Ethiopia Uganda Sudan Liberia Nigeria and Cameroon Asia North Korea Turkmenistan Indonesia and Pakistan and Latin America Argentina and Mexico This work goes beyond the usual analyses that cast clothing choices as trivial or constraining and shows how political actors from dictators to elected officials and from citizen activists to social movement leaders incorporate strategic choices about their clothing ranging from uniforms and business attire to hijab and traditional ethnic attire in order to advance their political agendas Who's Who in Fashion Holly Price Alford, Anne Stegemeyer, 2014-09-25 Students of fashion design are eager to explore the history of their chosen field as well as keep up with new and emerging designers Who's Who in Fashion captures the energy drama and excitement of the luminaries who make up the world of fashion Profiles include design philosophies mentors and sources of inspiration tracing the careers of many of the men and women who have contributed to fashion Not only are today's major figures and legendary designers of the past profiled but lesser known individuals and newcomers worth watching are included as well Also included are the interesting nonconformists free spirits who prefer to work off the main fashion path The picture would not be complete without the style makers those with an instinct and an eye for fashion who interpret it for the public the editors photographers and artists

Fashion, Women and Power Denise N. Rall, 2021-12-10 This book addresses the relationships between fashion women and power One of the constants within the book is to question the enduring relationship between women and dress and how these inform and articulate the ways in which women remain represented as either suitable or not for public office and their behaviour is informed through dress when they are in power The book critiques the interplays between politics power class race and expectation in relation to the everyday practice of getting dress and the more performative and symbolic function of dress as embodiment As never before women are in positions of political power and find themselves facing the maelstroms of mass media regarding their fashion their deportment and their right to govern The contributors offer a wide set of perspectives on women and their roles and their fashions when taking up powerful positions in Australia New Zealand United Kingdom and the United States From the United Kingdom the historical issues surrounding the movement towards rational dress for women seeking their rights to vote and exercise are interrogated The volume also explores viewpoints from East Asia such as the constricting role for common women upon entering the Imperial family in Japan From the United States come the troublesome media stories engulfing two significant American Democratic First Ladies Hillary Rodham Clinton and Michelle Obama From New Zealand the media reports on Prime Minister Jacinda Ardern upon her motherhood while serving in the office and on her clothing during the 2019 Christchurch massacre comprise a much needed contribution to the literature on women politics and dress Further the role of dress in politics broadly as a form of resistance will be examined in Australia from recent skirmishes over appropriate dress with ex prime minister Julia Gillard and other Australian female politicians The role of women and what their fashion selections mean continues via considerable debate during worldwide events Finally the theme of resistance and social media continues with an examination of protest dressing in the recent street

The International Politics of Fashion Andreas Behnke, 2016-07-07

This book seeks to address and fill a puzzling omission in contemporary critical IR scholarship Following on from the aesthetic turn in IR critical and postmodern IR has produced an impressive array of studies into movies literature music and art and the way these media produce mediate and represent international politics By contrast the proponents of the aesthetic turn have overlooked fashion as a source of knowledge about global politics Yet stories about the political role of fashion abound in the news media Margaret Thatcher used dress to define her political image and more recently the fascination with Michelle Obama Carla Bruni and other women in similar positions and the discussions about the appropriateness of their wardrobes regularly makes the news In Sudan a female writer and activist successfully challenged the government over her right to wear trousers in public and in Europe the debate on women's headscarves has politicised a garment item and turned it into a symbol of fundamentalism and oppression In response the contributors to this book investigate the politics of fashion from a variety of perspectives addressing theoretical as well as empirical issues establishing the critical study of fashion and its protagonists as a central contribution to the aesthetic turn in international politics The politics of fashion go beyond these examples of the uses and abuses of textiles and fabrics for political purposes extending into its very grammar and vocabulary This book will be a unique contribution to the field and will be of interest to students and scholars of international relations critical IR theory and popular culture and world politics

My Turn Nancy Reagan, 2011-09-14

The former First Lady discusses her life the Reagan administration her shaky relationship with her children and key White House personnel her husband's involvement in the Iran Contra affair and her bout with cancer During our White House years I said almost nothing about how I really felt regarding the controversies that swirled around me But now those years are over and it's my turn to describe what happened About Ronald Reagan Although Ronnie loves people he often seems remote and he doesn't let anybody get too close There's a wall around him He lets me come closer than anyone else but there are times when even I feel that barrier About being a mother What I wanted most in all the world was to be a good wife and mother As things turned out I guess I've been more successful at the first than at the second About her influence I make no apologies for telling Ronnie what I thought Just because you're married doesn't mean you have no right to express your opinions For eight years I was sleeping with the president and if that doesn't give you special access I don't know what does About astrology What it boils down to is that each person has his or her own ways of coping with trauma and grief with the pain of life and

astrology was one of mine Don t criticize me I wanted to say until you have stood in my place This helped me Nobody was hurt by it except possibly me About Don Regan His very first day on the job Don said that he saw himself as the chief operating officer of the country But he was hired to be chief of staff Although I believed for a long time that Donald Regan was in the wrong job my power in getting him to leave has been greatly exaggerated Believe me if I really were the dragon lady that he described in his book he would have been out the door many months earlier **The Hidden History of**
