Defiant Braceros Mireya Loza, 2016-09-02 In this book Mireya Loza sheds new light on the private lives of migrant men who participated in the Bracero Program 1942 1964 a binational agreement between the United States and Mexico that allowed hundreds of thousands of Mexican workers to enter this country on temporary work permits While this program and the issue of temporary workers has long been politicized on both sides of the border Loza argues that the prevailing romanticized image of braceros as a family oriented productive legal workforce has obscured the real diverse experiences of the workers themselves Focusing on underexplored aspects of workers lives such as their transnational union organizing efforts the sexual economies of both hetero and queer workers and the ethno racial boundaries among Mexican indigenous braceros Loza reveals how these men defied perceived political sexual and racial norms Basing her work on an archive of more than 800 oral histories from the United States and Mexico Loza is the first scholar to carefully differentiate between the experiences of mestizo guest workers and the many Mixtec Zapotec Purhepecha and Mayan laborers In doing so she captures the myriad ways these defiant workers responded to the intense discrimination and exploitation of an unjust system that still persists today **Notable Latino Americans** Richard A. Latinos have made important contributions to American society and this biographical dictionary is devoted to celebrating those contributions. All 127 men and women profiled in this work have immigrated to or been born in the United States and have made major contributions to American life and culture. Cuban Americans, Puerto Ricans, Mexican Americans, and others of Spanish, South American, Central American, and Caribbean heritage: more than one third of them women represent 35 fields of endeavor and all 50 states. From historical figures to the newest sports champion, figure skater Rudy Galindo, this work provides profiles of both prominent and important but less familiar people who have made significant contributions in their fields. Many of those profiled can be found in no other biographical source. A selection of photos complements the text. All biographies have been written by experts in their ethnic fields. Those profiled range widely from distinguished scientists to sports stars, from actors to activists, from businesswomen to political personalities, from literary luminaries to labor organizers. All are potential role models for young men and women, and many have overcome extreme odds to succeed. These colorfully written substantive biographies detail their subjects' goals, struggles, and commitments to success and to their ethnic communities. Among the 127 people profiled are Nobel Prize winning scientist Luis Alvarez, Treasurer of the United States, Romana Acosta Bañuelos, actor, composer, activist, Rubén Blades, classical dancer, Fernando Bujones, baseball player, José Canseco, U.S. Secretary of Education, Lauro Cavazos Jr., writer, Sandra Cisneros, fashion designer, Oscar de la Renta, U.S. Congressman, Lincoln D. Azbal, teacher, Jaime Escalante, composer, singer, Gloria Estefan, tennis players, Gigi Fernandez and Mary Joe Fernandez, playwright, Mara Fornés, U.S. Men's 1996 Figure Skating Champion, Rudy Galindo, physician, political activist, Hector García, Coca-Cola CEO, Roberto Goizueta, labor leader, Dolores Huerta, U.S. Ambassador, María Lucía Jaramillo, artist, Marisol, civil rights activist, Vilma Socorro Martínez, businessman, politician, Jorge Mas Canosa, federal judge, Harold Medina, graphic artist, Nicholas A. Mohr, U.S. Surgeon General, Antonia Novello, astronaut, Ellen Ochoa, Nobel Prize winning biochemist, Severo Ochoa, TV personality, Geraldo Rivera, U.S. Congresswoman, Ileana Ros-Lehtinen, educational psychologist, George I. Sánchez, newspaper editor, Roberto Suárez, women's rights activist, businesswoman, María Elena Toranzo, New York State Supreme Court Judge, Edwin Torres, mystic, Teresa Urrea, film producer, director, Luis Valdez. For ease of use, the heading of each profile identifies ethnic group, field of endeavor, birthdate, and where appropriate, death date. Each profile concludes with a suggested reading list of books and periodical articles about the subject. An ethnic index, field of endeavor index, and a general index make research easy. This much needed reference work is essential for school and public libraries.

Contracting Freedom Maria L. Quintana, 2022-05-10 Contracting Freedom is the first relational study of the origins of twentieth century U.S. guestworker programs from Mexico and the Caribbean. It investigates these government sponsored programs as the unexplored consequence of enslaved labor, Japanese American incarceration, the New Deal, the long civil rights movement, and Caribbean decolonization. In the World War II era, U.S. lawmakers and activists alike celebrated guestworker agreements with Mexico and the Caribbean as hallmarks of anti-imperialism and worker freedom. A New Deal

based conception of racial liberalism inspired many of these government officials and labor advocates to demand a turn toward state sponsored labor contracts across the hemisphere to protect migrant workers welfare and treatment in the postwar world Their view of liberalism emphasized the value of formal labor contracts bilateral agreements between nation states state power and equal rights all of which they described as advances beyond older labor arrangements forged under colonialism and slavery Eighty years later their conceptions of guestworker programs continue to shape political understandings of the immigration debate as these programs are often considered a solution to offset the deportation regime and as a response to increasingly rigid racist measures to close U S borders to migrants Maria Quintana s compelling history shifts the focus on guestworker programs to the arena of political conflict revealing how fierce debates over the bracero program and Caribbean contract labor programs extended and legitimated U S racial and imperial domination into the present era It also unearths contract workers emerging visions of social justice that challenged this reproduction of race and empire giving freedom new meanings that must be contemplated

Gonzalez,2015-11-17 A decade of political infighting over comprehensive immigration reform appears at an end after the 2012 election motivated the Republican Party to work with the Democratic Party s immigration reform agendas However a guest worker program within current reform proposals is generally overlooked by the public and by activist organizations Also overlooked is significant corporate lobbying that affects legislation This updated edition critically examines the new guest worker program included in the White House and Congressional bipartisan committee s immigration reform blueprints and puts the debate into historical and contemporary contexts It describes how the influential U S Chamber of Commerce and the AFL CIO agreed on guidelines for a new guest worker program to be included in the plan Gonzalez shows how guest worker programs stand within a history of utilizing controlled cheap disposable labor with lofty projections rarely upheld For courses in a wide variety of disciplines this timely text taps into trends toward teaching immigration politics and policy Features of the New Edition *Guest Workers or Colonized Labor?* GilbertG.
