Freedom Not To Speak:

The Freedom Not to Speak Haig Bosmajian, 1999-03-2 Coerced speech in early America **The Freedom Not to Speak** Haig A. Bosmajian, 1999 Hotly contested and vigorously defended since it was first written into the Bill of Rights freedom of speech is a basic right that all Americans hold dear But what of the freedom not to speak Should for instance a special prosecutor be able to compel a mother to testify about and incriminate her own daughter The freedom not to speak is an implicit right that holds great relevance for all of us the freedom not to speak when commanded by church and state not to sign an oath not to salute a flag not to assert a belief in God or not to reveal one's political beliefs and associations Bosmajian traces the history of the freedom not to speak from the Middle Ages and Inquisition to the twentieth century and the House Committee on Un American Activities His history addresses the Civil War and Reconstruction loyalty oaths by Union Confederate soldiers and the expulsion of Jehovah's Witnesses from schools for refusing to salute the flag and includes an analysis of coerced speech in a variety of literary works Bosmajian also contemplates the future of this right to silence and argues for the importance of a specifically labeled and firmly established freedom not to speak Provided by publisher

Power, Impartiality and Justice Peter G. Woolcock, 2018-08-20 First published in 1998 this volume argues that two conditions need to be met for any agreement between people with conflicting desires to count as an unforced one namely that the parties argue as if they had equal power and that their antipathy to being coerced exceeds their desire to coerce others These conditions entail objective moral principles and a theory of justice modifying and developing Rawls contractarian theory but without the veil of ignorance They support Rawls on basic civil liberties and constitutional liberal democratic government including religious tolerance anti paternalism anti racism and anti sexism but dispute his Difference Principle his circumstances of justice Laws of Peoples reflective equilibrium and freedom of conscience as a basic liberty The book also gives a contractarian account of epistemology metaethics education the rationality of being moral the rights of animals and other non persons and the rights of indigenous peoples Writers such as Brian Barry R S Peters Isaiah Berlin Vinit Haksar Jurgen Habermas R M Hare Philip Pettit Derek Parfit Michael Smith Peter Geach Philippa Foot Bronwyn Davies Quentin Skinner and Will Kymlicka are also discussed **The Public** ,1907 **Why Ethics?** Robert Gibbs, 2000-09-17 Robert Gibbs presents here an ambitious new theory of ethics Drawing on a striking combination of intellectual traditions including Jewish thought continental philosophy and American pragmatism Gibbs argues that ethics is primarily concerned with responsibility and is not as philosophers have often assumed principally a matter of thinking about the right thing to do and acting in accordance with the abstract dictates of reason or will More specifically ethics is concerned with attending to others questions and bearing responsibility for what they do Gibbs builds this innovative case by exploring the implicit responsibilities in a broad range of human interactions paying especially close attention to the signs that people give and receive as they relate to each other Why Ethics starts by examining the simple actions of listening and speaking reading and writing and by focusing on the different responsibilities that each action entails The author discusses what he describes as the mutual responsibilities implicit in the actions of reasoning mediating and judging He assesses the relationships among ethics pragmatics and Jewish philosophy The book concludes by looking at the relation of memory and the immemorial emphasizing the need to respond for past actions by confessing seeking forgiveness and making reconciliations In format Gibbs adopts a Talmudic approach interweaving brief citations from primary texts with his commentary He draws these texts from diverse thinkers and sources including Levinas Derrida Habermas Rosenzweig Luhmann Peirce James Royce Benjamin

Maimonides the Bible and the Talmud Ranging over philosophy literary theory social theory and historiography this is an ambitious and provocative work that holds profound lessons for how we think about ethics and how we seek to live responsibly From Darkness to Light Osho,2023-08-11 It is one of the trade secrets of all the religions to propose propaganda that humanity has to be saved It is a very strange idea but it is so old that nobody seems to look into the implications Nobody asks why you are worried about saving humanity And you have been saving humanity for thousands of years but nothing seems to be saved In the first place does humanity need any saving To answer this question all the religions have created an absolutely fictitious idea of the original fall because unless there is a fall the question of saving does not arise And the religious conception of the original fall is just rubbish **Public Spaces, Marketplaces, and the**

Constitution Anthony Maniscalco,2015-10-15 In spite of their public attractions and millions of visitors most shopping malls are now off limits to free speech and expressive activity The same may be said about many other public spaces and marketplaces in American cities and suburbs leaving scholars and other observers to wonder where civic engagement is lawfully permitted in the United States In Public Spaces Marketplaces and the Constitution Anthony Maniscalco draws on key legal decisions social theory and urban history to demonstrate that public spaces have been split apart from First Amendment protections while the expression of political ideas has been excluded from privately owned publicly accessible malls Today the traditional indoor suburban shopping mall that icon of modern American capitalism and culture is being replaced by outdoor retail centers Yet the law and courts have been slow to catch up Maniscalco argues that scholars students and the public must confront these innovations in commercial design and consumer practices as well as what they portend for contemporary metropolitan America and its civic spaces **FREEDOM'S PRICE** Isabel R.
