Our Musicals, Ourselves John Bush

Jones,2011-04-17 Our Musicals Ourselves is the first full scale social history of the American musical theater from the imported Gilbert and Sullivan comic operas of the late nineteenth century to such recent musicals as The Producers and Urinetown While many aficionados of the Broadway musical associate it with wonderful diversionary shows like The Music Man or My Fair Lady John Bush Jones instead selects musicals for their social relevance and the extent to which they engage directly or metaphorically contemporary politics and culture Organized chronologically with some liberties taken to keep together similarly themed musicals Jones examines dozens of Broadway shows from the beginning of the twentieth century to the present that demonstrate numerous links between what played on Broadway and what played on newspapers front pages across our nation He reviews the productions lyrics staging and casts from the lesser known early musicals the gunboat musicals of the Teddy Roosevelt era and the Cinderella shows and leisure time musicals of the 1920s and continues his analysis with better known shows including Showboat Porgy and Bess Oklahoma South Pacific West Side Story Cabaret Hair Company A Chorus Line and many others While most examinations of the American musical focus on specific shows or emphasize the development of the musical as an art form Jones s book uses musicals as a way of illuminating broader social and cultural themes of the times With six appendixes detailing the long running diversionary musicals and a foreword by Sheldon Harnick the lyricist of Fiddler on the Roof Jones s comprehensive social history will appeal to both students and fans of Broadway

Treason

Ann Coulter,2004-10-05 Liberals loyalty to the United States is off limits as a subject of political debate Why is the relative patriotism of the two parties the only issue that is out of bounds for rational discussion In a stunning follow up to her number one bestseller Slander leading conservative pundit Ann Coulter contends that liberals have been wrong on every foreign policy issue from the fight against Communism at home and abroad the Nixon and the Clinton presidencies and the struggle with the Soviet empire right up to today s war on terrorism Liberals have a preternatural gift for always striking a position on the side of treason says Coulter Everyone says liberals love America too No they don t From Truman to Kennedy to Carter to

Dead Man's Walk Richard S. Prather, 2014-04-01 L A detective Shell Scott is on a beautiful Caribbean island where voodoo and grisly murder lurk in the shadows of the postcard setting So says the private eye The island couldn't be more charming with its stretches of white beaches crystalline lagoons and exotic bikini clad beauties But with three dead bodies and a voodoo priest I had a hard time concentrating on sightseeing It seemed superstitious to me since nobody could solve the puzzling cause of their deaths So with the assistance of my own lovely native doll I had my work cut out for me and that was simply managing to evade the long voodoo needle that was destined for my heart Honored with the Life Achievement Award by the Private Eye Writers of America *Dead Man's Walk* is the 29th book in the Shell Scott Mysteries but you may enjoy reading the series in any order

Relationship Play Therapy Clark Moustakas, 1997-06 Renowned child therapist Clark Moustakas demonstrates how

play can be used to affirm and liberate children—children who suddenly become troubled in their school or family lives and can work out their anger and fear in just a few sessions as well as children who are seriously disturbed and must struggle to achieve emotional maturity respect for others and faith in themselves Truth Be Told Bruce L. Taylor, 2023-08-24 In his latest volume of sermons for the Common Lectionary Revised homilist Bruce Taylor has compiled more of his traditional and story form proclamations for the Sundays and feast days from Pentecost through Christ the King in Year B of the three year lectionary cycle Preached in various congregational settings these sermons are theologically rich sacramentally sensitive biblically centered and ecumenically minded articulating God's love for all of creation and emphasizing the profound implications of discipleship as well as the urgency of compassionate and prophetic Christian witness in both word and deed Truth Be Told like its predecessors in Taylor's first and second journeys through the lectionary will prove a welcome companion for preachers educators seminary students and devotional readers who will all find it to be an incisive and insightful exploration of the spiritual genius of the liturgical year and the unitive practice of preaching from common texts The book exemplifies how preaching honestly and with integrity from Mark's Gospel and the accompanying lectionary readings can shape interaction with the elements of the liturgy to promote faithful Christian worship and prompt responsible Christian living *Stories in Season* Bruce L. Taylor, 2025-07-29 *Stories in Season* brings together thirty two narrative sermons by Bruce Taylor based on the Common Lectionary Revised for preaching over the course of the Sundays and feast days of the Christian year Included here are stories published for the first time and a sampling of stories that have appeared in his books previously published by Wipf and Stock With some set in biblical times and others in imagined more recent circumstances they exemplify the engaging use of storytelling in the process of communicating the gospel drawing on Jesus' own example The homiletical task is never one of pure entertainment but the occasional and appropriate use of stories can provide a variety in preaching that sparks fresh interest in familiar Bible passages and invites congregations to discover new dimensions of the Scriptures and how Christian faith can and should shape daily life all while narrowing the distance between the Bible and our own time and place Whether the reader is a minister tasked with preaching or a lay person seeking intellectual and emotional connection with the continuing Christian epic these stories will bring a smile a tear a nod and a new engagement of heart and mind **MEMORY** Dorothea Lasky, 2025-11-04 A poet's spacious exploration of time memory and art in homage to Bernadette Mayer A spiritual homage to Bernadette Mayer's monumental artwork of the same title Dorothea Lasky's *Memory* is a cycle of poet's essays stirred by two profound questions What constitutes personhood and consciousness What memories get lost and why Expansive in her quest for answers Lasky launches an inspired investigation of the forces that form our lives and deepest senses of ourselves She identifies three dimensions of memory ancestral personal and poetic and in her singularly clear voice undertakes to enter into their mysteries From those recesses she returns with a wide ranging collection of essays that like lyric poems find the universal inside the particular *Memory* reflects

The Last Paladin P. T. Deutermann,2022-07-19 Winner of the 2023 W Y Boyd Literary Award for Excellence in Military Fiction A gripping tale of anti submarine warfare in the World War II Pacific Theater by a master of military adventure fiction The Last Paladin by P T Deutermann is based on the true story of the USS Holland DE 24 a World War II Atlantic Fleet destroyer escort which has spent the past two years in the unforgiving battle for survival against the German U boats of the North Atlantic Summoned to relieve destroyers that are bogged down by escort duty in the escalating Pacific Theater the Holland is met with a rather cold reception In the eyes of Pacific Fleet sailors North Atlantic convoy duty pales in comparison to the bloody carrier sinking battles of Savo Island and Guadalcanal However Atlantic Fleet ships have had to specialize in one thing anti submarine warfare The Holland is sent off into remote South Pacific operating areas with orders to find and destroy Japanese submarines but with little expectation of success Her commanders take the mission literally using radio intercepts that are being ignored at higher levels they determine that the Japanese have set up a 1000 mile long picket line of six submarines an entire squadron's worth to act as a moveable barrier against the expected American advance into the next set of islands These submarines are poised to sink every American aircraft carrier and destroyer and to change the course of the war What happens next is one of the legendary stories of the US Navy The Last Paladin is high stakes naval warfare at its best told with utter authenticity and a former ship captain's understanding of dramatic intense combat P T Deutermann continues his acclaimed series of WWII thrillers in this unforgettable novel **God the Creator** Miller, Denise
