Ford, Graham Stanton, 2004 Eighteen leading scripture scholars and theologians engage with key issues and texts to do with scripture and theology They look at how the Bible and theology have come together in the past in Judaism the early Church the Middle Ages early modernity and the 20th century How is current biblical scholarship to be related to past insights and modern methods Contributors debate how wisdom is to be related to faith and to reason **Inside the Whirlwind** Jason Alan Carter, 2016-12-09 How would ordinary African Christians interpret the figure and book of Job the quintessential biblical book on suffering from contexts of extreme poverty tropical disease and rampant suffering How do African Christians culturally understand issues of theodicy and the nature of evil What role does the devil play in African Pentecostalism How does the biblical lament empower faith and foster hope for people living with HIV AIDS In what way does a theology of eschatological hope inform the spirituality and prayers of ordinary African believers in the midst of suffering Inside the Whirlwind offers insight on these fascinating questions Based upon the perspectives of Fang Christians

in Spanish speaking Equatorial Guinea Central Africa the thematic and theological reflections on evil suffering and hope emerging from sermons and Bible studies on the book of Job offer a remarkable window to view the main theological issues shaping grassroots African Christianity in the twenty first century *Towards a Malawian Theology of Laity* Volker Glissmann,2021-01-29 A key theological emphasis of the church is the priesthood of all believers This emphasis implies that lay empowerment and lay participation are central to what the church does Yet lay participation is a bit of an unfulfilled promise in many cases This book brings together church leaders theological educators as well as practitioners who are actively involved in lay ministry here in Malawi so that a stronger theology of laity for the Malawian church can emerge

Grassroots Post-Modernism Gustavo Esteva,Madhu Suri Prakash,1998 Gustavo Esteva is one of Latin America s best known alternative thinkers about development For this book he teams up with Madhu Suri Prakash to offer a vibrant and provocative critique of the Western development paradigm **Three's a Crowd** Jacqueline Grey,2011-06-13 Three s a Crowd brings together the three dialogue partners of Pentecostalism hermeneutics and the Old Testament Previous attempts by Pentecostal academics to define a distinctive Pentecostal hermeneutic have focused on issues and application to the New Testament consequently estranging the Old Testament from the conversation This book engages the hermeneutical practices of Pentecostal and Charismatic groups in reading the Old Testament in ways that are representative while critical of their movement s ideological bases and visions While the issue of understanding and developing a viable Pentecostal hermeneutic has continued to be debated within the academic journals of the community for over a decade most discussion has focused on the prescription of ideals rather than on the actual practice of the contemporary community By examining the reading practices of the Pentecostal and Charismatic community this book suggests a unique and rounded reading method that maintains the strengths of Pentecostal reading practices while addressing their inherent weaknesses In this way the voices of the three dialogue partners emerge in a mutual fellowship that engages both the needs of the Pentecostal community and informs the wider ecumenical dialogue *Deep Reading* Rachel B. Griffis,Julie Ooms,Rachel M. De Smith

Roberts,2024-05-28 This book helps readers develop practices that will result in deep formative and faithful reading so they can contribute to the flourishing of their communities and cultivate their own spiritual and intellectual depth The authors present reading as a remedy for three prevalent cultural vices distraction hostility and consumerism that impact the possibility of formative reading Informed by James K A Smith s work on the spiritual power of habit *Deep Reading* provides resources for engaging in formative and culturally subversive reading practices that teach readers how to resist vices love virtue and desire the good Rather than emphasizing the spiritual benefits of reading specific texts such as Dante s *Divine Comedy* or *Adventures of Huckleberry Finn* the authors focus on the practice of reading itself They examine practices many teachers students and avid readers employ such as reading lists reading logs and discussion and demonstrate how such practices can be more effectively and intentionally harnessed to result in deep reading The practices apply to any work that

is meant to be read deeply Reading Other-wise Gerald O.
