good health and happiness can ultimately still be obtained On a deeper level it is an intimate look at some of the darkest times in the life of one abandoned and neglected child who turned to the streets for survival to meet his basic human needs Unlike most contemporary writings on this subject though this incredible story not only makes clear the criminal activities and dysfunctional life styles bred in the belly of an urban underworld it demonstrates how his street smarts and well honed survival skills took one boy literally from the park bench to Park Avenue The Foundling is a fantastic story of how one child's commitment to live by any means necessary eventually led him to a very successful and fulfilled work and family life This qualification can only be told by him since its based on his true life history as a young boy running from an unfair insensitive and callous foster care system and teenager looking for love and acceptance in all the wrong places to a young man finding true freedom and joy in life beyond his wildest imagination Fall of Grace Olin Thompson,2008 Grace is just a name which comes from the lips of the dying woman Private Investigator and former police officer Tim McMaster must find not only the murderer but also the dollars which have been stolen Tim is relentless He is a former Marine who trusts his former comrade another Private Investigator in Los Angeles The story turns and twists and makes Tim a victim as well as a perpetrator But with the determination he had as a former Marine and police officer he comes to a conclusion which shakes you and brings you back to reality and not because anyone does anything other than hide it in plain sight **Become America** Eric Liu,2019-05-14 A New York Times Book Review New and Noteworthy Book This collection of 19 essays on democracy equal justice and citizenship exhorts Americans to love the nation they have by becoming the nation they want The Washington Post What does it mean to be an engaged American in today's divided political landscape and how do we restore hope in our country In a collection of civic sermons delivered at gatherings around the nation popular advocate for active citizenship Eric Liu takes on these thorny questions and provides inspiration and solace in a time of anger fear and dismay over the state of the Union Here are 19 stirring explorations of current and timeless topics about democracy liberty equal justice and powerful citizenship This book will energize you to get involved in ways both large and small to help rebuild a country that you're proud to call home Become America will challenge you to rehumanize our politics and rekindle a spirit of love in civic life **American Music // Poetic Musings** P.
