fill two basic needs One is for a clear and straightforward presentation of the rudiments of articulatory phonetics which is geared specifically to the requirements of the future language teacher and not exclusively to the student of linguistics and in which the basic concepts and terminology are introduced via English as opposed to a variety of languages An even greater need perhaps and one that has gone unfulfilled for too long is for a simple but reasonably complete overview of the phonetic inventory of North American French

culture through movies books various forms of entertainment and everyday conversations Gradually you will find this cultural homework enjoyable The more you practice the easier it becomes So enjoy the ride on this French rollercoaster filled with joie de vivre and a fresh je ne sais quoi approach to learning Speak French as often as you can make blunders laugh share with friends and learn from the full experience Above all remember that this is a learning journey infused with French courtesies and flavors ultimately leading to your next visit to France or your next multimillion dollar international contract with French business partners Bonne chance and have fun
