French Literature And Its Background The Late Nineteenth Century Vol 5:

French literature and its background : Vol. 5, 1969 *French Literature, Thought and Culture in the Nineteenth Century* Brian Rigby, 1992-11-10 This volume adopts a varied approach to the study of the material world in the French literature thought and visual arts of the 19th century Contributors look not only at the Romantic and Realist transcendence of the Neo classical heritage of abstraction and idealism but also adopt modern critical perspectives to analyse central themes such as urbanisation fetishism and the representation of the female body France and Women, 1789-1914 James McMillan, Professor James F Mcmillan, 2002-01-08 France and Women 1789 1914 is the first book to offer an authoritative account of women s history throughout the nineteenth century James McMillan author of the seminal work *Housewife or Harlot* offers a major reinterpretation of the French past in relation to gender throughout these tumultuous decades of revolution and war This book provides a challenging discussion of the factors which made French political culture so profoundly sexist and in particular it shows that many of the myths about progress and emancipation associated with modernisation and the coming of mass politics do not stand up to close scrutiny It also reveals the conservative nature of the republican left and of the ingrained belief throughout french society that women should remain within the domestic sphere James McMillan considers the role played by French men and women in the politics culture and society of their country throughout the 1800s **Sartre Today** Adrian van den Hoven, Andrew Leak, 2005-12 Sartre Today is a tribute to Jean Paul Sartre on the centenary of his birth 1905 2005 With twenty two contributions from leading Sartre scholars in North America and the United Kingdom this volume will greatly enhance Sartre scholarship in the English speaking world The diversity of these chapters reflects the depth and breadth of Sartre s wide ranging engagement with the political and cultural issues of his time Yet as these contributions demonstrate it is clear that Sartre s work still offers an important framework through which to address contemporary issues of a similar magnitude This applies to Sartre s enduring contribution to philosophy and his conception of violence and terror as well as analyses of the latest political events in the United States Other contributions address Sartre s relationship to the contemporary understanding of neuroscience and group therapy as well as his conception of literature biography the theater and cinema This rich volume will be of great use not only to all Sartre scholars but also to anyone who has an interest in modern philosophy politics psychology and literature Contributors Thomas R Flynn Joseph S Catalano Reidar Due Steve Martinot Ronald E Santoni David Detmer John Duncan Hazel E Barnes Betty Cannon Constance L Mui Peter Caws Ann Jefferson Dennis A Gilbert Colin Davis John Gillespie Ian Birchall Betsy Bowman and Bob Stone Azzedine Haddour Ronald Aronson William L McBride **National Traditions in Nineteenth-Century Opera, Volume I** Steven Huebner, 2017-03-02 This volume covers opera in Italy France England and the Americas during the long nineteenth century 1789 1914 The book is divided into four sections that are thematically rather than geographically conceived Places essays centering on contexts for operatic culture Genres and Styles studies dealing with the question of
