Grasshoppers And Butterflies The Light Three Pounders Of Pattison And Townshend

Lawrence E. Babits, Joshua B. Howard

Grasshoppers And Butterflies The Light Three Pounders Of Pattison And Townshend:

Grasshoppers and Butterflies Adrian Bernard Caruana, Museum Restoration Service, Museum Restoration Service Staff, 1999-01-01 *Grasshoppers and Butterflies* Museum Restoration Service, 1980 *Grasshoppers and Butterflies* Adrian B. Caruana, Museum Restoration Service, 1979 Gavin K. Watt's Revolutionary Canadian History 5-Book Bundle Gavin K. Watt, 2014-07-02 This special bundle collects five titles by military history specialist Gavin K Watt This series has a unique focus The American War of Independence viewed from the perspective of British operations in the north The Burning of the Valleys concerns a decisive campaign against the northern frontier of New York in the fifth year of the war A Dirty Trifling Piece of Business is about operations in the sixth year including in the south In Poisoned by Lies and Hypocrisy Watt explores the first two campaigns of the American Revolution through their impact on Canada and describes how a motley group of militia American loyalists and British regulars managed to defend Quebec and repel the invaders Rebellion in the Mohawk Valley concerns the campaign that led to the destruction of British held Fort Ticonderoga These titles are essential reading for military history early Canadian history and War of Independence history buffs Includes The Burning of the Valleys A Dirty Trifling Piece of Business I Am Heartily Ashamed Poisoned by Lies and Hypocrisy Rebellion in the Mohawk Valley *The Burning of the Valleys* Gavin K. Watt, 1997-03-01 In the fifth year of the War of Independence while the Americans focused on the British thrust against the Carolinas the Canadian Department waged a decisive campaign against the northern frontier of New York Their primary target was the Mohawk River region known to be the grainbowl that fed Washington s armies The Burning of the Valleys details the actions of both sides in this exciting and incredibly effective British campaign General Frederick Haldimand of Canada possessed a potent force formed by the deadly alliance of toughened embittered Tories who had abandoned their families and farms in New York and Pennsylvania to join the King s Provincial regiments in Canada and the enraged Six Nations Iroquois whose towns and farmlands had been utterly devastated by Continentals in 1779 The Governor augmented this highly motivated force with British and German regulars and Canadian Iroquois In October without benefit of modern transportation communications or navigational aids four coordinated raids each thoroughly examined in this book penetrated deeply into American territory The raiders fought skirmishes and battles took hundreds of prisoners burned forts farms and mills and destroyed one of the finest grain harvests in living memory *Gavin K. Watt's Revolutionary Canadian History 6-Book Bundle* Gavin K. Watt, 2017-06-26 This special bundle collects six titles by military history specialist Gavin K Watt This series has a unique focus The American War of Independence viewed from the perspective of British operations in the north The Burning of the Valleys concerns a decisive campaign against the northern frontier of New York in the fifth year of the war A Dirty Trifling Piece of Business is about operations in the sixth year including in the south In Poisoned by Lies and Hypocrisy Watt explores the first two campaigns of the American Revolution through their impact on Canada and describes how a motley group of militia American loyalists and

British regulars managed to defend Quebec and repel the invaders. Rebellion in the Mohawk Valley concerns the campaign that led to the destruction of British held Fort Ticonderoga. Fire and Desolation details how misrule and fraying alliances led to a ferocious campaign in 1777 that changed the course of the American Revolution. These titles are essential reading for military history, early Canadian history, and War of Independence history buffs. Includes The Burning of the Valleys, A Dirty Trifling Piece of Business, I Am Heartily Ashamed, Poisoned by Lies and Hypocrisy, Rebellion in the Mohawk Valley, New in 2017, Fire and Desolation.

The Strategy of Victory Thomas Fleming, 2017-10-10. A sweeping and insightful grand strategic overview of the American Revolution highlighting Washington's role in orchestrating victory and creating the US Army. Led by the Continental Congress, the Americans almost lost the war for independence because their military thinking was badly muddled. Following the victory in 1775 at Bunker Hill, patriot leaders were convinced that the key to victory was the home-grown militia, local men defending their families and homes. But the flush of early victory soon turned into a bitter reality as the British routed Americans fleeing New York. General George Washington knew that having and maintaining an army of professional soldiers was the only way to win independence. As he fought bitterly with the leaders in Congress over the creation of a regular army, he patiently waited until his new army was ready for pitched battle. His first opportunity came late in 1776 following his surprise crossing of the Delaware River. In New Jersey, the strategy of victory was about to unfold. In *The Strategy of Victory*, preeminent historian Thomas Fleming examines the battles that created American independence, revealing how the creation of a professional army worked on the battlefield to secure victory, independence, and a lasting peace for the young nation.

A Devil of a Whipping Lawrence E. Babits, 2011-02-01. The battle of Cowpens was a crucial turning point in the Revolutionary War in the South and stands as perhaps the finest American tactical demonstration of the entire war. On 17 January 1781, Daniel Morgan's force of Continental troops and militia routed British regulars and Loyalists under the command of Banastre Tarleton. The victory at Cowpens helped put the British army on the road to the Yorktown surrender and ultimately cleared the way for American independence. Here Lawrence Babits provides a brand new interpretation of this pivotal South Carolina battle. Whereas previous accounts relied on often inaccurate histories and a small sampling of participant narratives, Babits uses veterans' sworn pension statements, long forgotten published accounts, and a thorough knowledge of weaponry, tactics, and the art of moving men across the landscape. He identifies where individuals were on the battlefield when they were there and what they saw, creating an absorbing common soldier's version of the conflict. His minute-by-minute account of the fighting explains what happened and why, and in the process refutes much of the mythology that has clouded our picture of the battle. Babits puts the events at Cowpens into a sequence that makes sense given the landscape, the drill manual, the time frame, and participants' accounts. He presents an accurate accounting of the numbers involved and the battle's length. Using veterans' statements and an analysis of wounds, he shows how actions by North Carolina militia and American cavalry affected the battle at critical times. And by fitting together clues from a number

of incomplete and disparate narratives he answers questions the participants themselves could not such as why South Carolina militiamen ran toward dragoons they feared and what caused the mistaken order on the Continental right flank

Washington's Crossing David Hackett Fischer, 2006-02-01 Six months after the Declaration of Independence the American Revolution was all but lost Yet as David Hackett Fischer recounts in this riveting history George Washington and many other Americans refused to let the Revolution die On Christmas night as a howling nor easter struck the Delaware Valley he led his men across the river and attacked the exhausted Hessian garrison at Trenton killing or capturing nearly a thousand men A second battle of Trenton followed within days The Americans held off a counterattack by Lord Cornwallis's best troops then were almost trapped by the British force Under cover of night Washington's men stole behind the enemy and struck them again defeating a brigade at Princeton The British were badly shaken In twelve weeks of winter fighting their army suffered severe damage their hold on New Jersey was broken and their strategy was ruined

With Zeal and With Bayonets Only Matthew H. Spring, 2012-11-08 The image is indelible densely packed lines of slow moving Redcoats picked off by American sharpshooters Now Matthew H Spring reveals how British infantry in the American Revolutionary War really fought This groundbreaking book offers a new analysis of the British Army during the American rebellion at both operational and tactical levels Presenting fresh insights into the speed of British tactical movements Spring discloses how the system for training the army prior to 1775 was overhauled and adapted to the peculiar conditions confronting it in North America First scrutinizing such operational problems as logistics manpower shortages and poor intelligence Spring then focuses on battlefield tactics to examine how troops marched to the battlefield deployed advanced and fought In particular he documents the use of turning movements the loosening of formations and a reliance on bayonet oriented shock tactics and he also highlights the army's ability to tailor its tactical methods to local conditions Written with flair and a wealth of details that will engage scholars and history enthusiasts alike *With Zeal and with Bayonets Only* offers a thorough reinterpretation of how the British Army's North American campaign progressed and invites serious reassessment of most of its battles

Rebellion in the Mohawk Valley Gavin K. Watt, 2002-05-01 In the summer of 1777 while the British and the Americans were engaged in the bitter American Revolution a massive campaign was launched from Canada into New York State Brigadier Barry St Leger led a crucial expedition from Lake Ontario into the Mohawk Valley The goal was to travel by waterways to join Lieutenant General John Burgoyne in the siege of Albany But Leger encountered obstacles along the way While laying siege to Fort Stanwix Leger received word that Benedict Arnold was leading a massive relief column that was headed their way Leger and his men retreated and despite a later attempt to carry on were never able to help Burgoyne The Americans then destroyed the British held Fort Ticonderoga marking the end of the campaign The results of the failed St Leger expedition were historic Not only was the loss of Fort Ticonderoga a major blow to the British war effort but the campaign also brought about the disillusionment of the Iroquois Confederacy and saw the founding of the infamous Butler's

Rangers and the first major campaign of Sir John Johnson's King's Royal Regiment **Revolutionary War in the Southern Back Country, The** James Swisher, 2007-12-04 A description of the events that led to the climax and eventual demise of the British campaigns in the Southern theater during the Revolutionary War The introductory chapter presents the British and Hessian employment of the eighteenth century European method of warfare and the ways it contrasted with the colonial army's diverse and constantly changing fighting styles The subsequent nine chapters detail the principal military efforts of the British in the South their capture of seaports movement in the backcountry and the critical winter campaign of 1780-81 This almost forgotten campaign and its trilogy of intense clashes at Guilford Court House Cowpens and Kings Mountain proved pivotal to American independence The leadership of the armies isolated in the backcountry and left to their own resources for survival is addressed The British profiles include the admirably courageous direction of Lord Charles Cornwallis his morally questionable but valorous cavalry commander Banastre Tarleton as well as a cadre of impressive young officers such as Webster Stuart O'Hara Hall and Ewall Swisher's profiles of the Southern colonial army details the genius strategies of Maj Gen Nathaneal Greene and the astute backwoods tactical abilities of Daniel Morgan at Cowpens

Long, Obstinate, and Bloody Lawrence E. Babits, Joshua B. Howard, 2009-03-15 On March 15 1781 the armies of Nathanael Greene and Lord Charles Cornwallis fought one of the bloodiest and most intense engagements of the American Revolution at Guilford Courthouse in piedmont North Carolina In Long Obstinate and Bloody the first book length examination of the Guilford Courthouse engagement Lawrence E Babits and Joshua B Howard piece together what really happened on the wooded plateau in what is today Greensboro North Carolina and identify where individuals stood on the battlefield when they were there and what they could have seen thus producing a new bottom up story of the engagement

Artillery of the Napoleonic Wars: A Concise Dictionary, 1792-1815 Kevin F. Kiley, 2021-03-15 A comprehensive military history reference book exploring all aspects of the artillery used during the Napoleonic Wars Napoleon began his military career as an artillery cadet and artillery played a fundamental part in all his great battles Until the Napoleonic Wars artillery had been seen merely as a supporting arm to the infantry but Napoleon changed everything He massed his guns in huge batteries to blast holes in his opponent's line He even used the artillery to charge the enemy the gunners galloping up to the enemy to open fire at pointblank range Napoleon's opponents did not all follow suit choosing other tactical deployments As a result the Napoleonic era more than any that preceded or followed it was one of fascinating artillery maneuvers and critical actions that changed the course of many of the key battles As the Prussian Field Marshal Blücher once observed Against Napoleon you needed guns and lots of them The Napoleonic Wars was also a time of innovation with the introduction of shrapnel shells and military rockets This book will examine the artillery arms of all sides from muzzle to butt plate As well as the significant artillerymen of the period the scientists and innovators military and civilian individuals such as Robins Belidor Gribeauval and his colleagues Maritz Liechtenstein and his collaborators as well as the du Teil

brothers will all be examined as will the important battles and sieges significant memoirs and documents and artillery terms that soon became part of the military lexicon Written by the renowned historian Kevin F Kiley this will be the definitive book on the subject and will cover all aspects of artillery in the Napoleonic Wars This is a wonderfully complete induction into the details of Napoleonic Artillery As well as defining some of the archaic terms associated with the art of gunnery note point blank is not what we mostly believe it to be it provides background to the careers of the key characters in the science The book contains many excellent technical drawings to explain sketches and images to inform and data tables in the appendix to which to refer Overall it is an indispensable aid to understanding the artillery of the period Michael McCarthy battlefield guide

Leading Like the Swamp Fox Kevin Dougherty, Steven D. Smith, 2022-06-16 A riveting and applicable study of how Francis Marion delivered the leadership and strategy to defeat the British in the South Carolina lowcountry campaigns Francis Marion is certainly the stuff of which legends are made His nickname The Swamp Fox bestowed upon him by one of his fiercest enemies captures his wily approach to battle The embellishment of his exploits in Parson Weems early biography make separation of fact from fiction difficult but certainly represents the awe loyalty and attraction he produced in those around him His legacy is enshrined in the fact that more places in the United States have been named after him than any other soldier of the American Revolution with the sole exception of George Washington Even today s U S Army Rangers include Marion as one of their formative heroes Surely much about leadership can be learned from such an intriguing personality Leading like the Swamp Fox The Leadership Lessons of Francis Marion unlocks those lessons Divided into three parts the book first presents the historical background and context necessary to appreciate Marion s situation The main body of the book then examines Marion s leadership across eight categories with a number of vignettes demonstrating Marion s competency The summary then captures some conclusions about how leadership impacted the American Revolution in the South Carolina Lowcountry An appendix provides some information about how the reader might explore those physical reminders of Marion and his exploits that exist today Readers interested in history or leadership or both will all find something for them in Leading like the Swamp Fox

Cowpens Battlefield Lawrence E. Babits, 1993 With superb maps and text including extensive quotation of the soldiers this guide reveals the strategies and maneuvers of the battle

International Books in Print, 1986 *Canadiana*, 1981 British Smooth-bore Artillery David McConnell, Canadian Parks Service. National Historic Parks and Sites, 1988 Under its mandate to interpret Canadian history to the public Environment Canada Parks initiated an extensive study of the technology of British ordnance c1710 1860s to aid in the re creation of period settings at a number of British military sites in Canada and to provide a manual for the reconstruction of pieces of artillery their carriages and platforms The study covers the production of ordnance the history of the development and design of various pieces guns mortars howitzers carronades their carriages and platforms and the development of gunpowder cartridges fuses and projectiles
