Allen, Nick Groom, Jos Smith, 2017-07-04 In all the complex cultural history of the islands of Britain and Ireland the idea of the coast as a significant representative space is critical For many important artists coastal space has figured as a site from which to braid ideas of empire nation region and archipelago They have been drawn to the coast as a zone of geographical uncertainty in which the self definitions of the nation founder they have been drawn to it as a peripheral space of vestigial wildness of island retreats and experimental living as a network of diverse localities richly endowed with distinctive forms of cultural heritage and as a dynamically interconnected ecosystem which is at the same time the historic site of significant developments in fieldwork and natural science This collection situates these cultures of the Atlantic edge in a series of essays that create new contexts for coastal study in literary history and criticism The contributors frame their research in response to emerging conversations in archipelagic criticism the blue humanities and island studies the essays challenging the reader

to reconsider ideas of margin periphery and exchange These twelve case studies establish the coast as a crucial location in the imaginative history of Britain Ireland and the north Atlantic edge Coastal Works will appeal to readers of literature and history with an interest in the sea the environment and the archipelago from the 18th century to the present Accessible innovative and provocative Coastal Works establishes the important role that the coast plays in our cultural imaginary and suggests a range of methodologies to represent relationships between land sea and cultural work Sir Vidia's Shadow Paul Theroux,2021-05-12 The acclaimed writer shares an intimate portrait of his former mentor V S Naipaul in this memoir of their thirty year friendship and sudden falling out Paul Theroux was a young aspiring writer when he met the legendary V S Naipaul in Uganda in 1966 There began a friendship that would span continents as both men ascended the ranks of literary stardom Naipaul s early encouragement of Theroux s talent had a profound impact on him yet the apprenticeship was not always easy This heartfelt and revealing account of Theroux s thirty year friendship with Naipaul explores the unique effect each writer had on the other Built around exotic landscapes anecdotes that are revealing humorous and melancholy and three decades of mutual history this is a personal account of how one develops as a writer and how a friendship waxes and wanes between two men who have set themselves on the perilous journey of a writing life A New York Times Notable Book

examining domestic journey narratives that have been produced by travellers from the continent itself and largely in Spanish. Historically travel writing about Latin America has been written primarily from the perspective of the foreign often European traveller. As such and following the large influx of military, scientific and leisure travellers in the region since its colonisation, much of this foreign travel writing has depicted the continent in predominantly exoticist and/or imperialist terms. Lindsay explores how Latin American travellers have conceived and constructed narratives about travel at home and considers how such texts, many of them available in English translation or with subtitles, function to counter or corroborate long-standing myths about the continent. Through a series of regionally and thematically oriented case studies that engage with key issues, themes and debates in both Latin American and travel studies, Lindsay provides the first sustained interdisciplinary study of contemporary domestic travel narratives about the region and will also comprise an important intervention into methodological debates about travel and travel writing.

*London Goes to Sea* Peter J. Baumgartner, 2004 *London Goes To Sea* is Peter J. Baumgartner's candid and captivating account of restoring an ageing fibreglass sailing boat over the course of four years and then introducing it to his native New England waters. His precise records illustrate every trial and triumph of the restoration process and his careful attention to errors made along the way provides crucial insight for anyone considering a similar project. His writing combines the best elements of a brisk, entertaining narrative and a thoroughly practical handbook, making for a truly unique story that embraces every experience of the coastal sailor. His unflagging joy and enthusiasm for his old Cape Dory shine through on every page.

**The Fighter's Mind** Sam Sheridan, 2010-02-02 From the acclaimed author of *A Fighter's Heart* comes an entertaining and enlightening look inside the mental game of mixed martial arts fighting. Dave Doyle, Yahoo Sports. In his acclaimed national bestseller *A Fighter's Heart*, Sam Sheridan took readers with him into the dangerous world of professional fighting. From a muay Thai bout in Bangkok to Iowa where he fought the toughest mixed martial arts stars, Sheridan threw himself into a quest to understand how and why we fight. In *The Fighter's Mind*, Sheridan explores the mental discipline required of an elite fighter. In his training, Sheridan heard time and again in Yogi Berra fashion that fighting is ninety percent mental, half the time. But what does this mean exactly? To uncover the secrets of mental strength and success, Sheridan interviewed dozens of the world's most fascinating and dangerous men. He spoke with celebrated trainers Freddie Roach and Greg Jackson, champion fighters Randy Couture, Frank Shamrock and Marcelo Garcia, ultrarunner David Horton, chess prodigy and the inspiration for *Searching for Bobby Fischer*, turned tai chi expert Josh Waitzkin and the legendary wrestler Dan Gable, among others. Fantastic. One of the best MMA books I've ever read and I've certainly read my fair share. Eric O'Brien, *Way of the Warrior*, ESPN radio. You don't have to care about fighting or even know that MMA stands for mixed martial arts to find insights into human behavior in Sam Sheridan's *The Fighter's Mind*. David M. Shribman, *Bloomberg*.

**House Inside the Waves** Richard Taylor, 2002-07-16 Writer, surfer and househusband Richard Taylor is mad about beaches and islands and was inspired by a house exchange that whisked him and

They include writing by people who travelled from the East to the West as well as those going the usual way. The travellers include a seventeenth-century accountant, a Persian shah, an Indian rajah, and a Hawaiian king, as well as an Irish doctor, an American journalist, and a Japanese poet. The book presents these travellers in an informal manner, although there are discussions about identity, otherness, and stereotyping as they are displayed in the narratives.
