**Everett Somerville Brown**

## **Great Acquisition An Introduction To The Louisi:**

**The Great Acquisition** Peter J. Kastor, 2003 This book takes a fresh look at the Louisiana Purchase considered by many to be the single most important event in United States history As a result of tension between two European powers and the yellow fever rampaging through the French army our young country benefited beyond all imagining This well organized readable text traces the story of Jefferson and Madison s concept of a small amount of land for a small price to Livingston s purchase of 900 000 square miles for 15 million dollars Author Peter Kastor describes the changes that occurred for American French Spanish and Native American residents after the Purchase was official

**The Borderlands** Andrew Grant Wood, 2008-01-30 The more than 2 000 mile U S Mexico border is a focus of intense interest today as immigration security and environmental issues dominate the headlines This is the first A to Z encyclopedia to overview the unique and vibrant elements that make up the borderlands More than 150 essay entries provide students and general readers with a solid sense of the U S Mexico border history culture and politics Coverage runs the gamut from key historical and contemporary figures art cuisine sports and religion to education environment legislation radio rhetoric slavery tourism and women in Ciudad Juarez The more than 2 000 mile U S Mexico border is a focus of intense interest today as immigration security and environmental issues dominate the headlines This is the first A to Z encyclopedia to overview the unique and vibrant elements that make up the borderlands More than 150 essay entries provide students and general readers with a solid sense of the U S Mexico border history culture and politics Coverage runs the gamut from key historical and contemporary figures art cuisine sports and religion to education environment legislation radio rhetoric slavery tourism and women in Ciudad Juarez Alphabetical and topical lists of entries in the frontmatter allow readers to find topics of interest quickly as does the index Those looking for more in depth coverage will find many helpful suggestions in the Further Reading section per entry as well as in the Selected Bibliography A chronology and historical photos also complement the text

**Empires of the Imagination** Peter J. Kastor, François Weil, 2009-10-16 Empires of the Imagination takes the Louisiana Purchase as a point of departure for a compelling new discussion of the interaction between France and the United States In addition to offering the first substantive synthesis of this transatlantic relationship the essays collected here offer new interpretations on themes vital to the subject ranging from political culture to intercultural contact to ethnic identity They capture the cultural breadth of the territories encompassed by the Louisiana Purchase exploring not only French and Anglo American experiences but also those of Native Americans and African Americans Despite differences in concerns and methods the pieces collected share crucial ground in how they suggest new ways for thinking about empire identity and memory The authors show how France and the United States set about their competing imperial projects even as residents of the North American West effectively resisted those imperial aims creating instead their own notions of community and connection At the same time these essays show how the contact among peoples created new social configurations and

distinct cultural identities Moving beyond the particulars of the late eighteenth and early nineteenth centuries these essays reveal how the Louisiana Purchase subsequently entered into the public consciousness on both sides of the Atlantic in ways that continue to define imperial projects racial identities and ethnic communities Delineating a unique moment in transatlantic historical conversation Empires of the Imagination also provides important lessons in cross disciplinary approaches to North American and Atlantic history In addition to the multinational perspectives of the authors individual essays deploy social science history political culture and ideological history as well as social and cultural history to create a cohesive understanding of diverse experiences Contributors Emily Clark Tulane University Laurent Dubois Duke University Mark Fernandez Loyola University New Orleans Peter J Kastor Washington University in St Louis Paul Lachance University of Ottawa Jean Pierre Le Glaunec Dalhousie University James E Lewis Jr Kalamazoo College Peter S Onuf University of Virginia Jacques Portes Universit de Paris VIII Marie Jeanne Rossignol Universit de Paris VII Denis Diderot C ile Vidal L cole des Hautes tudes en Sciences Sociales Fran ois Weil L cole des Hautes tudes en Sciences Sociales Richard White Stanford University

**Indigenous Missourians** Greg Olson, 2023-06-30 Winner of the 2024 Missouri Conference on History Book Award the 2024 Missouri History Book Award and Honoree for the 2024 Society of Midland Authors Award for History The history of Indigenous people in present day Missouri is far more nuanced complex and vibrant than the often told tragic stories of conflict with white settlers and forced Indian removal would lead us to believe In this path breaking narrative Greg Olson presents the Show Me State s Indigenous past as one spanning twelve millennia of Native presence resilience and evolution While previous Missouri histories have tended to include Indigenous people only during periods when they constituted a threat to the state s white settlement Olson shows us the continuous presence of Native people that includes the present day Beginning thousands of years before the state of Missouri existed Olson recounts how centuries of inventiveness and adaptability enabled Native people to create innovations in pottery agriculture architecture weaponry and intertribal diplomacy Olson also shows how the resilience of Indigenous people like the Osages allowed them to thrive as fur traders even as settler colonialists waged an all out policy of cultural genocide against them Though the state of Missouri claimed to have forced Indigenous people from its borders after the 1830s Olson uses U S Census records and government rolls from the allotment period to show that thousands remained In the end he argues that with a current population of 27 000 Indigenous people Missouri remains very much a part of Indian Country and that Indigenous history is Missouri history

**The Works of Henry Clay: Introduction, by Thomas B. Reed. Life and times of Henry Clay. Correspondence of Henry Clay, 1843 to 1851. With collateral letters and notes. Ed. by Thomas B. Stevenson** Henry Clay, 1904 Works of Henry Clay: Introduction, by Thomas B. Reed. Life and times, by Calvin Colton. Correspondence, 1843-1851, edited by Thomas B. Stevenson Henry Clay, 1897

**Introduction by Thomas B. Reed. Life and times of Henry Clay. Correspondence of Henry Clay, 1843 to 1851. With collateral letters and notes. Ed. by Thomas B. Stevenson.-v.4-5**

**Private correspondence, 1801-1852.-v.6-9 Speeches.-v.10 the tariff, a history of tariff legislation from 1812-1896, by William McKinley** Henry Clay,1904      **Laid Waste!** John Lauritz Larson,2019-12-06

After humble beginnings as faltering British colonies the United States acquired astonishing wealth and power as the result of what we now refer to as modernization Originating in England and Western Europe transplanted to the Americas then copied around the world in the nineteenth and twentieth centuries this process locked together science and technology political democracy economic freedom and competitive capitalism This has produced for some populations unimagined wealth and material comfort yet it has also now brought the global environment to a tipping point beyond which life as we know it may not be sustainable How did we come to endanger the very future of life on earth in our heedless pursuit of wealth and happiness In *Laid Waste* John Lauritz Larson answers that question with a 350 year review of the roots of an American culture of exploitation that has left us free rich and without an honest sense of how this crisis came to be Larson undertakes an ambitious historical synthesis seeking to illuminate how the culture of exploitation grew out of the earliest English settlements and has continually undergirded U S society and its cherished myths Through a series of meditations on key concepts the story moves from the starving times of early Jamestown through the rise of colonial prosperity the liberation of the revolutionary generation the launching of the American republic and the emergence of a new global industrial power by the end of the nineteenth century Through this story the book explores the rise of an American sense of righteousness entitlement and destiny that has masked any recognition that our wealth and success has come at expense to anyone or anything Part polemic part jeremiad and part historical overview *Laid Waste* is a provocative and bracing account of how the development of American culture itself has led us to today s crises      *The Life, Correspondence and Speeches of Henry Clay in Six Volumes* Colton,1857

**Washington Irving and Islam** Zubeda Jalalzai,2018-05-25 Washington Irving and Islam contributes to understanding the relationship between the United States and the Islamic world valuable not only for studies of Washington Irving American Literature or Islam but also for thinking through the role Islam and the Orient have played in American literature and history a critical field receiving ever increasing attention The global context of Irving s work ties these essays together as does an understanding that his writings challenge easy classification of the Muslim other and indeed challenge easy classification of Irving s own responses to that other Washington Irving bestrides opposing positions as well as distant worlds      Louisiana Coastal Area Ecosystem Restoration Study ,2004      **Speech of the Hon. Henry Clay, of Kentucky** Henry Clay,1850

**Congressional Record** United States. Congress,1999      **The Louisiana Purchase** Junius P. Rodriguez,2002-06-20 Published in celebration of the Purchase s bicentennial this resource offers a multifaceted view of a watershed American event In one easy access resource The Louisiana Purchase brings together the work of over 100 experts covering historical figures relevant legal and historical concepts states that formed in the new territory frontier outposts and the Native Americans uprooted by expansion westward The book examines every aspect and consequence of Thomas Jefferson s

momentous transaction the largest real estate deal in American history Readers will learn how the purchase made Manifest Destiny really seem like destiny how it sparked the rise of America s urban industrial society and inflamed passions over the expansion of slavery and how it triggered tragic conflicts between the government and Native Americans as well as immeasurable environmental damage Ideal for students historians and public and private libraries the Encyclopedia is the most comprehensive reference ever compiled on an event so central to the American experience that it seems to lie at the heart of everything triumphant and tragic in our history The last 7 years of the life of Hanry Clay Calvin Colton,1856

*Three Speeches that Saved the Union* Peter Charles Hoffer,2025-09-09 How three skilled orators navigated a polarized political landscape For the generation of politicians who inherited the Republic and the Union the opening months of 1850 were a desperate time filled with increasing animosity between free and slave state leaders over issues of the expansion of slavery Following the end of the Mexican American War and the subsequent expansion of American territory came a series of fiery debates over how this new territory would be governed and whether to allow California s admission to the Union as a free state *Three Speeches That Saved the Union* provides the first ever deep content analysis of the three most eventful speeches delivered in the Us Senate Historian Peter Charles Hoffer offers a thorough analytical study of the roles of the great triumvirate of American political leaders Henry Clay John C Calhoun and Daniel Webster played in preserving the American Union All three were lawyers and for lawyers especially words mattered As is the case today practicing law meant knowing and using terms of art correctly and knowing which words would sway a jury or a nation Despite their opposing viewpoints these skilled orators urged for some kind of compromise that would diffuse the possibility of civil war Providing all three speeches in their entirety alongside a running commentary framing the political climate and manner in which each of these speeches were delivered Hoffer demonstrates how intractable the slavery issue had become how near a civil war was and how it was prevented at least for a time *Three Speeches That Saved the Union* is an invaluable study of a nation that three speeches pulled from the brink of dissolution The Constitutional History of the Louisiana Purchase, 1803-1812

Everett Somerville Brown,1920 Report of the Louisiana Conservation Commission of ... ,1916 The Works of Henry Clay Henry Clay,1863 *Louisiana Coastal Area, Barataria Basin Barrier Shoreline Restoration Project Lafourche, Jefferson, and Plaquemines Parishes, Louisiana Final Report* United States. Office of the Assistant Secretary of the Army (Civil Works),2013
