The Adventures of Sherlock Holmes is a compilation of twelve short Sherlock Holmes stories that was published on October 31st 1892 and written by Sir Arthur Conan Doyle. The character Sherlock Holmes was previously introduced to the world in a novel called A Study in Scarlet in a Christmas annual. Sherlock Holmes is probably the most well known and loved fictional detective in literature. It's interesting to note that Sir Arthur Conan Doyle actually modeled his famous detective after an associate Dr Joseph Bell. Dr Bell had a long thin nose much as we picture Sherlock Holmes and was very observant. He also used strong deductive skills. This leads us to the personality of the character Sherlock Holmes. Sherlock Holmes is a private detective who has keen powers of observation. He lives at 221b Baker Street in London. He notices things that others simply don't and then he draws accurate conclusions about what he sees. In Doyle's first Holmes story A Study in Scarlet Holmes describes himself as someone who gets in the dumps at times and doesn't open his mouth for days on end. He experiences strong mood swings. He also plays the violin. But most of all he is a master of deductive reasoning.

The Adventures of Sherlock Holmes is a collection of twelve short stories by Arthur Conan Doyle first published on 14 October 1892. It contains the earliest short stories featuring the consulting detective Sherlock Holmes which had been published in twelve monthly issues of The Strand Magazine from July 1891 to June 1892. The stories are collected in the same sequence which is not supported by any fictional chronology. The only characters common to all twelve are Holmes and Dr Watson and all are related in first person narrative from Watson's point of view. In general the stories in The Adventures of Sherlock Holmes identify and try to correct social injustices. Holmes is portrayed as offering a new fairer sense of justice. The stories were well received and boosted the subscriptions figures of The Strand Magazine prompting Doyle to be able to demand more money for his next set of stories. The first story A Scandal in Bohemia includes the character of Irene Adler who despite being featured only within this one story by Doyle is a prominent character in modern Sherlock Holmes adaptations generally as a love interest for Holmes. Doyle included four of the twelve stories from this collection in his twelve favourite Sherlock Holmes stories picking The Adventure of the Speckled Band as his overall favourite. *The Adventures of Sherlock Holmes* Arthur Conan Doyle, 2016-05-02
