Leading Christian educators here apply the principles of Christian education to adult learning in the churches and present the results and methods of empirical research relevant to the church's ministry of adult Christian education. This book will be of interest to all who are concerned for the ways in which adults learn to be Christian. The editor Jeff Astley is Director of the North of England Institute for Christian Education and Honorary Professorial Fellow in Practical Theology and Christian Education in the University of Durham.

**Sharing Faith** Thomas Groome, 1998-11-23 Provides a comprehensive introduction to all aspects of religious education and pastoral ministry and gives an in-depth inquiry into the philosophical, educational, and theological theories for sharing faith.

**The Way of Catechesis** Gerard F. Baumbach, 2017-05-31 Winner of a 2018 Association of Catholic Publishers Award, Resources for Ministry First Place, and a Catholic Press Association Award, Pastoral Ministry Second Place. Drawing on more than forty years of experience as a catechist, parish DRE, textbook publisher, and founding director of the Echo Program at the University of Notre Dame, Gerard F. Baumbach explores contemporary catechesis in light of its history. This landmark book is an essential resource for every catechetical leader and will spur a new appreciation of the opportunities and challenges of catechesis in the Church today. The Way of Catechesis offers a new and timely perspective on the vital ministry of catechesis at a pivotal moment in the work of New Evangelization. Baumbach shows how today's catechists can follow the pedagogy of Jesus: the way, the truth, and the life, and he invites readers to an understanding that includes both the process and the content of handing on the faith and also a way of living in union with Christ the Teacher. Baumbach asks readers to consider how key issues and questions throughout the Church's history shed light on today's questions and concerns. Numerous reflection questions help the reader prayerfully reflect and personally integrate the lessons. For example: What is Jesus teaching you through the Beatitudes about the need for a new evangelization in your life as you seek to promote the Church's mission to evangelize? What does our history teach us about inviting Catholics who are distant from the Church to find the way back to this community of faith? What is your earliest memory of hearing about the Second Vatican Council? What questions did you have? What questions about Vatican II do you have now? Drawing from his own experience, study, and implementation of the Rite of Christian Initiation of Adults, Baumbach highlights four characteristics—believing, discerning, and living—that help the reader connect the history of catechesis with their own faith and practice in the Church today. Each chapter also includes a broad look at highlights of some important dimensions of the catechetical climate, weaving together influences that affected the era. In addition, Baumbach explains the role of key thinkers in each period of the history of catechesis, including Cyril of Jerusalem, Thomas Aquinas, Robert Bellarmine, and Joseph Jungmann. Those engaged in catechesis and evangelization at every level will find much to enrich their ministry and deepen their commitment to the Church in this extraordinary book.

**A Theology for Christian Education** James R. Estep, Michael Anthony, Gregg Allison, 2008-09-15 What is Christian about Christian education? How is it different from non-Christian education? A Theology for Christian Education examines this question in depth and argues that the

doctrines of systematic theology should drive the content purpose and methods of the educational program of the church. The book states Christian education is distinct from other kinds of education in that its aim is the transformation of the whole person into the likeness of Christ Col 1:28. Christian education is the process of accomplishing this aim. A Theology for Christian Education dedicates chapters to examining particular doctrines and their implications for Christian education. It is the only serious academic text to offer a systematic presentation of the intersection of theology and Christian education from a conservative evangelical perspective.

**The Rite of Confirmation** Peter R. Monkres, R. Kenneth Ostermiller, 2010-04-01

To mature spiritually Christians need a place to develop and test their relationship with God to reflect on the essential theological concepts that are part of the faith tradition and to enjoy opportunities to serve others. These are the foundation stones of the rite of confirmation from the Introduction. The Rite of Confirmation is an adult study guide that allows clergy, Christian educators, and lay leaders to discuss and explore how confirmation can open the door to a lifelong ministry of recognizing ways to grow in faith. Monkres and Ostermiller's groundbreaking research provides information on new approaches to the teaching and understanding of confirmation and includes the authors' concept of confirmation as a repeatable rite. Existing models of confirmation are explored leading to a discussion of the ways in which confirmation can be more meaningful in the church today.

*International Handbook of the Religious, Moral and Spiritual Dimensions in Education* Marian de Souza, Gloria Durka, Kathleen Engebretson, Robert Jackson, Andrew McGrady, 2007-06-04

Traditionally spirituality has resided and been contained within religious frameworks but while the links between the two areas are still acknowledged by many in the contemporary world spirituality is perceived by some as an aspect of human life that is distinct from religion. Consequently many are searching for meaning within and without religious traditions today and seeking answers to ethical and moral questions that have been generated by the knowledge and technological explosion. One outcome is the renewed interest in the religious, spiritual, and moral dimensions of education throughout the life cycle. This International Handbook presents the research and professional practice of scholars who are daily engaged in the consideration of these dimensions in education. The result is a collection of essays which reflects the discipline in all of its internationality as it is today. Embedded within the chapters is also an agenda for the future where the religious, moral, and spiritual dimensions in education are proposed as an exciting and challenging way forward for educators at all levels in society. As well it offers a vision for the emergence of a peaceful and just world.

**Black and White Styles of Youth Ministry** William R. Myers, 2009-10-01

Bill Myers has offered a much needed picture of black and white styles of youth ministry. His own style of writing is stunning. The book is so rich in historical reflection and descriptive detail that one cannot avoid being confronted by the urgent issues of race, culture, and social history, all vitally important in shaping ministry. Mary Elizabeth Moore, School of Theology at Claremont.
