Freedom for Obedience Donald G. Bloesch,2002-04-15 The Christian ethic is an ethic that cannot be assimilated into the moral consensus of the wider community The way of the cross cannot be reconciled with the way of the world just as the gospel cannot be conjoined with the laws that gave stability to

social order The thesis of this book is that human justice can never be a substitute for divine justification but it can be a sign and witness to the justifying grace of God in Jesus Christ Humanitarian works can never reach the heights of deeds of sacrificial love and mercy but they can point to this higher righteousness and awaken a thirst for it We must always be on guard against two perils the Scylla of legalism and rigorism and Charybdis of antinomianism An ethics of the divine commandment by uniting law and grace the imperative and the indicative shows how we can live the authentic Christian life in obedience to the highest which is not a law but a person not an ideal but the reality of the New Being the power of crucified love as we see this in Jesus Christ from Freedom for Obedience *Stepping into Freedom* Thich Nhat Hanh, 2021-09-28 Here are practice poems novice precepts and Mindful Manners on how to be a Buddhist monk and nun in the Plum Village tradition With inspiration for every step in the monastic timetable from Waking Up and Taking the First Steps of the Day to Lighting a Candle in the evening this book was originally compiled for novices who are still learning how to practice mindfulness in daily life Thus it is perfect for beginners in mindfulness who wish to make progress in their practice at home for young people considering a life in a spiritual community and especially for followers of Thich Nhat Hanh who wish to deepen their understanding of the monastic way of life today *Between Love and Freedom* Nikhil Govind, 2014-08-07 Between Love and Freedom interprets the figure of the revolutionary in the Hindi novel by establishing its lineage in representative Bengali novels as well as in the contending moralities of Mahatma Gandhi and Bhagat Singh on the idea of violence It reveals how conventional social realism and emergent modernist modes were brought together in the novelistic tradition by extending the political ideal of anti colonial revolution into domains of sexual desire and subjective expression especially in the works of Agyeya Jainendra and Yashpal This work will deeply interest scholars and students of literature modern Indian history Hindi and political science *Panentheism--The Other God of the Philosophers* John W. Cooper, 2006-11-01 Panentheism has gained popularity among contemporary thinkers This belief system explains that all is in God as a soul is related to a body so God is related to the world In Panentheism The Other God of the Philosophers philosopher and theologian John Cooper traces the growth and evolution of this intricate theology from Plotinus to Alfred North Whitehead to the present This landmark book the first complete history of panentheism written in English explores the subject through the lens of various thinkers such as Plato Jürgen Moltmann Paul Tillich Wolfhart Pannenberg and Charles Hartshorne and discusses how panentheism has influenced liberation feminist and ecological theologies Cooper not only sketches the evolution of panentheism but also critiques it ultimately he offers a defense of classical theism This book is for readers who care deeply about theology and think seriously about their faith **Dependence and Freedom** David Wayne Haddorff, 1994 This book argues that Horace Bushnell 1802 1876 rejected the prevalent utilitarian moral philosophy of his day and developed an alternative moral theory based upon Christian theology and experience Bushnell claimed that human nature is inherently social moral experience is interrelated with estrangement and restoration and Christian piety is a

Freedom and Necessity in Modern Trinitarian Theology Brandon Gallaher,2016-09-15 Freedom and Necessity in Modern Trinitarian Theology examines the tension between God and the world through a constructive reading of the Trinitarian theologies and Christologies of Sergii Bulgakov 1871 1944 Karl Barth 1886 1968 and Hans Urs von Balthasar 1905 1988 It focuses on what is called the problematic of divine freedom and necessity and the response of the writers Problematic refers to God being simultaneously radically free and utterly bound to creation God did not need to create and redeem the world in Christ It is a contingent free gift Yet on the other side of a

dialectic he also has eternally determined himself to be God as Jesus Christ He must create and redeem the world to be God as he has so determined In this way the world is given a certain free necessity by him because if there were no world then there would be no Christ A spectrum of different concepts of freedom and necessity and a theological ideal of a balance between the same are outlined and then used to illumine the writers and to articulate a constructive response to the problematic Brandon Gallaher shows that the classical Christian understanding of God having a non necessary relationship to the world and divine freedom being a sheer assertion of God s will must be completely rethought Gallaher proposes a Trinitarian Christocentric and cruciform vision of divine freedom God is free as eternally self giving self emptying and self receiving love The work concludes with a contemporary theology of divine freedom founded on divine election
