Greasy Lake And Other Stories:

Greasy Lake and Other Stories T.C. Boyle, 1986-05-06 Mythic and realist farcical and tragic these fifteen fables of contemporary life are so funny and acutely observed that they might have been written for Saturday Night Live The New York Times from the award winning author of The Tortilla Curtain Boyle owns a ferocious delicious imagination often darkly satirical and always infatuated with language The Los Angeles Times Book Review In The Hector Quesadilla Story T C Boyle writes of an aging Latin ballplayer long past his best stuff who on his birthday is put into an endless rotation in a game that goes on forever in All Shook Up he tells of the doomed affair between his narrator and the sweet feckless wife of an aspiring Elvis Presley look alike in On for the Long Haul he describes the grim scenarios enacted by a credulous survivalist and his family in their nuclear holocaust proof haven in the sticks and in the title story he portrays a terrifying and violent encounter between a bunch of late adolescent layabouts and a murderous drug dealing biker The Short Story Charles May, 2013-10-14 The short story is one of the most difficult types of prose to write and one of the most pleasurable to read From Boccaccio's Decameron to The Collected Stories of Reynolds Price Charles May gives us an understanding of the history and structure of this demanding form of fiction Beginning with a general history of the genre he moves on to focus on the nineteenth century when the modern short story began to come into focus From there he moves on to later nineteenth century realism and early twentieth century formalism and finally to the modern renaissance of the form that shows no signs of abating A chronology of significant events works and figures from the genre's history notes and references and an extensive bibliographic essay with recommended reading round out the volume **Reno (by the) in the Lake and Other Stories** Jim Hartman, 2010-03-31 I guess in truth Reno by the in the Lake is my Autobiography Light The material is indeed autobiographical in that little has been gleaned from any outside source and it is definitely light both in serious content and the serious nature often portrayed by an autobiography So read on just for fun Reno Beach was a magical place in the 1920s 30s 40s and 50s a resort town that never really quite reached its prime It had however attained great stature in the hearts and minds of all it entertained especially in the imagination of a young boy who could see adventure even in the smallest buttonhole or banal blemish In his mind a vegetable garden became a wilderness plantation An overturned rowboat became a fortress a pirate's treasure cave or a magician's maudlin mansion A willow tree only recently uprooted by the wind and waves of an angry possessive lake trying desperately to reclaim its own this became the perfect home for Tarzan Jimmie of the Apes The fact that I'm even writing this book belies the fact that the place and that little boy still live if only in my imagination The stories you're about to read are about that small waterfront community just east of Toledo Ohio on the western end of Lake Erie and how its life death and frequent revitalizations affected the life of one small boy namely me The stories are absolutely true except as altered by an aging memory wishful thinking and delusions of grandeur not necessarily in that order and they represent some of the very best days of my life I've been told that it's good to share your very best I hope you

enjoy reading my stories nearly as much as I enjoyed living them The writing s been fun too Some names and places may have been altered to protect the innocent and or the guilty but not many Some may also be changed just because I ve forgotten or don t really know what I m talking about Please forgive me Many may recognize themselves a friend or family member in some of these stories and each one probably deserves whatever treatment or attention they received either good or bad This book is intended to be a Bathroom Book This is not a negative For those unable to grasp this creative terminology I provide the following explanation in the form of a prescription Take in small doses Continuous exposure could be hazardous to your health and could lead to an abrasive situation requiring an immediate application of Preparation H This does not imply that either you the reader or the writer is full of Anything Should you disapprove of any of the material in this book please feel free to remove the offending pages and put them to better use right there in the Reading Room solving the problems of the moment I m sure you understand Enjoy Life is short Don t waste it on seriousness

A Friend of the Earth T.C. Boyle, 2001-09-01 NATIONAL BESTSELLER From the award winning author of *The Tortilla Curtain* comes an entertaining and informative Chicago Tribune novel about global warming and ecological collapse Funny and touching antic and affecting while Boyle's humor is as black as ever he demonstrates that satire can coexist with psychological realism comedy with compassion Michiko Kakutani *The New York Times* It is the year 2025 Global warming is a reality The biosphere has collapsed and most mammals not to mention fish birds and frogs are extinct Tyrone Tierwater is eking out a bleak living in southern California managing a pop star's private menagerie that only a mother could love scruffy hyenas jackals warthogs and three down at the mouth lions It wasn't always like this for Ty Once he was a passionate environmentalist so committed to saving the earth that he became an eco terrorist and ultimately a convicted felon As a member of the radical group Earth Forever he unwittingly endangered both his daughter Sierra and his wife Andrea Now just when he's trying to survive in a world torn by obdurate storms and winnowing drought Andrea comes back into his life Blending idealism and satire *A Friend of the Earth* addresses the ultimate questions of human love and the survival of the species

Drop City T. C. Boyle,2011-07-01 It is the seventies at the height of flower power Star has just joined Drop City a hippie commune in sunny California living the simple natural life But underneath the drugs music and transcendent bliss she slowly discovers tensions and sexual rivalries that threaten to split the community apart A world away in Boynton a tiny town in the interior of Alaska Sess Harder a pioneer who actually does live off the land hunting trapping and fishing yearns for someone to share the harsh winters with him When the authorities threaten to close down Drop City the hippies abandon camp and head up north to Alaska the last frontier But neither they nor the inhabitants of Boynton are completely prepared for each other and as the two communities collide unexpected friendships and dangerous enmities are born Blue Skies T. C. Boyle,2023-05-16 Boyle s satire has lost none of its edge over the course of a nearly half century literary career Blue Skies is an expert blend of suspense terror and occasionally very black humor this fiercely honest writer shows us what he sees and invites his readers to draw their own conclusions Wendy Smith Washington Post From best selling novelist T C Boyle a satirical yet ultimately moving send up of contemporary American life in the glare of climate change Boyle has long been one of the most exciting and intelligent storytellers in the United States Ron Charles Washington Post Denied a dog a baby and even a faithful fianc Cat suddenly craves a snake a glistening writhing creature that can be worn like jewelry living jewelry to match her black jeans But when the budding social media star promptly loses the young Burmie she buys from a local pet store she inadvertently sets in motion a chain of increasingly dire and outrageous events that comes to threaten her very survival Brilliantly imaginative in a terrifying way Annie Proulx Blue Skies follows in the tradition of T C Boyle s finest novels combining high octane plotting with mordant wit and shrewd social commentary Here Boyle one of the most inventive voices in contemporary fiction transports us to water logged and heat ravaged coastal America where Cat and her hapless nature loving family including her eco warrior parents Ottilie and Frank her brother Cooper an entomologist and her frat boy turned husband Todd are struggling to adapt to the new normal in which once in a lifetime natural disasters happen once a week and drinking seems to be the only way to cope But there s more than meets the eye to this compulsive family drama Lurking beneath the banal fa ade of twenty first century Californians and Floridians attempting to preserve normalcy in the face of violent weather perturbations is a caricature of materialist American society that doubles as a prophetic warning about our planet s future From pet bees and cricket dependent diets to massive species die off and pummeling hurricanes Blue Skies

deftly explores the often volatile relationships between humans and their habitats in which the only truism seems to be that things always get worse An eco thriller with teeth Boyle s Blue Skies is at once a tragicomic satire and a prescient novel that captures the absurdity and inexpressible sadness at the heart of everything
