**A Race for Real Sailors** Keith McLaren, 2021-03-26 In the summer of 1920 the public following the latest America's Cup series were frustrated to find that every time the wind got up the organizers called off the race There was muttering in the taverns of Halifax and Lunenburg why not show these fancy yachtsmen what real sailors can do A Nova Scotia newspaper donated a trophy and put out a challenge to their rivals in New England inviting them to meet the Maritimes best in a race for real sailors A Race for Real Sailors is a vibrant history of the Fishermen's Cup series which dominated sporting headlines between the two world wars The salt spray practically blows off the page as the author's arresting style captures the drama of each race and the personalities of the ships that contested them the Delawana and the Esperanto the Columbia and the Gertrude L Thebaud and dominating them all the Bluenose the big brute from Lunenburg whose image shines on the Canadian dime to this day Vying for the spotlight are the boats larger than life skippers among them Marty Welch the hard charging American who first took the cup Ben Pine the Gloucester scrap dealer whose passion kept the races afloat when they seemed destined to fade away and the irascible impossible Angus Walters master of the Bluenose who repeatedly broke American hearts but whose own heart was broken by Canada's refusal to come to the rescue of his beloved vessel This stirring and poignant tale is illustrated with 51 historical photographs and five maps and rounded out by a glossary of sailing terms and an appendix of the ever changing race rules This is a story that will keep even confirmed landlubbers pegged to their seats a tale of iron men and wooden ships whose time will never come again

**Tancook Schooners** Wayne M. O'Leary, 1994 The Tancook Schooners recounts the history of a remarkable yet neglected Atlantic Canadian watercraft The little Bluenoses as they were called formed the backbone of Nova Scotia's inshore fisheries and short run coastal trade in the early twentieth century The book also records the story of a unique although in many ways typical Maritime coastal community on the brink of the modern industrial age

*Selected Letters* Charles Olson, 2001-02-21 For Charles Olson letters were not only a daily means of communication with friends but were at the same time a vehicle for exploratory thought In fact many of Olson's finest works including Projective Verse and the Maximus Poems were formulated as letters Olson's letters are important to an understanding of his definition of the postmodern and through the play of mind exhibited here we recognize him as one of the vital thinkers of the twentieth century In this volume edited and annotated by Ralph Maud we see Olson at the height of his powers and also at his most human Nearly 200 letters selected from a known 3

000 demonstrate the wide range of Olson's interests and the depth of his concern for the future. Maud includes letters to friends and loved ones, job and grant applications, letters of recommendation, and Black Mountain College business letters, as well as correspondence illuminating Olson's poetics. As we read through the letters which span the years from 1931 when Olson was an undergraduate to his death in 1970, a fascinating portrait of this complex poet and thinker emerges.

Jim Delgado and Candace Clifford have produced a work that makes rewarding reading, as well as provides an invaluable source of information on maritime heritage. Their adventurous exploration of this heritage will interest more people in saving our historic ships. Peter Stanford, President, National Maritime Historical Society. Our maritime heritage is perhaps best represented by ships that brought our ancestors to the New World that fought in battles to protect our shores that moved people and goods from one coast to another and along the continent's great waterways and that opened up commerce in foreign lands. Yet for all their great importance, ships are among the most fragile of historic resources. They are especially subject to neglect and require extraordinary care to preserve them. And they cannot be as easily put to new uses as old buildings, requiring therefore a special dedication if they are preserved. *Great American Ships* for the first time celebrates this part of our national maritime heritage. Here are cataloged more than 225 ships on view to the public from Maine to Hawaii, including riverboats, battleships, ocean liners, fishing craft, yachts, and submarines. *The Log of Mystic Seaport*, 2001. *Bluenose, Queen of the Grand Banks* Feenie Ziner, Zeke Ziner, 1970.
