Trafalgar one of the most important naval battles in history Before the battle Napoleon still harbored dreams of sailing an invasion force across the English Channel and subduing England but that would be dashed on October 21 1805 by a British fleet that was outnumbered and outgunned That morning Admiral Horatio Nelson's fleet 27 strong bore down on the Franco-Spanish fleet approaching at right angles in two columns French Admiral Pierre-Charles Villeneuve's disposition was conventional a single line of battle ill formed due to the very light winds and the poor seamanship of many of the crews Traditional naval warfare strategies called for approaching an enemy fleet in one line and then creating a parallel line that allowed as many guns as possible to fire At the same time that kind of line of battle allowed for admirals to signal during battle and it made retreating in an orderly fashion easier After all if an enemy's ships pursued during a retreat they would break their own line The problem with that strategy as Nelson saw it is that the ability to retreat meant fighting a decisive naval battle would be made much more difficult Thus at Trafalgar he employed a completely innovative strategy The British plan was to punch straight through the enemy line with two approaching columns of ships which would cut the Franco-Spanish fleet's line in three prompting the melee that they knew would capitalize on their tactical superiority The Great Battle Never Fought Chris Mackowski, 2018-06-19 The stakes for George Gordon Meade could not have been higher After his stunning victory at Gettysburg in July of 1863 the Union commander spent the following months trying to bring the Army of Northern Virginia to battle once more and finish the job The Confederate army robbed of much of its offensive strength nevertheless parried Meade's moves time after time Although the armies remained in constant contact during those long months of cavalry clashes quick maneuvers and sudden skirmishes Lee continued to frustrate Meade's efforts Meanwhile in Washington D C Meade's political enemies launched an all out assault against his reputation and generalship Even the very credibility of his victory at Gettysburg came under assault Pressure mounted for the army commander to score a decisive victory and prove himself once more Smaller victories like those at Bristoe Station and Rappahannock Station did little to quell the growing clamor particularly because out west in Chattanooga another Union general Ulysses S Grant was once again reversing Federal misfortunes Meade needed a comparable victory in the east And so on Thanksgiving Day 1863 the Army of the Potomac rumbled into motion once more intent on trying again to bring about the great battle that would end the war The Great Battle Never Fought The Mine Run Campaign November 26 December 2 1863 recounts the final chapter of the forgotten fall of 1863 when George Gordon Meade made one final attempt to save the Union and in doing so save himself

100 Great Battles of the Rebellion Wesley Potter Kremer, 1906 **The American Civil War** Peter J. Parish, 1975

The Last and Greatest Battle John Bateson, 2015-01-02 In The Last and Greatest Battle the first book devoted exclusively to the problem of military suicides John Bateson brings this neglected crisis into the spotlight
