Granlund Paul Theodore Granlund,1978 **Visual Theology** Robin Margaret Jensen,Kimberly J. Vrudny,2009 At least since the time of Paul see Acts 18 Christians have wrestled with the power and danger of religious imagery in the visual arts It was not until the middle of the twentieth century that there emerged in Western Christianity an integrated academic study of theology and the arts Here one of the pioneers of that movement H Wilson Yates along with fourteen theologians examine how visual culture reflects or addresses pressing contemporary religious questions The aim throughout is to engage the reader in theological reflection mediated and enhanced by the arts This beautifully illustrated book includes more than fifty images in full color **Sexual Fulfillment** Herbert W. Chilstrom,Lowell O. Erdahl, This book approaches some of the more difficult to discuss areas of human sexuality singles and sexual fulfillment unmarried persons and sexual fulfillment same sex relationships and sexual fulfillment in the elder years The authors distinguish between life giving sex and life degrading sex They then discuss healthy sexuality in a variety of life stages and relationships With a pastoral and compassionate tone the authors explore the issues Christian people face with respect to the experience and expression of their sexuality Questions for discussion are intended both to elicit personal reflection and to move congregations to become safe places *American Paintings and Sculpture in the University Art Museum Collection* University of Minnesota.
