabitants for settlers and their women and for the convicts and child convicts A gripping read

Children's Places

Karen Fog Olwig, Eva Gullov, 2013-04-15 *Children's Places* examines the ways in which children and adults from their different vantage points in society negotiate the proper place of children in both social and spatial terms. It looks at some of the recognised constructions of children including perspectives from cultures that do not distinguish children as a distinct category of people as well as examining contexts for them from schools and kindergartens to inner cities and war zones. The result is a much needed insight into the notions of inclusion and exclusion, the placement and displacement of children within generational ranks and orders and the kinds of places that children construct for themselves. Based on in depth ethnographic research from Europe, Asia, Africa, North America, Australia and New Zealand.

Far Far Away Tom McNeal, 2013-06-11 A National Book Award Finalist, An Edgar Award Finalist, A California Book Award Gold Medal Winner. A dark contemporary fairy tale in the tradition of Neil Gaiman. Jeremy Johnson hears voices. Or specifically one voice, the ghost of Jacob Grimm, one half of The Brothers Grimm. Jacob watches over Jeremy protecting him from an unknown dark evil whispered about in the space between this world and the next. But Jacob can't protect Jeremy from everything. When coltish copper haired Ginger Boultinghouse takes a bite of a cake so delicious it's rumored to be bewitched, she falls in love with the first person she sees, Jeremy. In any other place this would be a turn for the better for Jeremy, but not in Never Better where the Finder of Occasions, whose identity and evil intentions nobody knows, is watching and waiting, waiting and watching. And as anyone familiar with the Brothers Grimm knows, not all fairy tales have happy endings. Veteran writer Tom McNeal has crafted a young adult novel at once grim and hopeful, full of twists and perfect for fans of contemporary fairy tales like Neil Gaiman's *The Graveyard Book* and Holly Black's *Doll Bones*. The recipient of five starred reviews, Publishers Weekly called *Far Far Away* inventive and deeply poignant.

The Order of Places Yongtao Du, 2015-02-24 There were over a thousand counties and prefectures in late imperial China, each loomed large in the hearts and minds of the local natives and had a history of its own. *The Order of Places* tells a story of how these places were ordered by the long lived imperial state and then re ordered during the sixteenth through eighteenth centuries as geographical mobility increased. At the center of the story are the mobile merchants from south China's Huizhou Prefecture, then the most prominent merchant group in China. The story presents the dynamics of geography in the world's most enduring empire on the eve of its entry into modern history as the author explores the changing relationships between people and the place they called home, between local place and the life world the Chinese called all under Heaven and between local places.
