Grandpas Town:

Fun with Grandpa Giuseppe Di Loreto, 2021-10-15 I would like to celebrate the two periods of our lives in which we are most vulnerable childhood and old age the first rich of curiosity and hope and the second rich in experience and wisdom I would like to plead from the civilized world more consideration and more patience toward our children and our seniors And most of all we should demand from our legislators more severe and public punishment for those who abuse them psychologically and physically in schools churches and nursing homes I would cut the hand that hits a child or an elderly person We should on the contrary find ways to improve conditions of their arrival in this world and the season of their farewell A society is judged by what it does for its kids its grandparents and its prisoners *Life in a Small Town* E.L. Steinberg, 2011-02-04 This book is about a time when life was not as simple as it is today People worked manual labor and ate very little living through tougher times than ever before but those people survived to see our generation grow up and be able to live in a less complicated time Those were a generation of survivors who successfully brought children into the world and raised them to survive in today's world Grandpa's Adventures Veda Taylor Strong, 2005-04-04 This novel is based on fact Though it is based on fact this novel uses fictional events places and characters Parts of the novel are humorous while other parts are exciting and interesting I am attempting to follow the lives of my father's parents John and Elizabeth Taylor from the time of the Civil War their marriage their lives and adventures in different states their travels across the country by wagon train and their lives in Tacoma Washington My dear aunt told me stories many years ago Some I remember and some I remember only parts of She was a very young girl at the time and experienced many of these things I learned many things by asking questions When relatives and people learned that I was interested in writing a book of this nature they came forward with letters and stories of their own that I was able to use Grandpa John was a tailor and made his living this way Later in years he became fascinated with the railroads and became an engineer I found this book to be fascinating to write and wishing that I could have been there and lived in such times before the machine revolution changed the world
