Great American Wilderneb:

The Great American Wilderness Larry Ludmer,1993-03 Reviews from Amazon com Touring America s national parks has become a passtime for me I ve been from Acadia to the North Cascades to the Grand Canyon and this book is an excellent reference With an emphasis on travelling via automobile it also has several suggested hiking trips in each park as well as other points of interest They say that most people never get more than 100 feet from their cars in parks Well this is the book to help get you there and point out the best routes outside of your car It covers more territory than anyone could possibly see in a lifetime but it s sure fun to try describes 53 national parks and monuments in depth giving advice on how to plan your time vital when it comes to setting schedule priorities Ludmer s tips are invaluable Physician s Travel Meeting Guide Although it does not include every site administered by the NPS this book is very thorough in its treatment of the 50 parks it covers The author also describes 13 suggested driving trips of five to 12 days each incorporating nearby attractions Includes detailed information on accommodations campgrounds activities available in each park handy tips and tidbits maps and photos A great travel reference book *The Great American Wilderness* Larry H.
