An Ethnography of Global Landscapes and Corridors Loshini Naidoo, 2012-03-09 The chapters presented in this book draw on ethnography as a methodology in a variety of disciplines including education management design marketing ecology and scientific contexts illustrating the value of a qualitative approach to research design The chapters discuss the use of traditional ethnographic methods such as immersion observation and interview as well as innovative ethnographical methods which have been influenced by the new digital culture The latter challenges notions of identity field and traditional culture such that people are able to represent themselves in the research process rather than be represented New approaches to ethnography also examine the use and implication of images in representation as well as critically examining the role and impact of the researcher in the process **Creating Experiential Learning Opportunities for Language Learners** Melanie Bloom, Carolyn Gascoigne, 2017-03-08 While much research has been done on experiential learning opportunities in study abroad settings there are fewer publications devoted to experiential learning in the domestic context This volume aims to fill that gap by providing a collection of chapters highlighting research based innovations in experiential learning in

domestic settings The book focuses on three experiential learning contexts community engagement experiences professional engagement experiences and other unique experiential contexts such as language camps and houses The collection focuses on the US context but the research projects and curricular innovations described here can serve as models for educators working in other local contexts and will encourage interested practitioners to explore experiential learning opportunities in their local areas It will also provide the reader with a better understanding of this growing field of inquiry and should appeal to graduate students and researchers who are interested in experiential language learning **Farm Labor**, 1958 *Annual Report of the Director of Education* Philippines. Fast Track Land Occupations in Zimbabwe Kirk Helliker,Sandra Bhatasara,Manase Kudzai Chiweshe,2021-01-11 This book offers the first detailed scholarly examination of the nation wide land occupations which spread across the Zimbabwean countryside from the year 2000 and led to the state s fast track land reform programme In an innovative way it highlights the decentralized character of the occupations by recognizing significant spatial variation around a number of key themes including historical memory modes of mobilization and gender A case study of the land occupations in Mashonaland Central Province based on original research adds empirical weight to the argument In further identifying and understanding the specificities and complexities of the land occupations the book also frames them by way of a nuanced comparative historical analysis of the three zvimurenga It thus examines the land occupations referred to likely controversially as the third chimurenga with reference to the original anti colonial revolt from the 1890s the first chimurenga and the war of liberation in the 1970s the second chimurenga Further the book engages critically with the ruling party s chimurenga narrative and the hegemonic understanding of the land occupations within Zimbabwean studies This book is a crucial read for all scholars and students of post 2000 land and politics in Zimbabwe but also for those more broadly interested in historical comparative analyses of land struggles in Zimbabwe and beyond
