Hand-made Gramophones, Ltd., London,1974 **Journeying Boy** John Evans,2010-10-21 Best remembered for his operas and his War Requiem Benjamin Britten's radical politics and his sexuality have also ensured that he remains a controversial public figure Journeying Boy is a selection of his diaries that offer the reader an unseen insight into this complex man Encompassing the years 1928-1938 they explore some key periods of Britten's life his early compositions his education first under composer Frank Bridge and then at the Royal College of Music an unhappy but productive period studying under John Ireland and Ralph Vaughan Williams and his reluctant and often painful process of parting from the warm safe environment of his family home and his beloved mother The diaries cast light on an often misrepresented musician whose technique originality and musical prowess have entranced audiences for generations and who continues to inspire composers and musicians around the world *A Chronicle of First Broadcast Performances of Musical Works in the United Kingdom, 1923-1996* Alastair Mitchell,2019-06-04 First published in 2001 this work provides detailed information taken from the Programmes as Broadcast daily log of output held at the BBC Written Archives Centre in Caversham Arranged in chronological order entries are given for broadcasts of first performances of musical works in the United Kingdom and include details of the date of the broadcast the composer the title of the work performers and conductor In addition to its usefulness as a reference tool the Chronicle enables us to gauge the trends in twentieth century British musical life and the role of the BBC in their promotion **The Music of Britten and Tippett** Arnold Whittall,1990-08-31 A unique double portrait of the two leading composers of their generation [Passionate Amateurs](#) Nicholas Ridout,2013-10-14 A rich historically grounded exploration of why theater and performance matter in the modern world *A Benjamin Britten*
