*A French Affair* Mary Blume, 1999-11-05 America and France have always had a special relationship In fact it would not be an exaggeration to say that the two have enjoyed a love affair of sorts with all the love hate dynamics that suggests From Benjamin Franklin charming Louis XVI to Jackie Kennedy enchanting Charles de Gaulle the two peoples have fascinated and repelled each other Mary Blume has cultivated her own love affair with this often inscrutable land France It is an affair that spans more than thirty years from the time Mary Blume first came to Paris beginning her renowned columns in the International Herald Tribune with a fine eye for the charms and no aversion to skewering the pretensions of her adopted home As with the best chronicles of a time and a place the narrator begins to emerge through the text Only Mary Blume could have written these essays Hers is a unique voice that has won her a devoted audience who have turned religiously over decades to her weekend features Quintessentially American she has managed that fine trick of not assimilating and yet coming to know in the fullest sense the place and the people in all their often sublime and sometimes ridiculous complexity In the pieces themselves whether she turns her penetrating lens on Frenchmen or their money or their socks whether a bearded lady or Simone de Beauvoir street performers or members of the Acad mie Fran aise whether the newest chic potato or the eternally chic St Germain de Pr s whether the events of May 68 or the last presidential elections she sees what would pass unseen were she not there to notice it In the simplest things Mary Blume reveals the telling detail In a piece ostensibly about cooking lessons given by two well meaning aristocrats she lays bare the acute French sense of class in a deadpan explanation of the byzantine process of changing street names she captures the Kafkaesque French bureaucracy in looking at one beloved Left Bank bistro she gives us the essence of every such restaurant by describing the French art of window shopping she gives us a reflection of how the French see themselves Whether plumbing the nuances of their language their rites rules or rituals whether looking at the Mona Lisa or the political arena film makers or winemakers the places and personalities come alive with an uncanny ring of truth Illustrated by Ronald Searle with the unique wit and delicacy for which he is world famous *A French Affair* gives us not only a unique perspective on a time a place and a people but a France that we can digest distill and revisit without ever leaving the comfort of home

**Ritz and Escoffier** Luke Barr,2019-04-02 Now in paperback the critically acclaimed Ritz and Escoffier In a tale replete with scandal and opulence Luke Barr author of the New York Times bestselling *Provence 1970* transports readers to turn of the century London and Paris to discover how celebrated hotelier C sar Ritz and famed chef Auguste Escoffier joined forces at the Savoy Hotel to spawn a scandalously modern luxury hotel and restaurant signaling a new social order and the rise of the middle class In early August 1889 C sar Ritz a Swiss hotelier highly regarded for his exquisite taste found himself at the Savoy Hotel in London He had come at the request of Richard D Oily Carte the financier of Gilbert

Escoffier created the modern kitchen brigade and codified French cuisine in his seminal *Le Guide culinaire* which remains in print today and Ritz whose name continues to grace the finest hotels created the world's first luxury hotel. The pair also ruffled more than a few feathers. Fine dining and luxury travel would never be the same or more intriguing. On Becoming an Artist Ellen J. Langer, 2007-12-18 All it takes to become an artist is to start doing art from *On Becoming an Artist*. *On Becoming an Artist* is loaded with good news. Backed by her landmark scientific work on mindfulness and artistic nature bestselling author and Harvard psychologist Ellen J. Langer shows us that creativity is not a rare gift that only some special few are born with but rather an integral part of everyone's makeup. All of us can express our creative impulses authentically and uniquely and in the process enrich our lives. Why then do so many of us merely dream of someday painting someday writing someday making music? Why do we think the same old thoughts harbor the same old prejudices stay stuck in the same old mud? Who taught us to think inside the box? No one is more qualified to answer these questions than Dr. Langer who has explored their every facet for years. She describes dozens of fascinating experiments her own and those of her colleagues that are designed to study mindfulness and its relation to human creativity and she shares the profound implications of the results for our well-being, health and happiness. Langer reveals myriad insights among them: We think we should already know what only firsthand experience can teach us. In learning the ways that all roses are alike we risk becoming blind to their differences. If we are mindfully creative the circumstances of the moment will tell us what to do. Those of us who are less evaluatively inclined experience less guilt, less regret, less blame and tend to like ourselves more. Uncertainty gives us the freedom to discover meaning. Finally what we think we're sure of may not even exist. With the skill of a gifted logician Langer demonstrates exactly how we undervalue ourselves and undermine our creativity. By example she persuades us to have faith in our creative works not because someone else approves of them but because they're a true expression of ourselves. Her high spirited challenging book sparkles with wit and intelligence and inspires in us an infectious enthusiasm for our creations, our world and ourselves. It can be of lifelong value to everyone who reads it. **ADFL Bulletin** Association of Departments of Foreign Languages (U.S.), 2002 *American Book Publishing Record*, 1999 **Library Journal**, 1999-10 *The Library Journal*, 1999 Includes beginning Sept 15 1954 and on the 15th of each month Sept-May a special section School library journal ISSN 0000-0035 called Junior libraries 1954-May 1961 Also issued separately *Book Review Digest*, 2002
