

The background of the book cover is a painting depicting a swampy, forested landscape. In the center, two figures, likely Maroons, are wading through a body of water. One figure is carrying a large bundle on their back, and the other is holding a long staff or pole. The scene is surrounded by dense, lush vegetation and trees, with a large rock formation visible in the upper left. The overall tone is somber and historical.

## **Freedom In The Dismal:**

Freedom in the Dismal Monifa A. Love, 1998 Because of his participation in a crime David Lesesne Carmichael a young black man of great promise has been given the unusually harsh sentence of thirty years in jail As the novel opens he and his childhood sweetheart Camille Royce Dumas find themselves separated faced with the Herculean task of sustaining their impassioned relationship through words and words alone Their letters necessarily become their only means of communication they embody the sublimated love they can never consummate The voices of the dead both strangers and family members echo through these letters bringing up images that ring with racial memories David s and Camille s written words are vehicles not only for the expression of their love but also for the remembrance of the cruel realities of their history there is the runaway slave who hangs himself from a tree rather than face the possibility of recapture and the woman who goes down to the sea literally to smell the ships in the hope that she can envision her native Africa This bizarre seemingly impossible romanticism is a backdrop to our lovers plight It highlights their own deprivation that the tragedy of David and Camille was inevitable and will go on repeating itself through other lovers and other live until the historic injustices suffered by African Americans on this continent are ameliorated While love in any form offers no solutions it is a vital element in this intense novel that provides the reader with new insights into the meaning and complexity of the black experience

**Freedom in the Dismal** D. Monifa Love, 1993      Dismal Freedom J Brent Morris, 2025-02 The massive and foreboding Great Dismal Swamp sprawls over 2 000 square miles and spills over parts of Virginia and North Carolina From the early seventeenth century the nearly impassable Dismal frustrated settlement However what may have been an impediment to the expansion of slave society became an essential sanctuary for many of those who sought to escape it In the depths of the Dismal thousands of maroons people who had emancipated themselves from enslavement and settled beyond the reach of enslavers established new lives of freedom in a landscape deemed worthless and inaccessible by whites Dismal Freedom unearths the stories of these maroons their lives and their struggles for liberation Drawing from newly discovered primary sources and archeological evidence that suggests far more extensive maroon settlement than historians have previously imagined award winning author J Brent Morris uncovers one of the most exciting yet neglected stories of American history This is the story of resilient proud and determined people who made the Great Dismal Swamp their free home and sanctuary and who played an outsized role in undermining slavery through the Civil War      What is African American Literature? Margo N. Crawford, 2020-12-21 After Kenneth W Warren s What Was African American Literature Margo N Crawford delivers What is African American Literature The idea of African American literature may be much more than literature written by authors who identify as Black What is African American Literature focuses on feeling as form in order to show that African American literature is an archive of feelings a tradition of the tension between uncontainable black affect and rigid historical structure Margo N Crawford argues that textual production of affect such as blush vibration shiver twitch and wink

reveals that African American literature keeps reimagining a black collective nervous system Crawford foregrounds the idea of African American literature and uncovers the black feeling world co created by writers and readers Rejecting the notion that there are no formal lines separating African American literature and a broader American literary tradition Crawford contends that the distinguishing feature of African American literature is a moodscape that is as stable as electricity Presenting a fresh perspective on the affective atmosphere of African American literature this compelling text frames central questions around the idea of African American literature shows the limits of historicism in explaining the mood of African American literature and addresses textual production in the creation of the African American literary tradition Part of the acclaimed Wiley Blackwell Manifestos series What is African American Literature is a significant addition to scholarship in the field Professors and students of American literature African American literature and Black Studies will find this book an invaluable source of fresh perspectives and new insights on America s black literary tradition

**Challenging History** Leah Worthington, Rachel Clare Donaldson, John W. White, 2021-07-22 A collection of essays that examine how the history of slavery and race in the United States has been interpreted and inserted at public historic sites For decades racism and social inequity have stayed at the center of the national conversation in the United States sustaining the debate around public historic places and monuments and what they represent These conversations are a reminder of the crucial role that public history professionals play in engaging public audiences on subjects of race and slavery This difficult history has often remained un or underexplored in our public discourse hidden from view by the tourism industry or even by public history professionals themselves as they created historic sites museums and public squares based on white centric interpretations of history and heritage Challenging History through a collection of essays by a diverse group of scholars and practitioners examines how difficult histories specifically those of slavery and race in the United States are being interpreted and inserted at public history sites and in public history work Several essays explore the successes and challenges of recent projects while others discuss gaps that public historians can fill at sites where Black history took place but is absent in the interpretation Through case studies the contributors reveal the entrenched false narratives that public history workers are countering in established public history spaces and the work they are conducting to reorient our collective understanding of the past History practitioners help the public better understand the world Their choices help to shape ideas about heritage and historical remembrances and can reform even transform worldviews through more inclusive and ethically narrated histories Challenging History invites public historians to consider the ethical implications of the narratives they choose to share and makes the case that an inclusive honest and complete portrayal of the past has the potential to reshape collective memory and ideas about the meaning of American history and citizenship

**Maroons and the Marooned** Richard Bodek, Joseph Kelly, 2020-04-20 Contributions by Richard Bodek Claire P Curtis Joseph Kelly Simon Lewis Steve Mentz J Brent Morris Peter Sands Edward Shore and James O Neil Spady Commonly the word maroon refers to someone cast away on an island One

becomes marooned usually through a storm at sea or by a captain as a method of punishment But the term originally denoted escaped slaves Though being marooned came to be associated mostly with white European castaways the etymology invites comparison between true maroons escaped slaves establishing new lives in the wilderness and people who were marooned through maritime disaster This volume brings together literary scholars with historians encompassing both literal maroons such as in Brazil and South Carolina as well as metaphoric scenarios in time travel novels and postapocalyptic narratives Included are examples from *The Tempest* Margaret Atwood's *MaddAddam* trilogy *A Connecticut Yankee in King Arthur's Court* and Octavia Butler's *Kindred* Both runaways and castaways formed new societies in the wilderness But true maroons escaped slaves were not cast away they chose to fly towards the uncertainties of the wild in pursuit of freedom In effect this volume gives these maroons proper credit at the very heart of American history

**Trembling Earth** Megan Kate Nelson, 2005 This innovative history of the Okefenokee Swamp reveals it as a place where harsh realities clashed with optimism shaping the borderland culture of southern Georgia and northern Florida for over two hundred years From the formation of the Georgia colony in 1732 to the end of the Great Depression the Okefenokee Swamp was a site of conflict between divergent local communities Coining the term ecolocalism to describe how local cultures form out of ecosystems and in relation to other communities Megan Kate Nelson offers a new view of the Okefenokee its inhabitants and its rich and telling record of thwarted ambitions unintended consequences and unresolved questions The Okefenokee is simultaneously terrestrial and aquatic beautiful and terrifying fertile and barren This peculiar ecology created discord as human groups attempted to overlay firm lines of race gender and class on an area of inherent ambiguity and blurred margins Rice planters slaves fugitive slaves Seminoles surveyors timber barons Swampers and scientists came to the swamp with dreams of wealth freedom and status that conflicted in varied and complex ways Ecolocalism emerged out of these conflicts between communities within the Okefenokee and other borderland swamps Nelson narrates the fluctuations disconnections and confrontations embedded in the muck of the swamp and the mire of its disorderly history and she reminds us that it is out of such places of intermingling and uncertainty that cultures are forged

**Freedom's Seekers** Jeffrey R. emancipation
