**Gratia Dei** Didier Méhu, Musée de la civilisation (Québec), 2004-01-01      **Museums of Today** Gabriel Alcalde i Gurt, Jusèp Boya Busquets, Xavier Roigé i Ventura, 2011-12-20 At the dawn of the 21st century museums of society seem to be undergoing a renaissance with approaches generating a new museological scene Basically the new vision involves an interdisciplinary view of societies in which the concept of society or civilization itself creates a new discourse which aims to make the museums reflect on the major challenges faced by society today such as multiculturalism identities and the complexity of the modern world nThe papers published in this book provide an introduction to some of the most prestigious museums of society in the world and an analysis of some of the major issues The papers written by the museum directors or managers offer an excellent insight into the way the museums have developed and the challenges they face whilst also providing some useful guidelines which might be taken into consideration in Catalonia n      **Scandinavia in the Middle Ages 900-1550** Kirsi Salonen, Kurt Villads Jensen, 2023-02-14 Medieval Scandinavia went through momentous changes Regional power centres merged and gave birth to the three strong kingdoms of Denmark Norway and Sweden At the end of the Middle Ages they together formed the enormous Kalmar Union comprising almost all lands around the North Atlantic and the Baltic Sea In the Middle Ages Scandinavia became part of a common Europe yet preserved its own distinct cultural markers Scandinavia in the Middle Ages 900 1550 covers the entire Middle Ages into an engaging narrative The book gives a chronological overview of political ecclesiastical cultural and economic developments It integrates to this narrative climatic changes energy crises devastating epidemics family life and livelihood arts education technology and literature and much else The book shows how different groups had an important role in shaping society kings and peasants pious priests nuns and crusaders merchants and students without forgetting minorities such as S mi and Jews The book is divided into three chronological parts 900 1200 1200 1400 and 1400 1550 where analyses of general trends are illustrated by the acts of individual men and women This book is essential reading for students of as well as all those interested in medieval Scandinavia and Europe more broadly      The Presence of the Past Julie Christianson Stivers, 2004      **The Cambridge Companion to Medieval English Literature 1100-1500** Larry Scanlon, 2009-06-18 A wide ranging survey of the most important medieval authors and genres designed for students of English      **Devotion to the Name of Jesus in Medieval English Literature, c. 1100 - c. 1530** Denis Renevey, 2022-08-01 Devotion to the Name of Jesus in Medieval English Literature c 1100 c 1530 offers a broad but detailed study of the practice of devotion to the Name of Jesus in late medieval England It focuses on key texts written in Latin Anglo Norman and Middle English that demonstrate the way in which devotion moved from monastic circles to a lay public in the late medieval period It argues that devotion to the Name is a core element of Richard Rolle s contemplative practice although devotion to the Name circulated in trilingual England at an earlier stage The volume investigates to what extent the 1274 Second Lyon Council had an impact in the spread of the

devotion in England and beyond It also offers illuminating evidence about how Margery Kempe and her scribes used devotion how Eleanor Hull made it an essential component of her meditative sequence seven days of the week and how Lady Margaret Beaufort worked towards its instigation as an official feast
