Freed To Kill:

Representing Schizophrenia in the Media James Balfour, 2023-01-31 This book presents a critical analysis of ways in which schizophrenia and people with schizophrenia are represented in the press Interrogating a 15 million word corpus of news articles published by nine UK national newspapers over a 15 year period the author draws on techniques from corpus linguistics and critical discourse analysis to identify the most frequent and salient linguistic features used by journalists to influence and reflect broader public attitudes towards people with schizophrenia In doing so this book Evaluates the extent to which media representations are accurate and the extent to which they are potentially helpful or harmful towards people living with schizophrenia Employs a bottom up approach guided by linguistic patterns such as collocates and keywords identified by corpus software Contributes to the de stigmatisation of schizophrenic disorder by unveiling some of the widespread misconceptions surrounding it Applies a mixed methods approach in order to expose attitudes and beliefs found between the lines values and assumptions which are often implicit in the way language is used and therefore not visible to the naked eye The findings of this monograph will be relevant to advanced students and researchers of health communication corpus linguistics and applied linguistics and will also carry importance for journalists and mental health practitioners

Bad Boy from Rosebud Gary M. Lavergne, 1999 Publisher Fact Sheet A chilling account of a serial killer whose cruel tortuous murders while on parole from the Broomstick Murders changed the third largest criminal justice system in the United States **People v. Congress. House, 1868 Media and Mental Distress Glasgow University Media Group, 1996 An innovative study of the media s portrayal of mental illness and the impact it has on the general public and attitudes and responses of carers and users of the mental health services The Glasgow Media Group has been well known for the last twenty years for its groundbreaking empirical research on the impact of the media in shaping public opinion This book draws upon the Group s most recent research in conjunction with Scotland s Health Education Board to investigate the processes that condition media images to examine factual and fictional presentation of mental illness in the media public perception to certain illnesses and

to assess the impact of the media on the careers of those engaged in mental health services New York Magazine, 1981-09-14 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **When Caregivers Kill** Betty L. Alt, Sandra K. Wells, 2010-04-16 From mothers who kill their children in postpartum fugues to fathers who murder their kids for revenge against an estranged wife the stories in this book are chilling yet real and bring home the message that children are vulnerable to violence even in the care of those who should love and protect them the most Sadly child murder by parents and caregivers happens more frequently than one might guess and while each case is different there are often warning signs that something might be amiss Signs of physical abuse may precede the ultimate act of murder A mother's mental state after the birth of a child may signal true distress and the potential for extreme actions No one can predict with certainty when a parent or other caregiver may snap but here Alt and Wells examine many cases of child murder to find out what they have in common how we might prevent such violence and what more we can do to protect children in potentially explosive situations The Talmud Joseph Barclay, 1878 *Hebrew Literature*, 1901 *The Sacred Books and Early Literature of the East* Charles Francis Horne, 1917 *Sex Crime in the News* Keith Soothill, Sylvia Walby, 2023-03-31 First published in 1991 *Sex Crime in the News* is a unique examination of the nature of sex crime reporting in the press Analysing examples from forty years of newspaper coverage the authors provide a systematic study of this controversial topic The book reveals the misleading and trivializing nature of sex crime coverage with serious research reports on rape and discussions on law reform being given short shrift The authors examine the increasing gap between the reality of sexual abuse and the coverage it receives in the press and they set their detailed empirical work within a context of broader concerns about the relationship between the media the individual and the state Critical though it is of the press this book will be of special interest to people working in the media and to legislators involved in debates about the press It will also be of value to students on course in women's studies cultural and media studies and deviancy The Dictionary Historical and Critical of Mr. Peter Bayle Pierre Bayle, 1735 **The Department of State Bulletin**, 1981 The official monthly record of United States foreign policy **You Shall Not Kill** Johannes Ude, 2016-11-09 Because the Catholic Church other Christian churches and almost every national government permit exceptions to God's commandment that you shall not kill Johannes Ude examines Catholic moral law to discern whether this commandment has absolute validity or may be modified so that in certain instances it is permissible to kill another human being Written clandestinely during the Hitler regime the book examines the generally accepted Catholic teachings of moral theologians and philosophers and finds that while they almost always reject abortion suicide sterilization and the killing of terminally ill or mentally disabled persons they

justify the death penalty and just defensive wars Ude concludes that because Christ commanded to love one's neighbors including one's enemies You shall not kill does not permit any exceptions and denies not only the right but especially the duty of self defense and consequently repudiates all wars Ude firmly believes that the highest authority of the Catholic Church must forbid its members to fight in wars He vehemently opposes the taking of interest usury and names capitalism a major cause of war along with the weapons industry competition for oil and the complicity of Christian churches Liberty ,1926
