Grandparents Smells:

Grandparents/Grandchildren Arthur Kornhaber, Kenneth L. Woodward, 2019-11-20 In this book Kornhaber and Woodward explore the vital connections which link generations to each other and expose a new social contract that destroys the emotional bonds between grandparents and grandchildren This is the first book which reviews in a careful ethnographic manner the relationship of grandchildren to grandparents and the place of love at one end and abandonment at the other by grandparents The authors probe the deep unexplored emotional histories of hundreds of grandparents how they feel about themselves their grandchildren and their loss of function within today's nuclear family With sharp increases in the number of broken families and working mothers grandparents are more vital than ever and also more available than ever This basic research document shows how grandparents recover their natural role as elders of the family and of society The author's basic premise is that to exist is to be connected and that no matter how grandparents act they affect the emotional well being of their grandchildren for better or for worse simply because they exist In an age when mounting economic and social pressures make it increasingly easier to split a family than to sustain one the authors alert us to a forgotten source of family strength the power of grandparents to enrich the lives as a whole The case studies reported in this volume represent a first effort in an area left unexplored by developmental researchers There are lessons here for social scientists but even more for our alienated society Urie Bronfenbrenner Cornell University

Grandparents Isabelle Meier, 2016-10-04 Isabelle Meier presents a unique

examination of the relationship between grandparents and grandchildren viewed through the lens of analytical psychology. This relationship can have a huge impact on psychological development yet it has been largely neglected in studies of the family. Meier explores both clinical and theoretical material throughout the book. In the first part she dissects archetypal images in the intergenerational relationship particularly as shown in fairy tales, myths and legends. From the wise old woman to the wicked witch or the old wizard, memories and experiences of these archetypes can be stored in the implicit memory and activated later in life. The second part looks at the processes and functions of implicit memory and examines the concept of the complex as it applies to grandparents using Stern's studies on the present moment and intersubjective phenomena. Finally, in part three, Meier presents case studies from her own practice. Grandparents will be essential reading for Jungian analysts and psychotherapists, analytical psychologists and those in training. It will also be of interest to academics and students of Jungian studies, myth and anthropology and readers looking to explore intergenerational family relationships.

Grandparents' Little Dividends Marian S. Levin, Sunie Levin, 1991-08 [In My Grandfather's House](#) Marilou Trask-Curtin, 2006 **Finn** Matthew Olshan, 2001-03 Rescued from a murderous life with her mother, Chloe Wilder lives with her grandparents in the cocoon of a quiet middle class neighborhood. For the first time in her life, things are steady, safe and stifling. Jacket *Coming Home* Cynthia Pincus Russell, 2012 Russell, a psychotherapist and Psychosynthesis trainer, details how she dropped her full life overnight to run a home hospice for her dying older sister. She includes many useful quotes, references from experts, James Pennebaker and Steven Levine, and the author's reflections. *Grands Visit the Stars* Cecile Boyd Bullock, 2013-04 In the book *Grands Visit the Planetarium*, you will find that it is very family oriented. Grandma and Grandpa love having their grandchildren come to visit. They plan interesting things for them to do and love participating with them. After their own children grow up and move out, they look forward to spending time with their grandchildren. Grandma enjoys getting ready by baking cookies. Grandpa prepares by mowing the lawn and tightening the screws on the Jungle Jim and swing set. Grandma and Grandpa find themselves amused by their grandchildren's antics. They also love the way their grandchildren work together. It fills Grandma's and Grandpa's hearts having their grandchildren around. Grandparents are at a disadvantage when it comes to books directed toward them raising their grandchildren. The *Grand* series focuses on just that along with the time they spend together. The *Grand* series centers on how you would like your grandchildren to respond to the rest of the family. The series also allows grandparents to personalize the story by inputting your grandchildren's names into the book.
