Nemec presents complete team rosters and detailed player manager and umpire information with a wealth of statistics to warm a fan's heart. Sidebars cover a variety of topics from oddities the team that had the best record but finished second to analyses of why Cleveland didn't win any pennants in the 1890s. Additional benefits include dozens of rare illustrations and narrative accounts of each year's pennant race. Nemec also carefully charts the rule changes from year to year as the game developed by fits and starts to formulate the modern rules. The result is an essential work of reference and at the same time a treasury of baseball history. This new edition adds much material unearthed since the first edition fills gaps and corrects errors while presenting a number of new stories and fascinating details. David Nemec began the lifetime labor that helped produce this work in 1954 and admits it may never end as there always will be some obscure player whose birth date has not yet been found. Until perfection is achieved this work offers state of the art accuracy and detail beyond that supplied by even modern baseball encyclopedias. As Casey Stengel who was born during this era was wont to say you could look it up. Now you can. *Baseball State by State* Chris Jensen, 2012-08-09 Offering a fresh approach to the familiar concept of all time baseball teams this exhaustive work ranks more than 2,500 players by state of birth and includes both major league and Negro League athletes. Also included are all time stat leaders in nine categories: games, hits, average, RBI, home runs, stolen bases, pitching wins, strikeouts, and saves. A brief overview of the state's baseball history, notable player achievements, historic baseball places to see, potential future stars, a comprehensive list of player nicknames, and the state's all time best player. Wilbert, 2013-01-17 Although very few baseball games end with a final score of one to zero and such a score line might suggest a contest devoid of drama, nothing could be further from the truth.
