Freud And Cezanne:

Freud and Cezanne Alexander Jasnow,1993 This book is an exploration of ideas within the context of culture history It involves an ideational reversal of the usual relationship existing between psychotherapists and artists Instead of approaching the phenomenon of art from within a scientific frame of reference psychotherapy is approached from within an aesthetic frame of reference This unorthodox procedure proves to be productive in generating novel perspectives and new meanings in what are seen to be the twin phenomena of modern art and psychotherapy Freud and Cezanne were key figures among those instrumental in the transformation of nineteenth century Western consciousness into twentieth century consciousness Their influence continues unabated as we move into a new century There are continuing radical implications in their thought that have yet to be fully realized

Cézanne and the Post-Bionian Field Robert Snell,2020-12-29 By inviting a conversation between them this book offers a nuanced introduction both to C zanne the father of modern art and perhaps the most vital body of theory in contemporary psychoanalysis post Bionian field theory as it has been evolving in Italy in the hands of Antonino Ferro Giuseppe Civitarese and others C zanne and Bion each insisting on his own truths spearheaded quite new directions in painting and in psychoanalysis Both point us towards a crucial insight far from being isolated self contained subjects we fundamentally exist only within a larger interpersonal field C zanne s painting can give us a direct experience of this For the Italian field analysts building on Bion s work the field is accessed through reverie metaphor and dream which now come to occupy the heart of psychoanalysis Here primitive proto emotions that link us all might be transformed as C zanne transformed his sensations into aesthetic form into feelings linked to thoughts that in turn enrich and expand the field The book draws on the words of artists C zanne himself Mann philosophers Merleau Ponty Bergson art historians and theorists Clark Smith Shaw as well as psychoanalysts Bion Ferro Civitarese and others and it is the first to focus on one particular and seminal painter as a way of exploring this aesthetic and field dimension in depth and detail Aimed at psychoanalysts psychotherapists artists art historians and the general reader it suggests how far art and contemporary psychoanalysis are mutually generative

Cézanne and Modernism Joyce Medina, 1995-01-01 This book explores how traditional relations among the arts have changed in our time focusing on the radical transformation of Paul Cezanne

Interpreting Cézanne Sidney Geist, 1988 In this remarkable book the sculptor and writer Sidney Geist presents a revolutionary interpretation of the art of C zanne Geist argues that C zanne s paintings are fertile with reflections of the artist s private world and passionate concerns Looking at more than two hundred works all reproduced in the book he identifies the symbolism that gives form to a hidden significance in the paintings concealed allusions to C zanne himself and to his relations with his wife and mother his father his son and his friend Zola as well as a circle of colleagues including Pissarro Frederic Bazille and Ambroise Vollard It is a complex pattern of symbols expressed in both secondary visual images and in verbal connections including rebuses and puns In reading these paintings for symbolic meaning Geist opens the way to a fuller understanding of C zanne as well as to new ways of looking at pictures Interpretation of this kind in its turn explains formal aspects of the paintings with a richness not possible in abstract analysis

Cézanne's Other Susan Sidlauskas, 2009 In the voluminous scholarship that s been written on Paul Cezanne little has been said about the twenty four portraits in oil that Cezanne made of his wife Hortense Fiquet Cezanne over an extended twenty year period In Cezanne s Other The Portraits of Hortense Susan Sidlauskas breaks new ground focusing on these paintings as a group and looking particularly at the differences that render many of them unrecognizable as the same person She argues that Cezanne sidestepped the conventional goals of portraiture he avoids representing a consistent identifiable physiognomy or conventional feminine postures and does not portray the subject s inner life making lack of fixedness itself his subject which leads him ultimately to a radical reformulation of modern portraiture Sidlauskas also upends the notion of Mme Cezanne as the irrelevant and absent spouse Instead she reveals Hortense Fiquet Cezanne as a presence so crucial to the artist that she became the essential other to his ever evolving self Coupling historical texts from philosophy psychology and physiology with more recent writings from women s and gender studies cognitive psychology and visual culture Sidlauskas demonstrates that Mme Cezanne offered intimacy at arm s length for the painter who has been dubbed the lone wolf of Aix Book Jacket

Cezanne and Provence Nina M. Athanassoglou-Kallmyer, 2003-05 Discusses painter Paul C zanne s 1886 departure from Paris to his native city Aix en Provence arguing that it was related to French regionalist politics of the time and shows how the move affected his art
