Gravediggers Of France Gamelin Daladier:

The Gravediggers of France, 1944 The Gravediggers of France ; Gamelin, Daladier, Reynaud, Petain, and Laval ; Military Defeat, Armistice, Counterrevolution Andre Geraud, 1968 **The Gravediggers of France: Gamelin, Daladier, Reynaud, Pétain, and Laval** Pertinax, 1944 *The Gravediggers of France* Pertinax, 1968 **The Gravediggers of France: Gamelin, Daladier, Reynaud, Pétain, and Laval** Andr? G?raud, 1944 *The Soviets, the Munich Crisis, and the Coming of World War II* Hugh Ragsdale, 2004-01-22 The Munich crisis is everywhere acknowledged as the prelude to World War II If Hitler had been stopped at Munich then World War II as we know it could not have happened The subject has been thoroughly studied in British French and German documents and consequently we know that the weakness in the Western position at Munich consisted in the Anglo French opinion that the Soviet commitment to its allies France and Czechoslovakia was utterly unreliable What has never been seriously studied in the Western literature is the whole spectrum of East European documentation This book targets precisely this dimension of the problem The Romanians were at one time prepared to admit the transfer of the Red Army across their territory The Red Army mobilised on a massive scale was informed that its destination was Czechoslovakia The Polish consul in Lodavia reported the entrance of the Red Army into the country In the meantime Moscow focused especially on the Polish rail network All of these findings are new and they contribute to a considerable shift in the conventional wisdom on the subject Hitler's Refugees and the French Response, 1933-1938 Julius Fein, 2021-03-01 Julius Fein examines the French response to the large number of German refugees between 1933 and 1938 Fein demonstrates how the Quai d Orsay sought a compromise between the Republican canon which said France must help the persecuted and the factors that limited its willingness to accept refugees including economic depression mass unemployment anti Semitism and anti German sentiment *The Fall of France in the Second World War* Richard Carswell, 2019-02-01 This book examines how the fall of France in the Second World War has been recorded by historians and remembered within society It argues that explanations of the fall have usually revolved around the four main themes of decadence failure constraint and contingency It shows that the dominant explanation claimed for many years that the fall was the inevitable consequence of a society grown rotten in the inter war period This view has been largely replaced among academic historians by a consensus which distinguishes between the military defeat and the political demise of the Third Republic It emphasizes the contingent factors that led to the military defeat At the same time it seeks to understand the constraints within which France s policy makers were required to act and the reasons for their policy making failures in economics defence and diplomacy **Defeat and Division** Douglas Porch, 2022-08-25 a definitive new account of France in the Second World War Provided by publisher Ill-Made Alliance Brock Millman, 1998 In 1939 faced with the German invasion of Czechoslovakia and a growing Italian threat in the Balkans Turkey and Britain and later France signed an alliance in which Turkey linked itself politically and militarily with Britain and France in exchange for financial assistance for its

rearmament program Despite the agreement however when the war came to the Mediterranean Turkey did not become involved Presenting a new interpretation of why the alliance failed Brock Millman explores Anglo Turkish relations leading up to the alliance of 1939 taking into account the broader economic military and strategic issues While previous accounts suggest that Turkey entered into the alliance reluctantly Millman contends that it not only wanted an alliance but sought as close a relationship as Britain would concede in the prewar years He attributes the failure of the alliance mainly to Britain's lack of support namely its inability to fit Turkey into its strategy in the Mediterranean its failure to produce a coherent operational plan that could encompass Turkish military co operation and its unwillingness to provide Turkey with timely and much needed financial material and industrial assistance Divided into three parts *The Ill Made Alliance* examines the roots and course of the Anglo Turkish rapprochement in the years 1934-38 the economic military and political factors in 1938-39 that inhibited development of the emerging alliance to the point where it might have been fully functional and the collapse of the alliance in 1939-40 *Catalog of Copyright Entries. Alexander, 2002 Since 1914 the French state has faced a succession of daunting crises This book showcases significant new scholarship reflecting greater access to French archival sources and focuses on the role of crises in fostering modernisation *End of the Affair* Eleanor M. Gates, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1981 **The Gravediggers of France** Pertinax, 1968 *Military Forces of France* John C. Cornelius, 1977 *Murder in the Métro* Gayle K. Brunelle, Annette Finley-Croswhite, 2010-05-01 On the evening of May 16 1937 the train doors opened at the Porte Daumesnil station in the Paris Métro to reveal a dying woman slumped by a window an eight inch stiletto buried to its hilt in her neck No one witnessed the crime and the killer left behind little forensic evidence This first ever murder in the Paris Métro dominated the headlines for weeks during the summer of 1937 as journalists and the police slowly uncovered the shocking truth about the victim a twenty nine year old Italian immigrant the beautiful and elusive Laetitia Toureaux Toureaux toiled each day in a factory but spent her nights working as a spy in the seamy Parisian underworld Just as the dangerous spy Mata Hari fascinated Parisians of an earlier generation the mystery of Toureaux's murder held the French public spellbound in pre war Paris as the police tried and failed to identify her assassin In *Murder in the Métro* Gayle K Brunelle and Annette Finley Croswhite unravel Toureaux's complicated and mysterious life assessing her complex identity within the larger political context of the time They follow the trail of Toureaux's murder investigation to the Comité Secret d'Action Révolutionnaire a secret right wing political organization popularly known as the Cagoule or hooded ones Obsessed with the Communist threat they perceived in the growing power of labor unions and the French left wing the Cagoule's leaders aimed

to overthrow France's Third Republic and install an authoritarian regime allied with Italy. With Mussolini as their ally and Italian fascism as their model, they did not shrink from committing violent crimes and fomenting terror to accomplish their goal. In 1936 Toureaux, at the behest of the French police, infiltrated this dangerous group of terrorists and seduced one of its leaders, Gabriel Jeantet, to gain more information. This operation eventually cost Toureaux her life. The tale of Laetitia Toureaux epitomizes the turbulence of 1930s France as the country prepared for a war most people dreaded but assumed would come. This period therefore generated great anxiety but also offered new opportunities and risks to Toureaux as she embraced the identity of a modern woman. The authors unravel her murder as they detail her story and that of the Cagoule within the popular culture and conflicted politics of 1930s France. By examining documents related to Toureaux's murder, documents the French government has sealed from public view until 2038, Brunelle and Finley Croswite link Toureaux's death not only to the Cagoule but also to the Italian secret service for whom she acted as an informant. Their research provides likely answers to the question of the identity of Toureaux's murderer and offers a fascinating look at the dark and dangerous streets of pre-World War II Paris.

The Fall of France Julian Jackson, 2004-04-22 On 16 May 1940 an emergency meeting of the French High Command was called at the Quai d'Orsay in Paris. The German army had broken through the French lines on the River Meuse at Sedan and elsewhere only five days after launching their attack. Churchill, who had been telephoned by Prime Minister Reynaud the previous evening to be told that the French were beaten, rushed to Paris to meet the French leaders. The mood in the meeting was one of panic and despair; there was talk of evacuating Paris. Churchill asked Gamelin, the French Commander in Chief, 'Where is the strategic reserve?' There is none, replied Gamelin. This exciting book by Julian Jackson, a leading historian of twentieth-century France, charts the breathtakingly rapid events that led to the defeat and surrender of one of the greatest bastions of the Western Allies and thus to a dramatic new phase of the Second World War. The search for scapegoats for the most humiliating military disaster in French history began almost at once: were miscalculations by military leaders to blame, or was this an indictment of an entire nation? Using eyewitness accounts, memoirs and diaries, Julian Jackson recreates in gripping detail the intense atmosphere and dramatic events of these six weeks in 1940, unravelling the historical evidence to produce a fresh answer to the perennial question of whether the fall of France was inevitable.

June 1940, Great Britain and the First Attempt to Build a European Union Andrea Bosco, 2016-06-22 June 2016 represents a significant moment in British history. The decision to leave the European Union at the most critical period since its existence could bring unpredictable and far-reaching consequences both for the United Kingdom and the Union itself. June 1940 was also a turning point in British history. On the afternoon of 16 June, a few hours before the French Government opted for the capitulation, Churchill made on behalf of the British Government an offer of indissoluble union. When a sceptical Churchill put forward to the British Cabinet the

text of the declaration drafted by Jean Monnet Sir Arthur Salter and Robert Vansittart he was surprised at the amount of support it received The Cabinet adopted the document with some minor amendments and de Gaulle who saw it as a means of keeping France in the war telephoned Reynaud with the proposal for an indissoluble union with joint organs of defence foreign financial and economic policies a common citizenship and a single War Cabinet The proposal however never reached the table of the French Government The spirit of capitulation embodied in Weygand and P tain prevailed and France submitted herself to the German will for the second time in seventy years After the Munich crisis Great Britain had to face the danger of another European war with the inevitable loss of the Empire and it was at this point that the country first began to favour the application of the federalist principle to Anglo French relations In this conversion to federalism a fundamental role was played by the Federal Union the first federalist movement organised on a popular basis The contribution of Federal Union to the development of the federal idea in Great Britain and Europe was to express and organise the beginning of a new political militancy and it represented the first step of a historical process the overcoming of the nation State the modern political formula which institutionalises the political division of mankind This study principally examines the first eighteen months of the Federal Union during which time it was able to raise itself to the attention of the general public and the political class as the heir of the League of Nations Union The research is based on extensive unpublished archival material found across the globe from London Oxford Brighton and Edinburgh to Washington Paris and Geneva
