Uncle Daniel's Story of "Tom" Anderson John McElroy, 2020-08-15 Reproduction of the original Uncle Daniel's Story of Tom Anderson by John McElroy *Notes and Queries*, 1929 **The Science of Fairy Tales** Edwin Sidney Hartland, 2020-07-17 Reproduction of the original The Science of Fairy Tales by Edwin Sidney Hartland [The Dead Pulpit](#) Hugh Reginald Haweis, 1896 **Dirty Tricks** Martyn Gregory, 2010-07-28 Richard Branson's Virgin Atlantic was valued at over 1.2 billion when he sold a 49% stake to Singapore Airlines in 1999. This was an extraordinary achievement for an airline that began life in 1984 with one plane. Virgin Atlantic became one of the world's top airlines only after surviving an incredible dirty tricks campaign by British Airways. Award Winning investigative journalist Martyn Gregory exposed BA's secret war and he reveals the full story in Dirty Tricks *The Limits of Dissent* Frank L. Klement, 2021-12-14 Every American war has brought conflict over the extent to which national security will permit protesters to exercise their constitutional guarantee of freedom of expression. The most famous case was that of Clement L. Vallandigham, the passionate critic of Lincoln's Civil War policies and one of the most controversial figures in the nation's history. In the great crisis of his time, he insisted that no circumstance, even war, could deprive a citizen of his right to oppose government policy freely and openly. The consequence was a furor which shook the nation's legislative halls and filled the press with vituperation. The ultimate fate for Vallandigham was arrest, imprisonment, and exile. The burning issues raised by his case remain largely unresolved today. Mr. Klement follows the tragic irony of Vallandigham's career and reassesses the man and history's judgment of him. After his death, Valiant Val became a symbol of the dissenter in wartime whose case continues to have relevance in American democracy **Records of the Cockburn Family** Sir Robert Cockburn (bart), Harry A. Eighteen such histories are presented here, chronicling the origins and resources of a number of tribal families. In lieu of written records, these oral traditions stood as Nuuchahnulth history and were recited formally in public on ceremonial occasions. Several accounts give long lists of foods. Others describe the acquisition of important technological advances such as a salmon trap. Half of the texts are short, focusing on a particular item like a mask or a house decoration. One text lists hundreds of Nuuchahnulth place names given mythically by Swan Women to the Port Alberni region, which was previously Salish in population and language. Generally, these histories explain how the world came to be and set forth family claims to material and spiritual resources. Each account belonged to the family which had the exclusive right to tell it publicly. Summary outlines are provided in the introduction.
