**A Viking in the Family** Keith Gregson,2011-09-30 Genealogist Keith Gregson takes the reader on a whistle stop tour of quirky family stories and strange ancestors rooted out by amateur and professional family historians Each lively entry tells the story behind each discovery and then offers a brief insight into how the researcher found and then followed up their leads revealing a range of chance encounters and the detective qualities required of a family historian For example one researcher discovered that his great great grandfather as a child was carried across the main street of West Hartlepool on the back of the famous tightrope walker Blondin The Victorian newspaper report said that the rope had been tied between two chimney pots Research into the author s own family revealed that one of his nineteenth century ancestors lost his leg in a Midlands coal mining accident and that the amputated leg was buried in the local cemetery to be joined by the rest of him on his final demise A Viking in the Family is full of similar unexpected discoveries in the branches of family trees

**JFK and LBJ** Godfrey Hodgson,2015-01-01 A firsthand observer weighs the achievements and failures of two fabled American presidents As a young White House correspondent during the Kennedy and Johnson years in Washington D C Godfrey Hodgson had a ringside seat covering the last two great presidents of the United States John F Kennedy and Lyndon B Johnson two men who could not have been more different Kennedy s wit and dashing style his renown as a national war hero and his Ivy League Boston Brahmin background stood in sharp contrast to Lyndon Johnson s rural humble origins in Texas his blunt forceful but effective political style his lackluster career in the navy and his grassroots populist instincts Hodgson a sharp eyed witness throughout the tenure of these two great men now offers us a new perspective enriched by his reflections since that time a half century ago He offers us a fresh dispassionate contrast of these two great men by stripping away the myths to assess their achievements ultimately asking whether Johnson has been misjudged He suggests that LBJ be given his due by history arguing that he was as great a president as perhaps even greater than JFK The seed that grew into this book was the author s early perception that JFK s performance in office was largely overrated while LBJ s was consistently underrated Hodgson asks key questions If Kennedy had lived would he have matched Johnson s ambitious Great Society achievements Would he have avoided Johnson s disastrous commitment in Vietnam Would Nixon have been elected his

successor and if not how would American politics and parties look today Hodgson combines lively anecdotes with sober analyses to arrive at new conclusions about the U S presidency and two of the most charismatic figures ever to govern from the Oval Office
