Freedom Equality And Justice In Islam:

Freedom, Equality, and Justice in Islam Mohammad Hashim Kamali, 2002 *Al-Islaam (Islam) is Freedom, Justice and Equality* Hassan Shabazz, 2019-05-14 Freedom Justice and Equality is the cry and desire of every civilized citizen of the world It is my belief that the religion of al Islam is the best source for the citizens of the world to realize true Freedom Justice and Equality **Conceptions of Justice from Islam to the Present** Hossein Askari, Abbas Mirakhor, 2019-04-27 This book explains a perspective on the system of justice that emerges in Islam if rules are followed and how the Islamic system is differentiated from the conventional thinking on justice It examines conceptions of justice from the Enlightenment to Bentham to Rawls to contemporary philosophers including Sen Cohen Nussbaum and Pogge The authors present the views of twentieth century Muslim thinkers on justice who see Muslims upholding rituals but not living according to Qur'anic rules It provides empirical surveys of the current state of justice in Muslim countries analyzing the economic social and political state of affairs The authors conclude by assessing the state of justice injustice in Muslim countries and highlighting areas in need of attention for justice to prevail *Political Islam, Justice and Governance* Mbaye Lo, 2018-11-08 This book argues that political Islam represented by its moderate and militant forms has failed to govern effectively or successfully due to its inability to reconcile its discursive understanding of Islam centered on literal justice with the dominant neo liberal value of freedom Consequently Islamists' polities have largely been abject often tragic failures in providing a viable collective life and sound governance This argument is developed theoretically and supported through a set of case studies represented by the Muslim Brotherhood in Egypt under President Muhammad Morsi's tenure Hassan Turabi's National Islamic Front in Sudan and The Islamic State in Iraq and Syria ISIS It is ideal for audiences interested in Regional Politics Islamic Studies and Middle Eastern Studies **Gender Justice in Islamic Law** Musa Usman Abubakar, 2018-06-14 This book seeks to interrogate the classical fiqh formulation on gender and homicide with a view to exploring further the debate on whether the so called gender injustice in Islamic law is a human creation or attributable to the divine sources of the Qur'an and Sunnah The study is in response to the increasing criticism of the Islamic criminal law regime and the accusation that it discriminates on the basis of gender It argues that any attempt to critique a religious question through the lens of traditional Western human rights ideals would be resisted by the vast majority of Muslims An examination of the question and any suggested solutions offered would be much more effective if situated within the system they identify with that is to address the question of gender justice deficit from within the Islamic legal tradition Focusing on Nigeria and Pakistan the book achieves this by drawing on classical fiqh literature contemporary literature legislative sources and relevant case law Expert Witness in the Legal System: A Scientist's Search for Justice , **God Loves Diversity and Justice** Susanne Scholz, 2013-05-16 Both personal and scholarly in tone this book encourages readers to think theologically ethically and politically about the statement that declares God loves diversity and justice The multi religious multi ethnic multi disciplinary and multi gendered

identities of the eleven contributors and two respondents deepen the conversation. It considers questions such as: Do we affirm or challenge this theological statement? Do we concentrate on God in our response or do we interrogate what diversity and justice mean in light of God's love for diversity and justice? Alternatively, do we prefer to ponder the verb to love and consider what it might mean for society if people really believed in a divinity loving diversity and justice? Of course there are no easy and simple answers whether we consult the Sikh scriptures, the Bible, the Qur'an, the movies, the Declaration of Human Rights or the transgender movement, but the effort is worthwhile. The result is a serious historical, literary, cultural and religious discourse that fends against intellectually rigid thought and simplistic belief systems across the religious spectrum. In our world in which so much military unrest and violence, economic inequities and religious strife prevail, such a conversation nurtures theological, ethical and political possibilities of inclusion and justice.

Advancing the Legal Status of Women in Islamic Law Mona Samadi, 2021-05-25. Mona Samadi examines the sources of gender differences within the Islamic legal tradition and describes how Islamic law entitles individuals to justice according to their status, abilities and potential. In the case of men and women's capabilities, the underlying principle is that they are entitled to the same rights as long as their capabilities are the same. In the legal construction of women's status, women have been prescribed lacking the same abilities and capabilities as men. As such, their status and rights differ, justifying men to be the maintainers of women. By presenting the historical development of women's status and how women's legal status is debated in contemporary Muslim societies, Mona Samadi convincingly provides various methods for facilitating change within the Islamic legal theory framework.

The Concept of Justice in Islam Safraz Bacchus, 2014-10-20. The book is laid out to outline the Islamic standpoint on justice and its high standard. This manuscript will attempt to clarify a major misconception that has gained widespread acceptance in some academic circles. The misconception is that the Muslim judge judges blindly according to a rigid set of outdated laws without giving due consideration to what is in the best interest of either the public or in upholding the rights of a person. Finally, it will seek to demonstrate how the ethical standards that govern the conduct and office of the qadi reinforce the public trust and confidence in the Islamic judicial system as a whole. Given that the Islamic judiciary does not have the powers of the sword or the purse, powers that are reserved for the executive and the legislative branches of government, respect is said to be the greatest strength of the institution itself. Islamic law requires a Muslim judge, hakim or qadi, to conform to the highest ethical standards both in their personal conduct and in issuing rulings that are just and seen to be just.
