Unsuitable for Ladies Jane Robinson,2001 An anthology of women s writings about their travels Improbable Women
William Woods Cotterman,2013-10-22 Zenobia was the third century Syrian queen who rebelled against Roman rule Before
Emperor Aurelian prevailed against her forces she had seized almost one third of the Roman Empire Today her legend
attracts thousands of visitors to her capital Palmyra one of the great ruined cities of the ancient world In the nineteenth and
early twentieth centuries during the time of Ottoman rule travel to the Middle East was almost impossible for Westerners
That did not stop five daring women from abandoning their conventional lives and venturing into the heart of this
inhospitable region Improbable Women explores the lives of Hester Stanhope Jane Digby Isabel Burton Gertrude Bell and
Freya Stark narrating the story of each woman s pilgrimage to Palmyra to pay homage to the warrior queen Although the
women lived in different time periods ranging from the eighteenth century to the mid twentieth century they all had middle
to upper class British backgrounds and overcame great societal pressures to pursue their independence Cotterman situates
their lives against a backdrop of the Middle Eastern history that was the setting for their adventures Divided into six sections
one devoted to Zenobia and one on each of the five women Improbable Women is a fascinating glimpse into the experiences
and characters of these intelligent open minded and free spirited explorers The Colonial Present Derek
Gregory,2004-07-30 In this powerful and passionate critique of the war on terror in Afghanistan and its extensions into
Palestine and Iraq Derek Gregory traces the long history of British and American involvements in the Middle East and shows
how colonial power continues to cast long shadows over our own present Argues the attacks on the World Trade Center and
the Pentagon on September 11 activated a series of political and cultural responses that were profoundly colonial in nature
The first analysis of the war on terror to connect events in Afghanistan Palestine and Iraq Traces the connections between
geopolitics and the lives of ordinary people Richly illustrated and packed with empirical detail **The Muslim World Book
Review** ,1994 **A Documentary History of Modern Iraq** Stacy E. Holden,2012-07-08 Previously published histories and
primary source collections on the Iraqi experience tend to be topically focused or dedicated to presenting a top down
approach By contrast Stacy Holden s A Documentary History of Modern Iraq gives voice to ordinary Iraqis clarifying the
experience of the Shiites Sunnis Kurds Jews and women over the past century Through varied documents ranging from short
stories to treaties political speeches to memoirs and newspaper articles to book excerpts the work synthesizes previously

marginalized perspectives of minorities and women with the voices of the political elite to provide an integrated picture of political change from the Ottoman Empire in 1903 to the end of the second Bush administration in 2008. Covering a broad range of topics, this bottom-up approach allows readers to fully immerse themselves in the lives of everyday Iraqis as they navigate regime shifts from the British to the Hashemite monarchy, the political upheaval of the Persian Gulf wars, and beyond. Brief introductions to each excerpt provide context and suggest questions for classroom discussion. This collection offers raw history, untainted and unfiltered by modern political framework and thought, representing a refreshing new approach to the study of Iraq.
