difficulties of which it is unnecessary to speak here may be borne in mind by those who may use this book for while all care has been taken to make it as accurate as possible still it would be vain to hope that all errors whether of omission or of commission have been excluded The author takes this occasion to say that he will be greatly obliged to officers and others if they will bring to his attention any mistakes that may fall under their notice The author desires gratefully to thank the various friends that have helped him Chief among these stands Col Peter S Michie of the Military Academy Maj William A Simpson of the Adjutant General s Department Dr Charles E Munroe of the Corcoran Scientific School Capt John It Williams and Lieut I N Lewis of the Artillery Capt J E Kuhn of the Engineers Lieut E B Cassatt of the Cavalry and Mr Laurence V Benet of the Hotchkiss Ordnance Company Limited have laid him under obligations that are cheerfully acknowledged Mr Wilfred Stevens of the Adjutant General s Office has given substantial aid in preparing the manuscript for the press and in reading the proof About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
