Freedom And Community The Ethics Of Interdependence:

Freedom and Community Erich H. Loewy, 1993-08-03 In this book Loewy grounds communitarian ethics in contemporary terms particularly as a response to the intractable social problems in the United States and the shocking collapse of the Soviet Union and Soviet style communism He goes far beyond his work in ethics to date moving from a dialectical relationship between community and autonomy to a notion in which the ends and means of both community and individual interact to produce a homeostatic balance Rather than the relationship being purely one of competition between the claims of beneficence and the claims of individuality there is a necessary interrelation in which a homeostatic balance occurs assuring communal and individual survival Loewy illustrates some of the contemporary consequences of the philosophy he develops here using medicine education and affirmative action as models He expands the notion of community and shows that individual communities are related to each other as are individuals and small communities *Textbook of Healthcare Ethics* Erich E.H. Loewy, Roberta Springer Loewy, 2004-06-29 The *Textbook of Healthcare Ethics* Second Edition is written with practising physicians medical students and residents nurses philosophers and other healthcare workers in mind The text is also highly suitable for formal ethics courses in medical nursing and allied healthcare programs as well as for training ethics committee members This book is an introduction to the broad field of biomedical ethics While offering a basic introduction to ethical theory it discusses as well the wide array of ethical problems encountered in the daily practice of healthcare professionals It is written by two Bioethicists who prior to entering the field of Bioethics worked as healthcare professionals The primary author has a background in medicine and the secondary author has a background in nursing This thoroughly revised second edition is meant to be both a theoretical and a practical introduction to the field and is intended to be as accessible to the beginner as it is to those already working in the field It provides practical strategies and tools that can be used for training medical personnel and members of ethics committees and can serve equally well as an introduction for lay persons interested in the field **Moral Strangers, Moral Acquaintance, and Moral Friends** Erich H. Loewy, 1997-01-01 Elaborates an ethic in which beneficence on a personal and communal level has moral force proposes the idea of an interplay between compassion and reason to help address moral problems and sketches the conditions necessary for a democratic approach to such problems *The Ethics of Terminal Care* Erich E.H. Loewy, 2007-05-08 Today we have more control over how we live and how we die than we ever had before This fact has produced many ethical problems While much about life is biologically determined much else is determined by the social circumstances surrounding it Unfortunately little energy is spent dealing with the social and psychological factors within which the medical biological factors are imbedded In this volume the authors examine some of the medical social and psychological conditions which affect the way we die Important topics covered include attitudes toward death suicide assisted suicide and euthanasia hospice and pain management This volume will be of interest to all who work with terminally ill patients Mixed News Jay Black, 2013-12-02

This volume addresses some of the central issues of journalism today the nature and needs of the individual versus the nature and needs of the broader society theories of communitarianism versus Enlightenment liberalism independence versus interdependence vs co dependency negative versus positive freedoms Constitutional mandates versus marketplace mandates universal ethical issues versus situational and or professional values traditional values versus information age values ethics of management versus ethics of worker bees commitment and compassion versus detachment and professional distance conflicts of interest versus conflicted disinterest and talking to versus talking with All of these issues are discussed within the framework of the frenetic field of daily journalism a field that operates at a pace and under a set of professional standards that all but preclude careful systematic examinations of its own rituals and practices The explorations presented here not only advance the enterprise but also help student and professional observers to work through some of the most perplexing dilemmas to have faced the news media and public in recent times This lively volume showcases the differing opinions of journalistic experts on this significant contemporary issue in public life Unlike previous books and monographs which have tended toward unbridled enthusiasm about public journalism and trade press articles which have tended toward pessimism this book offers strong voices on several sides of this complex debate To help inform the debate a series of voices journalistic interviews with practitioners and critics of public journalism is interspersed throughout the text At the end of each essay a series of quotes from a wide variety of sources In other words augments each chapter with ideas and insights that support and contradict the points used by each chapter author

The Making of an African Christian

Ethics Wilson Muoha Maina,2016-07-13 An exploration of the development of a contextualized Roman Catholic moral

theology in an African context is warranted in our day This book is a study of the work of Benezet Bujo an African moral theologian An analysis of Bujo s work shows the various aspects of an African Catholic moral theology Bujo s work is viewed here as critically bridging African moral theology and the development of moral theology in the Catholic Church especially in the West An African moral theology in this work builds on the elements of the renewal of moral theology after the Second Vatican Council The renewal elements reflected in Bujo s work and other African Catholic theologians include among others the use of Scripture the relevance of history the debate on moral norms the relevance of social sciences to moral discourse the theory of natural moral law and the relation between the theologian and the magisterium This work therefore locates the theology of Bujo in the development of moral theology after the Second Vatican Council The author establishes a relation between African traditional religions African history Christology natural moral law moral autonomy debate the encyclical Veritatis Splendor and political liberation theological ethics Culture and Psychology Dr Stephen H Fox, Stephen Fox, 2019-07-17 Stephen Fox s Culture and Psychology takes a storytelling approach to introduce students to culture from the viewpoint of psychological science in a way that is rigorous and yet accessible This text is designed to be a fully engaging and down to earth to wholly capture students attention while addressing key concepts typically found in a Psychology of Culture or Cross Cultural Psychology course Each chapter uses personalized interdisciplinary stories to help students understand specific concepts theories and to make connections between those concepts and their own lives In his text the author ties art and popular culture into each chapter to offer students a rich artistic and complete picture of the cultures they are studying from around the world **Handbook of Experimental Existential Psychology** Jeff Greenberg, Sander L. Koole, Tom Pyszczynski, 2013-12-17 Social and personality psychologists traditionally have focused their attention on the most basic building blocks of human thought and behavior while existential psychologists pursued broader more abstract questions regarding the nature of existence and the meaning of life This volume bridges this longstanding divide by demonstrating how rigorous experimental methods can be applied to understanding key existential concerns including death uncertainty identity meaning morality isolation determinism and freedom Bringing together leading scholars and investigators the Handbook presents the influential theories and research findings that collectively are helping to define the emerging field of experimental existential psychology *The Ethics of Community* Frank G. Kirkpatrick, 2001-05-25 In this important and timely study Frank Kirkpatrick draws on theology political philosophy and the social sciences more generally to develop a Christian ethic of community **T. H. Green: Ethics, Metaphysics, and Political Philosophy** Maria Dimova-Cookson, William J. Mander, 2006-06 Publisher Description *Eugene Odum* Betty Jean Craige, 2002 Students of nature around the world revere Eugene Odum as a founder and pioneer of ecosystem ecology In this biography of Odum Betty Jean Craige depicts the intellectual growth creativity and vision of the scientist who made the ecosystem concept central to his discipline and translated the principles of ecosystem ecology into lessons in preserving the natural environment

Placing Odum's achievements in historical context Craige traces his life from his childhood through his education his collaboration with his brother Howard T Odum in developing methods to study ecosystems his contributions to the field of radiation ecology his emergence as an internationally distinguished educator of ecosystem ecology and his environmental activism Craige also describes Odum's role in the creation of the Savannah River Ecology Laboratory the Marine Institute on Sapelo Island and the Institute of Ecology at the University of Georgia where he became identified with the statement The ecosystem is greater than the sum of its parts Odum's textbook *Fundamentals of Ecology* is a classic published in numerous editions and translations worldwide Odum achieved membership in the National Academy of Sciences shared with his brother the prestigious Crafoord Prize for Ecology accepted six honorary doctorates and received numerous awards for environmental activities

Beauty in African Thought Angela Roothaan, Bolaji Bateye, Mahmoud Masaeli, Louise Müller, 2023-03-20 A 2023 Choice Reviews Outstanding Academic Title *Beauty in African Thought* A Critique of the Western Idea of Development investigates how the concept of beauty in African philosophy and related qualitative social sciences may contribute to a richer intercultural exchange on the idea of development While working within frameworks created in post colonial and arguably neo colonial times African thinkers have reacted against the mainstream view that restricts the meaning and scope of good development to economic growth and western style education These thinkers have worked toward a critical self understanding of the potentials inherent in cultural spiritual and political traditions since pre colonial times Edited by Bolaji Bateye Mahmoud Masaeli Louise Müller and Angela Roothaan this collection explores branches of thought from wisdom or oral traditions to political thought and philosophy of culture This book is urgent reading material for any policy maker scholar or student wishing to attend to the voices of Africanist thinkers who search for alternative approaches to global questions of development in a time of climate change and increasing socio economic inequality

Justification of a Global Ethic Uchenna B. Okeja,2013 The focus of this book is the normativity of global ethic Over the years different cultures and civilizations have been brought closer than never before by globalization This trend has both its negative and positive dimensions Overall the main problem of this present trend of societal organization and human interaction called globalization is a moral issue namely the question how should we treat one another Okeja s global ethic seeks to answer this question It underscores that we should treat one another in our current age of globalization in accordance with the Golden Rule principle The suggestion of this ethic is therefore that we should not treat others the way we would not want to be treated This sounds simple enough The problem however is that it is not exactly clear what this principle of moral conduct would suggest in both simple and complex moral situations Most importantly it is not clear why it is reasonable to treat people the way we would not want to be treated Why in other words should we act in accordance with the Golden Rule principle What is the justification of the demand the Golden Rule makes on us This book answers these and other questions about the normative plausibility of the Golden Rule and thus global ethic from the comparative perspective of ethics in African philosophy It analyzes three stages of the possible normative justification of the moral imperative of global ethic and proposes a deliberative form of justification [Practices of Global Ethics](#) Frederick Bird,2016-02-28 The Practices of Global Ethics takes a unique look at global ethics not as mere written statements but as a set of practices undertaken by thousands of organisations and hundreds of thousands of people to shape the normative trajectory of human affairs It looks at statements of global ethical principles including The Universal Declaration of Human Rights the Earth Charter and the Rio Documents and positions them as the outcomes and expression of ongoing practices Offering innovative critical and thoughtful analyses of ethical practices since World War II the book examines efforts to promote human rights foster ecological responsibility end genocide reduce global poverty encourage responsible and sustainable international business practices cultivate understanding and collaboration amongst the world s religions among other worldwide endeavours

Moved by God to Act Wm. Carter Aikin,2014-01-03 Moved by God to Act offers a fresh description of Christian moral

action as a moment of connection between divine and human agency Through an ecumenical consideration of a variety of resources this book gives an accessible description of the work of God s grace not only in individual Christian agency but also within the dynamics of Christian community Moved by God to Act brings the contemporary theological ethics of community into dialogue with the pneumatology of Thomas Aquinas The ethic emerging from this dialogue lifts up the centrality of God s grace in Christian community while at the same time offering a detailed articulation of the human being as naturally and beautifully drawn into cooperation with God s grace in the ethical life The book concludes by showing how Aquinas stands in substantial harmony with the contemporary authors discussed offering a proper description of God s agency in individual Christian human agency and the dynamics of the body of the Christian community to which the contemporary discourse so rightly points Moved by God to Act is an attempt to speak to the work of God in the life and day to day action of Christians and Christian communities as moved to act by the Holy Spirit
